CAREER OVERVIEW

Professor Hickie is an NHMRC Australian Research Fellow (2007-2012), a Fellow of the Academy of Social Sciences in Australia and the Executive Director of the Brain & Mind Research Institute, University of Sydney. From 2012, he is also one of Australia's first National Mental Health Commissioners. He is recognised nationally for his role over the last two decades in using clinical, health services and population health data to drive innovations in health services, particularly enhanced primary care services and increased access to psychological treatments. In recent years, in partnership with Professor Pat McGorry, he has been at the forefront of development and evaluation of the new primary-care based youth mental health service (headspace: the national youth mental health foundation). He has also been a critical voice in the advocacy for enhanced social as well as better health services for those with persistent mental illness and increased accountability for delivery of those services.

The success of these developments was recognised in the 2011 Australian Budget, which devoted \$2.2 billion (over five years) to new mental health services (including over \$400m to new youth services and expansion of the headspace services to 90 sites nationally) and also prioritised e-health developments, mental health research and established the new National Mental Health Commission.

From a specialist psychiatrist perspective, Professor Hickie has focused on using new technologies (structural and functional neuroimaging, immune markers, circadian measurements) to assist with the delineation of novel pathways to depression and other mood disorders. This work has emphasised the role of genetic (stress-sensitivity, disturbed circadian systems) and environmental factors (e.g. alcohol and other substance misuse, dysfunctional relationships, infective illness and disturbed sleep patterns) and vascular disease in older persons. Internationally, Professor Hickie is recognised for his novel work in the post-infective neuropsychiatric disorders (persistent fatigue states), the delineation of the relevance of sub-cortical vascular disease to onset and course of depression in the elderly, his leadership of population-based approaches to changing attitudes to mental health (particularly depression) and his role in increasing investments in new services (particularly youth services and new e-mental health structures).

In partnership with Professor McGorry, he has developed a novel clinical staging framework for emerging and severe mental disorders in young people. He has led the establishment of large clinical cohorts focused on the emerging mood disorders and promoted other national epidemiological and longitudinal studies to examine the emergence of mood disorders in the wider population. He is a key member of novel international family and longitudinal studies designed to answer similar questions. He has published over 300 peer-reviewed papers, has over 8,500 citations of his work and has a h-index of 45. He has authored major national reports on the evaluation or delivery of mental health services.

In partnership with the Inspire Foundation, he has played a key role in developing the new (2011-2015) \$28m 'Young and Well' Co-operative Research Centre (CEO: Dr Jane Burns) and acts as the Chair of its Scientific Leadership Council. In partnership with Professor Helen Christensen, he is at the forefront of developing and testing new e-health interventions to prevent the onset of depression across the life span, as well as developing new e-health based adjuncts to clinical practice.

In 1993-1994, Professor Hickie was a Harkness Fellow of the Commonwealth Fund of New York and an Associate Professor at Duke University North Carolina. On returning to Australia, in 1995 he established the Academic Department of Psychiatry at St George Hospital Sydney. In 1997, he was appointed Professor of Community Psychiatry at the University of NSW.

From 2000 to 2003, Professor Hickie was the inaugural CEO of beyondblue: the national depression initiative, and from 2003 to 2006, he was the clinical advisor to this national organisation. In his role at beyondblue, he established the major awareness, prevention and early intervention programs, infrastructure, consumer and carer participation organisations, national community and primary care partnerships, large and small grants mechanisms and evaluative processes, which have underpinned the internationally-recognised work of the organisation. The impact of beyondblue has been assessed systematically by both internal and external agencies. It demonstrates that a well-coordinated, community-led and clinically-informed health agency can have a major positive impact.

While a Board Member of the Mental Health Council of Australia, Professor Hickie was at the forefront of national movements to assess consumers' and carers' experiences of mental health services. These activities have resulted in key publications such as the 2002 report "Out of Hospital, Out of Mind!", the 2004 pre-election policy document "Investing in Australia's Future" and the 2005 report in partnership with the Human Rights and Equal Opportunities Commission "Not for Service". These reports assisted to focus national attention on the need to reshape mental health services to concentrate on the needs of youth and commit to key social, educational and economic outcomes. They were fundamental to the COAG agreement of 2006-2011 which resulted in an additional \$5.5b expenditure in mental health and the introduction of access to psychological services within the broad Medicare Scheme.

