Faculty of Architecture

Exchange Policy
31 May, 2006

Bachelor of Design in Architecture
The Faculty will not approve any international exchanges for students enrolled in the Bachelor of Design in Architecture. The highly integrated nature of the teaching for this course prevents successful combination of exchange and the University of Sydney curriculum.

Bachelor of Design Computing
The Faculty may approve international exchange for qualified students who have completed at least one full year of study. All students must complete the final semester of third year at the University of Sydney. Exchange will not be considered for Honours.

Exchanges may be for one or two semesters. Students must apply through the Study Abroad and Exchange unit of the International Office. Each student’s program must be approved in consultation with the program coordinator of the degree.

Exchange students are required to enrol in a full time load at the University of Sydney in each semester of exchange, and will incur the tuition costs associated with that load. No tuition costs will be incurred with the partner university.

Exchange units should be taken as part of the degree, satisfying the requirements that would normally be covered at this university during the same period. Exchange should not be in addition to the degree requirements.

Specially designated units of study will be recorded on the transcript. A result of “R” for “Satisfied Requirements” will be recorded by this university against each successfully completed unit. The transcript of the exchange university will be the official detailed record of exactly what was completed during the exchange. Exchange results will not count towards a student’s Weighted Average Mark.

The exchange units for enrolment at the University of Sydney, to be approved with the program coordinator, shall be selected from:

DECO 2660 Exchange Collaborative Virtual Environments 6 March/July
DECO 2661 Exchange Design Programming 6 March/July
DECO 2662 Exchange Sound Design & Sonification 6 March/July

**Bachelor of Architecture**

The Faculty may approve international exchange for qualified students in semesters 1 or 3 of the Bachelor of Architecture. All students must complete the final semester at the University of Sydney.

Exchanges may be for one semester only. Students must apply through the Study Abroad and Exchange unit of the International Office. Each student’s program must be approved in consultation with the program coordinator of the degree.

The preferred method is for exchange in the third semester of the Bachelor of Architecture. Students who wish to may go on exchange for one semester at the commencement of the degree and use this both to satisfy the “Architectural Experience Requirement” for entry to the degree, and for credit toward the first year of the program.

Students should plan to enrol in a studio and three electives while they are away. If a suitable unit of study at the other international institution can be found, electives may be swapped for a core History/Theory unit or a Design Studio Workshop. Exchange units should be taken as part of the degree and not in addition to the degree requirements.

Exchange students are required to enrol in a full time load at the University of Sydney in the semester of exchange, and will incur the tuition costs associated with that load. No tuition costs will be incurred with the partner university.

Specially designated units of study will be recorded on the transcript. A result of “R” for “Satisfied Requirements” will be recorded by the University against each successfully completed unit. The transcript of the exchange university will be the official detailed record of exactly what was completed during the exchange. Exchange results will not count towards a student’s Weighted Average Mark.
