SECTION 1 : ACADEMIC BOARD COURSE PROPOSAL

PART 2: DETAILS FOR ASSESSMENT OF PROPOSAL

1.2.1 Purpose of the proposal

The purpose of this proposal is to delete the degrees of Graduate Certificate in Bioethics (Biotechnology) and Graduate Certificate in Bioethics (Clinical Ethics) in accordance with recommendations of the University review of postgraduate coursework degrees to reduce inefficiency and minimize the proliferation of degrees.

1.2.2 Justification for proposal

The proposal to delete the Graduate Certificate in Bioethics (Biotechnology) and (Clinical Ethics) is in accordance with recommendations in the University's review of postgraduate coursework degrees. This highlights a need to reduce inefficiency in degree structures. As advised by the Postgraduate coursework committee, one aspect of this entails streamlining the range of degrees offered where possible.

While the proposal requests that the Graduate Certificates in Bioethics (Biotechnology) and (Clinical Ethics) be deleted, all of the units of study taught within the degree programs will remain active. This is because they are also taught within other degree programs in Bioethics, such as the Masters of Bioethics and the Graduate Certificate of Bioethics.

The latter of these will remain active as the graduate certificate level degree within the Bioethics program. This means that prospective applicants for a Graduate Certificate level degree can still enrol in such a degree in the Bioethics program. Within this, students can 'stream' their units of study selection to cover the various emphases of expertise entailed in the Graduate Certificates that we propose be deleted.

1.2.9 Transitional arrangements (for continuing students, and inbound international students)

Last year of student intake under existing Resolutions: Local students 2009
International students 2009

Are there international students currently undertaking foundation or English language studies who are planning to take this course? If so, what provisions are in place for such students: No

Provisions in place for students enrolled under existing Resolutions: As these courses are one year courses, students enrolled fulltime in 2009 will complete their degrees before the deletions take effect. Students whose enrolment continues beyond 2009 because of part-time study or suspensions will remain enrolled in the relevant graduate certificate as the units of study exist for them to complete the relevant graduate certificate unless they wish to transfer to the continuing Graduate Certificate in Bioethics. Students who have discontinued their studies, or have their candidatures terminated or lapsed due to lack of enrolment and are accepted for reinstatement will be enrolled in the continuing Graduate Certificate in Bioethics.

1.2.11 Resolutions

1.2.11.1 Are there changes to the list of Degrees, Diplomas and Certificates conferred by your Faculty, as listed in the **Resolutions of the Senate** available in the **University Calendar**?

Yes *If yes, please complete Appendix 2.*

1.2.11.2 Will there be new Resolutions or changes to the existing **Resolutions of the Senate** for the proposed Coursework award course?