From 2008-2011, Professor Hickie served on the National Advisory Council on Mental Health reporting to the Federal Minister of Health and Aging. In 2011 he was appointed to the Mental Health Expert Advisory Group to the Minister for Mental Health and the Prime Minister. From 2007-2010, he served on the Australian National Council on Drugs.

Professor Hickie was appointed in 2003 as the inaugural Executive Director of the Brain & Mind Research Institute (BMRI) at The University of Sydney. The BMRI has received extensive support from the Australian Government and the NSW Government to develop research, training and clinical services infrastructure devoted to the reduction of the national health burden due to psychiatric and neurological disorders, particularly amongst young persons. This forms part of the \$85 million redevelopment program being funded by The University of Sydney and governmental and private partners.

Professor Hickie has been a member of the NHMRC Program grants (2005-2009; 2009-2013) led by Professor McGorry. These focus on the evaluation of clinical interventions in order to reduce the health burden among young persons with severe mental illness. The BMRI serves as the Sydney base for these major national research, education and training programs. Additionally, these groups were selected to lead headspace: the National Youth Mental Health Foundation.

In 2005, Professor Hickie was awarded the Margaret Tobin Award of the Royal Australian and New Zealand College of Psychiatrists, which recognises the Fellow of the College who has made the most significant contribution to Administrative Psychiatry in Australia or New Zealand during the last five years. In 2006, Professor Hickie received the Australian Honours Award of Member (AM) in the General Division for services to medicine in the development of key national mental health initiatives and general practice services in both the public and non-government sectors. In

2009, he received the Research Australia Advocacy Award for his work in mental health advocacy.

In 2006, the Australian Financial Review, ranked Professor Hickie as one of Australia's top 10 cultural influences, due to his role in initiating the 2006-2011 COAG reforms and investments in mental health. The Factiva data-base of news stories notes that during 2007-2011, Professor Hickie appeared on 790 occasions in media stories about mental health, brain health and general health reform.

From 2007-2012, Professor Hickie is one of the first NHMRC Australian Fellows; recognising excellence in Australian Medical Research. This facet of his work focuses on expansion of population-based mental health research and development of international mental health strategies.

Since returning to full-time academia in 2004, after being CEO of beyondblue, Professor Hickie has received \$23,051,347 in NHMRC competitive grant funding. This comprises an Australian fellowship (464914); two program grants (566529 and 350241); a CCRE grant (264611) and; one project grant (301930). Further to this, he has attracted \$357,860 through an ARC grant (LP0883035). Professor Hickie has attracted more than \$5,000,000 in specific national youth health services grants (\$5,400,000 for headspace population health) and \$2,000,000 in recurrent annual funding from 2012 onwards. Professor Hickie and the BMRI are essential partners to the new \$27,647,000 CRC for Young People, Technology and Wellbeing. Other funding has included NSW Government (\$600,150 for drug and alcohol services), \$1,899,198 from other non-government funding bodies such as the National Heart Foundation, beyondblue: the national depression initiative, the Cancer Council of Australia and the Bupa Health Foundation, and \$431,000 from pharmaceutical industry-supported research.

ACADEMIC & PROFESSIONAL QUALIFICATIONS

1982: Bachelor of Medicine, Bachelor of Surgery, University of New South Wales.
Honours Degree, Second Class, First Division.

1989: Fellow of the Royal Australian and New Zealand College of Psychiatrists.

1990: Doctorate of Medicine (MD), University of New South Wales.
"Interpersonal relationships and depressive disorders".

CAREER DETAILS

1982 - 1983: Resident Medical Officer, Westmead Hospital.

1984 - 1987: Registrar in Psychiatry, Prince of Wales and Prince Henry Hospital.

1987 - 1989: Research Fellow in Psychiatry, New South Wales Institute of Psychiatry.

1989 - 1991: Staff Specialist in Psychiatry, Prince Henry Hospital.

