Digital Audio Production WITH PROTOOLS

February/March 2007 over 3 weekends

PD is the KEY to a DEGREE!

Content
This workshop is intended to give an understanding of the principles and practice of computer-based audio production and post-production, using industry standard Protools software running on a PowerMac platform. Class size is limited to 20 places.

Objectives
The workshop introduces the attendees to:
- multitrack audio production concepts and practices as used with a personal computer
- to gain an understanding of the specialised approaches and techniques used with various media, genres and formats
- to teach skills in computer-based audio production by practical demonstrations and individual or small group practical work, both in class and by assignments.

Assessment
Assessment will be a project work (50%) assignment (35%) and class participation (15%). Provided assessment criteria is achieved the participant will receive a mark which can be credited (6 credit points) towards the Graduate Certificate/Graduate Diploma and Masters program in the Faculty of Architecture. Each participant not completing the assessment will receive a Certificate of Attendance.

Time to be Held
Saturday 25 - Sunday 26 February and Saturday 3 - Sunday 4 March will be from noon to 6pm in the Maclabs on level 2 of the Wilkinson Building, 148 City Road, Darlington and on Saturday 10 March from 10am - 6pm in the Surround Sound Studio on level 1 of the Wilkinson Building.

Mr Michael Bates, Coordinator of the Workshop, is a sound designer, educator and audio and multimedia producer. Michael can be contacted regarding academic enquiries by email: mbates@arch.usyd.edu.au

Provided assignments are completed, Digital Audio Production with PROTOOLS can be credited towards the Graduate Certificate, Graduate Diploma or Masters program in the Faculty of Architecture. For administrative enquiries please contact Admissions Manager by email: admissions@arch.usyd.edu.au or by phone on 933 66704.
