Additional information for the agenda

for the meeting of the Academic Board on 16 May 2001

Notice of motion

Item 5. Report of the Chair

5.2 General report

5.2.4 The Management and Evaluation of Teaching

A notice of motion from Dr B Winter is set out below.

That item 2 (2) (a) in Part 4 "Students and the Management of Teaching" be amended to read as follows:

"Students' experiences of University facilities, services and courses will be evaluated each year using the University's Student Course Experience Questionnaire (SCEQ), as amended in 2001 following consultation with relevant staff and student representatives. Results, which will take into account teaching conditions, including resourcing and staffing levels, facilities, student numbers and staff workloads, will be aggregated to Faculty and University level and provided to all members of the University. Results will inform the assessment of the quality of teaching at Faculty and University level. They will also inform the allocation of teaching development funding and organisation of teaching development programs in Faculties perceived to be in need of improvement. These teaching development programs will be appropriately factored into staff workloads and progress will be monitored over a three-year period. An annual report by the Pro-Vice-Chancellor (Teaching and Learning) will summarize the results of the SCEQ, highlight progress and areas for improvement, and provide an overview of measures being taken or to be taken to help achieve these improvements."