1991 - 1993: Senior Lecturer in Psychiatry, School of Psychiatry, University of New South Wales.

1993 - 1994: Harkness Fellow of the Commonwealth Fund of New York.

1994: Visiting Associate Professor, Department of Psychiatry, Duke University Medical Center, Durham, North Carolina.

1994 - 1996: Associate Professor of Psychiatry, School of Psychiatry, University of New South Wales.

1995 - 2000: Director, Academic Department of Psychiatry, St George Hospital and Community Health Service, Kogarah.

- 1997 - 2003:** Professor of Community Psychiatry, School of Psychiatry, University of New South Wales.
- 2000 - 2003:** Chief Executive Officer, *beyondblue: the national depression initiative*, Hawthorn, Victoria.
- 2003 - 2006:** Clinical Advisor, *beyondblue: the national depression initiative*, Hawthorn, Victoria.
- 2003 - 2006** Chief Operating Officer, Reducing the Socio-Economic Burden of Depression in Asia (SEBoD) Initiative.
- 2003 -** Executive Director, Brain & Mind Research Institute (BMRI), The University of Sydney.
- 2003 -** Professor of Psychiatry, The University of Sydney.
- 2003 -** Visiting Fellow, Centre for Mental Health Research, Australian National University.

PRIZES, FELLOWSHIPS & AWARDS

- 1987:** Research Fellowship, New South Wales Institute of Psychiatry.
- 1989:** Maddison Medal for achievement in examinations for admission to the Royal Australian and New Zealand College of Psychiatrists.
- 1990:** Australian Society for Psychiatric Research: Organon Research Prize. ASPR Conference.
- 1992:** Royal Australian and New Zealand College of Psychiatrists: Organon Junior Research Award.
- 1993:** Harkness Fellow of the Commonwealth Fund of New York.
- 1997:** Royal Australian and New Zealand College of Psychiatrists: Organon Senior Research Award.
- 1998:** Australian Society for Psychiatric Research: Novartis Oration. ASPR Conference.
- 1999:** THEMHS: Gold Award Winner – Individual or team award for an outstanding contribution to theory, education or practice. THEMHS Conference, Melbourne.
- 2005:** Royal Australian and New Zealand College of Psychiatrists: Margaret Tobin Award for the Fellow who has made the most significant contribution to administrative psychiatry in Australia and New Zealand in the last five years.
- 2006:** Australian Honours Award of Member (AM) in the General Division; for services to medicine in the development of key national mental health initiatives and general practice services in both the public and non-government sectors.
- 2007:** NHMRC 2008 Australian Fellowship; for the expansion of population-based mental health research and further development of international mental health strategies.
- 2007:** Fellow, Australian Academy of Social Sciences.
- 2009:** National Research Advocacy Award, Research Australia.

PROFESSIONAL EXECUTIVE & COMMITTEE RESPONSIBILITIES

- 1989 - 1992:** Chairman, Postgraduate Training Committee, RANZCP, South-eastern Zone of Sydney.
- 1990 - 1993:** Member, Committee for Postgraduate Training, New South Wales Branch, Royal Australian and New Zealand College of Psychiatrists.
- 1992 - 1993:** Treasurer, Biological Psychiatry Section Australian Society for Psychiatric Research.
- 1993 - 1994:** Member, Chronic Fatigue Syndrome, International Research Group.
- 1995 - 2000:** Member, Executive, Division of Psychiatry, St George Hospital and Community Health.

