Research into the City of Sydney, informing an architectural Project for the city.

PHILIP THALIS

Philip Thalis is founding principal of Hill Thalis Architecture + Urban Projects, combining the direction of the practice with teaching, research, conference papers, and architectural criticism. He currently lectures at various universities in Sydney and has served on many advisory committees and Design Review Panels. Philip has won more than 20 competitions, commendations and awards, from various groups including the Institute of Architects, the Planning Institute, Landscape Architects Institute, Development Corporations, the National Trust and local Councils. Major competition winning projects include the Olympic Village – National Architecture Competition in 1992, and the East Darling Harbour International Competition in 2006.

PETER-JOHN CANTRELL

Peter John Cantrill studied architecture and urban design at the University of Sydney and the IUAV in Venice. He is a director of the architecture and urban design practice Tzannes Associates. He has received National and State Awards for his projects from the Royal Australian Institute of Architects, the Australian Institute of Landscape Architects and the Planning Institute of Australia.

He Directed the competition-winning proposal for the Carlton United Brewery site in Chippendale, Federation Drive at Centennial Park and Overflow Park at Homebush.

His particular interest is in the planning and implementation of sustainable design projects of variety of scales from individual houses to large parts of the city.
