

ARCHITECTURAL SCIENCE REVIEW

Editor: Dr H.J.Cowan, AO, Professor Emeritus of Architectural Science, University of Sydney, Sydney N.S.W. 2006 Australia.

Editorial Assistant & Production: Honor Morton

Publication Manager: Dr.W.G.Julian, Associate Professor of Architectural and Design Science, University of Sydney.

Assistant Editor: Dr. Simon Hayman, Department of Architectural and Design Science, University of Sydney.

Editorial Advisory Board:

Dr R M Aynsley, Director of Research and Development, Delta T Corporation, Lexington KY, U S A.
Dr Michael Chew, Vice-Dean (Research) of the School of Design, National University of Singapore.
Dr W K Chow, Professor of Building Services Engineering, Polytechnic University, Hong Kong.
Prof P O Fanger, International Centre for Indoor Environment and Energy, Technical University of Denmark, Lyngby.
Prof Paul Fazio, Centre for Building Studies, Concordia University, Montréal, Canada
Dr Karl Gertis, Professor Ordinarius for Constructive Building Physics, University of Stuttgart, Germany.
Dr Jack Greenland, Adjunct Professor of Energy Research, University of Technology Sydney, Australia.
Prof Guido Guerra, Institute for the Construction of Buildings, University of Naples, Italy.
Prof Santiago Huerta, Department of Construction, Technical University of Madrid.
J Derrick Kendrick, Visiting Research Fellow in Architecture, University of Adelaide, Australia.
Prof Ken-ichi Kimura, Principal, International Research Institute on Human Environment, Tokyo.
Prof Ross King, School of Architecture, University of Melbourne, Australia.
Dr Richard Kittler, Institute of Construction and Architecture, Slovak Academy of Science, Bratislava, Slovakia.
Prof Tien T Lan, China Academy of Building Research, Beijing.
Prof Geoff Levermore, Head of Built Environment Research Group, University of Manchester, England
Dr William J Mitchell, Head, Media Arts and Sciences, MIT, Cambridge MA, U S A.
Dr. Douglas Noble, Director, Building Science Program, University of Southern California.
Prof Bülent Özgüc, Dean of the Faculty of Architecture, Bilkent University. Ankara, Turkey.
Dr Jens Pohl, Director of the CAD Research Center, Cal Poly, San Luis Obispo CA, U S A
Dr Wolfgang F E Preiser, Professor of Architecture, University of Cincinnati, U S A.
Prof Antony D Radford, Dean of the School of Architecture, University of Adelaide, Australia.
Dr B K Saxena, Central Building Research Institute, Roorkee UP, India.
Prof Edna Shaviv, Dean of the Faculty of Architecture, Technion – Israel Institute of Technology, Haifa, Israel.
Dr. Peter Smith, Hon Assoc Professor of Architecture, University of Sydney, Australia.
Dr Koen Steemers, Director of the Martin Centre, School of Architecture, University of Cambridge, England.
Dr Steven V Szokolay, Hon Assoc Professor of Architecture. University of Queensland, Australia.
Dr Peter Tregenza, Professor of Architecture, University of Sheffield, England.
Dr Brenda Vale, Professor of Architecture, University of Auckland, New Zealand
Dr. Mohammad Ali Yaghan, Dean of the College of Architecture, University of Petra, Amman, Jordan.
Professor Zeng Sai Xing, Aetna School of Management, Shanghai Jiatong University, China.

Editorial and Publishing Office: Published by the Architectural and Design Science Discipline Group, Faculty of Architecture, University of Sydney, Wilkinson Building, University of Sydney, Sydney, N.S.W. 2006, Australia **Telephone:** (02) 9351 7591, **Fax:** (02) 9351 3031, **E-Mail:** asr@arch.usyd.edu.au, cowanh@arch.usyd.edu.au and hmorton@arch.usyd.edu.au

Web Address: www.arch.usyd.edu.au/nwfa/research/publications.html

Articles for Publication: It is the policy of the Editorial Board of the Architectural Science Review to encourage the submission of papers from all countries. The Editor will be pleased to consider for publication original papers and articles. These will be submitted to expert referees for assessment, and their comments will be transmitted to the authors. Shorter contributions and discussion of papers previously published may be submitted as Letters to the Editor. The Architectural Science Review is published quarterly. It is also available on Microfilm.

Information Retrieval Systems: The Architectural Science Review is abstracted in Anbar's Computer Abstracts (Bradford UK); Architectural Publications Index (RIBA); Architectural Database file 179 in DIALOG; Australian Public Affairs Information Service; AUSTROM; Avery Index to Architectural Periodicals at Columbia University; British Ceramic Abstracts; British Technology Index; BRIX (British Building Research Establishment); Building Management Abstracts; BuilDIR (Construction Information Systems); CIS Abstracts (Centre International d'Information de Securite et Hygiene du Travail); COMPENDEX (Engineering Index, USA); EINS (European Information Network Service); Gale Publications; HERA (Heritage and Environment); IBR (Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur); IBSEDEX (International Building Services-Abstracts, Building Services Research and Information Association in the UK); ICONDA (International Council for Building Research Studies and Documentation, CIB).

Copyright: The copyright of the contributions appearing in the Architectural Science Review is reserved to the authors. Reprints of a portion of any paper or any other part of this journal may be made provided that the exact reference is quoted.
