30 April 2007

Ms Megan Kemmis  
Executive Officer to the Academic Board  
A14

Dear Ms Kemmis,

The Faculties of Arts and Medicine have agreed to transfer the postgraduate coursework degrees in Medical Humanities from Arts to Medicine, as noted in the attached copy of the Faculty of Arts proposal to delete the course from their course offerings.

We recommend that students currently enrolled in the graduate certificate, diploma or masters program in the Faculty of Arts will complete their degree in that Faculty, with transition arrangements as stated in the attached Faculty of Arts proposal. Students enrolling from 2008 onwards will enrol via the Faculty of Medicine. The transitional arrangements for 2007 will allow students to take units for non-degree study and then seek approval to have units completed during 2007 credited to the degree in the Faculty of Medicine in 2008.

Students currently enrolled for a graduate certificate or diploma in Medical Humanities who wish to upgrade to a graduate diploma or masters degree will continue their enrolment in the Faculty of Arts. Current student numbers in the Faculty of Arts are shown in the table below and it is possible for all to complete the requirements for their courses by the end of 2009.

Course Name	current enrolments	CP needed for award after 2007			
		0	2-12	18-24	>24
Master of Medical Humanities	16	3	8	4	1
Graduate Diploma in Medical Humanities	1		1		
Graduate Certificate in Medical Humanities	2		2		
Total		3	11	4	1

The proposed resolutions for the courses under the Faculty of Medicine are attached and the only modification from the Arts resolutions is to bring them in line with the current University format.

Yours sincerely

Bruce Robinson

## Resolutions of the Senate

### Degrees, diplomas and certificates in the Faculty of Medicine

The Resolutions of the Senate relating to degrees, diplomas and certificates in the Faculty of Medicine (p???, *Calendar 2007*) are amended, with effect from 1 January 2008, as follows (additions indicated by underlined, deletions indicated by strikethrough):