- 1995 - 1997:** Executive, Board of Medical Studies, St George Hospital and Community Health Service.
- 1995 - 1997:** Area Executive, South-Eastern Sydney Area Mental Health Services.
- 1996:** Chairman, Acute Care Working Party, New South Wales Centre for Mental Health Policy.
- 1996:** Member, Primary Care Working Party, New South Wales Centre for Mental Health.
- 1996 - 2002:** Member, Working Party for Clinical Practice Guidelines for CFS, Royal Australasian College of Physicians.
- 1997 -** Advisory Board, Royal Australian and New Zealand Journal of Psychiatry.
- 1998 - 2002:** Director, National Secretariat, 'SPHERE: A National Depression Project'.
- 2000 - 2003:** Board member, *beyondblue: the national depression initiative*.
- 2001 - 2002:** Co-Chair Committee for Incentives for Mental Health, Dept. of Health and Ageing, Australian Government.
- 2001 - 2003:** Clinical Practice Guideline Team for Treatment of Depression (Commissioned by the Australian Federal Dept. of Health and Ageing).
- 2002:** Member, Implementation Advisory Group for *Better Outcomes in Mental Health*, Dept Health and Ageing, Australian Government.
- 2002:** Chair, Advisory Group on Mental Health, *National Health Priorities Area Action Council*, Dept Health and Ageing, Australian Government.
- 2002:** Chair, Evaluation Advisory Group, *Better Outcomes in Mental Health*, Dept Health and Ageing, Australian Government.
- 2001 - 2003:** Chair, Expert Advisory Group, Victorian Centre of Excellence for Depression and Related Disorders.
- 2003 - 2006:** Member, Board of Research, ORYGEN Youth Health Initiative.
- 2003 - 2006:** Board member (co-opted for research), *Mental Health Council of Australia*.
- 2003 - 2006:** Clinical Advisor, *beyondblue: the national depression initiative*, Hawthorn, Victoria.
- 2003:** Member of Executive, Brain & Mind Australia.
- 2003:** Member, Writing Group for preparation of report on Neurosciences and Mental Health to Prime Minister's Science, Engineering and Innovation Council.
- 2004:** Mental Health Representative, National Chronic Diseases Strategy, Expert Advisory Group, Dept. of Health and Ageing, Australian Government.
- 2005 - 2009:** Member of the Foundation Executive Committee for the National Youth Mental Health Foundation.
- 2007 - 2008:** Board Member of AFFIRM: The Australian Foundation for Mental Health Research.
- 2007 - 2008** Chair, Research Committee, Mental Health Council of Australia.
- 2007 - 2011:** Board Member, Australian National Council on Drugs.
- 2008 - 2011** Member, National Advisory Council on Mental Health to the Federal Minister of Health and Ageing.
- 2009:** Member, Common Approach to Assessment Referral and System Taskforce which is co-convened by the Minister for Families, Housing, Community Services and Indigenous Affairs and ARACY.
- 2009:** Director of Headspace National Youth Mental Health Foundation LTD.
- 2009:** Member, Bupa Australia Medical Advisory Panel.
- 2010 - 2011** Member, Access to Allied Psychological Services (ATAPS) Advisory Committee, Department of Health and Ageing.
- 2011-2011:** Member, Mental Health Expert Working Group (MHEWG) to the Prime Minister, Department of Health and Ageing.
- 2012:** Commissioner, Australian Government National Mental Health Commission.

GRANTS RECEIVED

National Health & Medical Research Council

A. Australian Fellowship

1. **Hickie I**. (2008-2012) \$4,000,000. (Grant ID: 464914).

B. Program Grants

1. Parker G, Austin M-PA, **Hickie I**, Hadzi-Pavlovic D, Mitchell P, Wilhelm K. (1995-1999) *Aetiology of Melancholia and related depressive disorders*. \$446,000 per year.
2. McGorry P, Pantelis C, **Hickie I**, Jackson H, Yung A. (2005-2009) *Emerging severe mental illness in young people: clinical staging, neurobiology, prediction and intervention from vulnerability to recovery*. \$6,229,422. (Grant ID: 350241).
3. McGorry P, Jorm, Hickie I, Pantelis C, Yung A. (2009-2013) *Emerging Mental Disorders in Young People: Using Clinical Staging for Prediction, Prevention and Early Intervention*. \$10,228,050. (Grant ID 566529)

C. Centre for Clinical Research Excellence

1. McGorry P, **Hickie I**, Jackson H, Yung A, Allen N, Edwards J, Chanen A, Lubman D, Berger G, Gleeson J, Berk M, Brewer W. (2005-2009) *Preventive and early intervention strategies in emerging mental disorders in young people*. \$2,000,000. (Grant ID: 264611).

