The University’s register of government contracts does not include information about contracts not required to be included under section 32 of the *Government Information (Public Access) Act 2009*.

The register does not include information relating to contracts for research or consultancies carried out by the University for the private sector as that information is commercial-in-confidence as defined in clause 1 of schedule 4 of the Act. Disclosure of the information could also reasonably be expected to prejudice the private sector entity’s legitimate business, commercial, professional or financial interests.

| Particulars of the project undertaken / goods and/or services provided / real property leased or transferred | 1 We grant to You a non-exclusive licence to use Office 6.82 and Workstations 6.82.1, 6.82.2, 6.79.3, 6.79.4 and 6.79.5 ("the Premises") at Lifehouse, 119-143 Missenden Road, Camperdown NSW 2050 ("the Building") on the following terms. 2 You agree that the Premises will be those parts within the area shown on the plan in schedule 1 which we allocate to you from time to time for your use. We may change the actual offices and workstations to reflect the actual usage and need of the group and the university, represented by the NHMRC CTC, by mutual arrangement. 3 The licence is for two (2) years, commencing on the day after the commencement of the Sublease (referred to in clause 6) ("Commencement Date") and terminating two (2) years after the Commencement Date ("Terminating Date"). 4 You acknowledge that you have entered into a research collaboration agreement dated 21st January 2015 ("Collaboration Agreement") setting out the relationship and obligations between You and Us and you agree to comply with the Collaboration Agreement. If you do not comply with your obligations under the Collaboration Agreement we may terminate this licence. 5 You may only use the Premises as office space to participate in and support collaborative medical and scientific research endeavours ("Permitted Use"). 6 You acknowledge that We have a sublease of Part Level 6 of the Building from Lifehouse Australia, a copy of which is attached ("Sublease"), and that the Premises form part of the subleased premises. You agree that You will not do anything that will cause Us to be in breach of the Sublease and that You will comply with the Sublease and any rules of the Building contained in the Sublease. 7 We will...
provide You with the Support Services as set out in Schedule 2 or other services allocated by Us in our discretion (acting reasonably).

<td>Master Agreement - NICTA University Collaboration Agreement - 20120514 University will support NICTA by providing $1,000,000.00 cash for there initial 5 year term. RECITALS A. NICTA was established in 2002 to develop world-class information and communications technology (&quot;ICT&quot;) research capabilities and to engage with universities and the commercial sector to enhance research and commercial outcomes for Australia. B. The Universities are national leaders in specialist research and training in the fields of information and communications technology. C. NICTA and the Universities agree to enter new arrangements to further progress Australia's ICT innovation capability by conducting projects with commercial and scientific potential in order to promote the attainment of a standard of ICT equivalent to world's best practice. D. Specifically, NICTA and the Universities wish to collaborate to: develop world class ICT research capabilities in existing and emerging fields in Australia and exploit the commercial potential of research outcomes for the national benefit; plan collaborative research using the resources of NICTA and the Universities to better integrate their ICT research and research training effort by utilising their combined resources and expertise to deliver significant ICT outcomes in the national interest; facilitate the engagement of staff from NICTA in teaching, research and research student supervision at the Universities; and facilitate the engagement of University staff to achieve these aims.</td>

| Particulars of the project undertaken / goods and/or services provided / real property leased or transferred | 1.1 The University is a body corporate constituted by The University of Sydney Act 1989 (NSW). The University provides Courses of study to local and overseas students. 1.2 Australian law requires organisations that provide education and training Courses to overseas students to be registered on the Commonwealth Register of Institutions and Courses for Overseas Students ('CRICOS'). The University is a registered provider. The University's Centre for English Teaching is a separately registered provider. 1.3 Registered providers must comply with the requirements of the Education Services for Overseas Students Act 2000 (Cth) ('ESOS Act'), Education Services for Overseas Student Regulations 2001 (Cth) ('ESOS Regulations') and the ESOS legislative framework, including the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students ('National Code') (collectively, 'the ESOS Framework'). Links are provided for information and reference purposes in Schedule 4. 1.4 The National Code provides nationally consistent standards that govern the protection of overseas students and the delivery of Courses to those students by registered providers. Standard 4 of the National Code requires registered providers to take all reasonable measures to use education agents that have an appropriate knowledge and understanding of the Australian education industry, and not to use education agents that are dishonest or who lack integrity. 1.5 The National Code is legally enforceable. Breaches of the National Code can result in enforcement action under the ESOS Act, including conditions on registration, suspension of registration, or cancellation of registration. 1.6 The University wishes to appoint the |

1.1 The University is a body corporate constituted by The University of Sydney Act 1989 (NSW). The University provides Courses of study to local and overseas students.  
1.2 Australian law requires organisations that provide education and training Courses to overseas students to be registered on the Commonwealth Register of Institutions and Courses for Overseas Students ('CRICOS'). The University is a registered provider. The University's Centre for English Teaching is a separately registered provider.  
1.3 Registered providers must comply with the requirements of the Education Services for Overseas Students Act 2000 (Cth) ('ESOS Act'), Education Services for Overseas Student Regulations 2001 (Cth) ('ESOS Regulations') and the ESOS legislative framework, including the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students ('National Code') (collectively, 'the ESOS Framework'). Links are provided for information and reference purposes in Schedule 4.  
1.4 The National Code provides nationally consistent standards that govern the protection of overseas students and the delivery of Courses to those students by registered providers.  
1.5 The National Code is legally enforceable. Breaches of the National Code can result in enforcement action under the ESOS Act, including conditions on registration, suspension of registration, or cancellation of registration.  
1.6 The University wishes to appoint the **29/06/2016**
Agent as its representative in the Territory(ies) to find prospective students for study at the University, on the terms set out in this Agreement. 1.7 The Agent has agreed to comply with the requirements of the ESOS Act, the ESOS Regulations and the National Code, and accepts the appointment on the terms set out in this Agreement.

The relocation to the BMRI provides an opportunity to relocate the services to upgraded and purpose-built facilities, within a focused research environment. The co-location of the Licensee’s services and research capability with University neuroscience research and training groups and the MSRA Brain Bank has the objective of creating new opportunities for collaborative research and training as well as service innovation.</td>

<td>The Microsoft Campus Agreement is an Australian Education university-wide subscription program under which the University of Sydney is provided with access and rights to use business critical Productivity, Enterprise and Operating System software. The current arrangement covers a period from 2012-2014 and this document reflects the procurement activities associated with a renewal for the period of 2015-2017. Under a campus agreement, licence counts are Staff FTE based, but cover all university owned equipment, both devices allocated to staff and devices available to students. This agreement provides discount levels of 80-90% over traditional licence procurement mechanisms, and is unique to the Education sector and is financially preferable to alternative licensing mechanisms for these software licensing rights. Under these arrangements software is procured via a Microsoft Reseller (termed a &quot;Large Account Reseller&quot;, or LAR). Microsoft LAR services are available to the University under two preferred panels, NSW Government and CAUDIT. Three vendors are common to both of these panels, and the attached strategy shortlisted these three vendors, Insight, Dimension Data and Data3 and reviewed their recent responses to CAUDIT offerings for these vendors and recommends procurement from the University's incumbent Microsoft LAR, Insight Enterprises. In consideration of the available pricing, along with related factors affecting the total cost to the University, including contract management cost and costs of change associated with a change of vendor, Support Services - ICT recommend the continuation of the University's</td>