D. Project Grants

1. **Hickie I**, Silove D, Wakefield D, Lloyd A. (1991-1993) *A longitudinal study of depression, immunity and physical illness*. \$47,000-\$49,000 per year.
2. **Hickie I**, Hadzi-Pavlovic D, Wilson A. (1993 - 1995) *Is neurasthenia prevalent in primary care?* \$196,000.
3. Parker G, Hadzi-Pavlovic D, **Hickie I**, Wilhelm K. (1993-1995) *Subclassifying non-melancholic depressive disorders*. \$267,000.
4. **Hickie I**, Hadzi-Pavlovic D, Lloyd AR, Wilson A. (1995-1997) *Genetic epidemiology of chronic fatigue and related depressive disorders*. \$262,293.
5. **Hickie I**, Ward P, Turner K, Naismith S, Scott E, Shnier R. (2000-2002) *Delineating the anatomical correlates of neurocognitive and psychomotor dysfunction in depression by fMRI*. \$ 388,340. (Grant ID: 113826).
6. **Hickie I**, Lloyd A, Davenport T, Wakefield D. (2001-2005) *A prospective study of the psychiatric and medical characteristics of post-infective fatigue and chronic fatigue syndrome*. \$500,000. (Grant ID: 157052).
7. Butow P, **Hickie I**, Tennant C, Tucker K, Berry G, Phillips K. (2001-2003) *Psychosocial predictors of developing breast cancer in women from high risk breast cancer families*. \$337,018. (Grant ID: 153824).
8. Butow P, Tennant C, Tucker K, Meiser B, **Hickie I**, Phillips K, Lo S. (2004-2006) *Psychosocial predictors of developing breast cancer in women from high risk breast cancer families*. \$194,244 per year. (Grant ID: 301930).

E. Equipment Grants

1. Parker G, Sachdev P, Ward P, **Hickie I**. (1992) *Neuroimaging systems in psychiatry*. \$19,000.
2. **Hickie I**, Catts S, Wakefield D, Lloyd D. (1996) *Dedicated cryostat for post-mortem brain sectioning*. \$33,175.

Australian Research Council

A. Linkage Grant

1. **Hickie I**, Burns J, Ellis L. (2008-2010) Understanding and preventing mental health difficulties in young Australian males using the Internet. \$357, 860 (Project ID: LP0883035).

International

1. Lloyd A, **Hickie I**, Wakefield D, Vollmer-Conna U, Davenport T, Marmion B, Harris R, Khanna, R, Rawlinson B, Geczy A, Dunckley H. (2001-2004) Post-infective fatigue: a model for chronic fatigue syndrome (CFS). Centers for Disease Control (USA). US\$500,000 per year.

Major National Health Services

1. ORYGEN Youth Health [McGorry P, et al.]; Brain & Mind Research Institute [**Hickie I**, et al.]; Australian Psychological Society; Australian Divisions of General Practice. (2005-2009) Establishment of the National Youth Mental Health Foundation. \$54 million.
 - **Hickie I**. (2007-2009) \$3.9 million – included in the \$54 million above. headspace: National Youth Mental Health Foundation (National Community Awareness Program) Brain & Mind Research Institute.
 - **Hickie I**. (2007-2009) \$1.5 million – included in the \$54 million above. headspace: National Youth Mental Health Foundation (headspace: Macarthur, Campbelltown and Southern Highlands).

Government Supported

1. **Hickie I**, Hadzi-Pavlovic D, Hooker A. (1996) Identification of somatization in culturally different patient groups. RADGAC, \$25,000.
2. **Hickie I**, Burke D. (1997-1998) Evaluation of late-life depression in a district mental health service. Commonwealth Transitional Grants Scheme, \$50,000.
3. **Hickie I**, Stuhlmiller C. (1997-1998) Improving the medical care of patients with psychosis. Commonwealth Transitional Grants Scheme, \$50,000.
4. **Hickie I**. (2000) 'SPHERE: A National Depression Project'. New South Wales State Health Department, \$50,000.
5. **Hickie I**. (2000-2001) 'SPHERE: A National Depression Project'. Australian Commonwealth Department of Health and Aged Care, \$70,000 for two years.
6. Christensen H, Griffiths K, Jorm T, **Hickie I**, Moore M. (2003) Internet-based cognitive behaviour therapy and GP enhanced practice care interventions: a randomised controlled trial. Australian Government Dept of Health and Ageing, \$252,572.
7. **Hickie I**. Chair of Scientific Leadership Council. (2011-2016) Co-operative Research Centre for Young People, Technology and Wellbeing. Department of Innovation, Industry, Science and Research (Australian Government) \$27,647,000 over five years.
8. **Hickie I**, Hermens D. (2010) Pathways to alcohol induced brain impairment. NSW Health. Mental Health, Drug and Alcohol Office. \$500,000.
9. **Hickie I**, Hermens D. (2012) Pathways to alcohol induced brain impairment. NSW Health. Mental Health, Drug and Alcohol Office. \$100,150.

Industry Supported

1. Wilson A, **Hickie I**. (1992) Moclobemide for the treatment of chronic fatigue. Roche Pharmaceuticals, \$10,000.

2. **Hickie I**, Scott E, Hadzi-Pavlovic D, Ricci C. (1997) Implementation of the SPHERE program in general practice. Bristol-Myers Squibb, \$30,000.
3. **Hickie I**. (1998-1999) 'SPHERE: A National Depression Project'. Bristol-Myers Squibb Pharmaceuticals, \$40,000.
4. **Hickie I**. (2009) Patient experiences of care following initiation of ziprasidone - a new atypical antipsychotic treatment. Pfizer Australia, \$250,000.
5. Rogers NL, Whitwell B, **Hickie IB**, Duncan S, Scott E (2009). Examining sleep-wake behaviours in patients with bipolar disorder. Pfizer Australia, \$81,000
6. **Hickie I**. (2011-2012) Project: Does circadian disturbance predict response to sleep-wake interventions in early-onset depression. Servier, \$100,000.

Other

1. **Hickie I**. (1987-1989) Interpersonal relationships and depressive disorders. Research Fellowship, New South Wales Institute of Psychiatry, \$47,000 per year.
2. **Hickie I**. (1988) Interpersonal relationships and depressive disorders. Royal Australian and New Zealand College of Psychiatrists, \$1,000.
3. **Hickie I**, Lloyd A, Wakefield D, Hickie C. (1990) Immune dysfunction in depression. Prince Henry Hospital Centenary Grant, \$10,000.
4. **Hickie I**, Wilson A. (1991) Developing a diagnostic instrument for chronic fatigue syndrome (CFS). ME Society of New South Wales, \$15,000.
5. Scott E, **Hickie I**. (1991) Autoantibodies in depressive disorders. Prince Henry Hospital Centenary Grant, \$5,000.
6. Mitchell P, Parker G, Wilhelm K, **Hickie I**. (1991) The development of the CORE diagnostic system. Prince Henry Hospital Centenary Grant, \$15,000.
7. **Hickie I**. (1993-1994) Harkness Fellowship of the Commonwealth Fund of New York.
8. **Hickie I**, Good T, Bennett B, Brown R, Dawson D, Lloyd A. (1996) Establishment of ambulatory assessment of sleep architecture and circadian rhythms in neuropsychiatry. Clive and Vera Ramaciotti Foundation Research Grant, \$14,295.
9. Scott E, **Hickie I**, Ricci C, Lloyd A. (1997) Identification of Post-malignancy treatment fatigue syndromes. St George Cancer Care Research Fund, \$25,000.
10. **Hickie I**, Lloyd A. (1999) Determinants of protracted recovery after Ross River Virus infection. Australian Rotary Health Research Fund, \$30,000.
11. **Hickie I**, Chenevix-Trench G. (1998-1999) Psycho-immunity and its relationship to breast cancer. The Breast Cancer Association of Queensland Incorporated, \$25,000 per year.
12. Morgan H, **Hickie I**, Davenport T, Scott E, Sumich H, Blashki G. (2003) Evaluation of enhanced care training in the treatment of depression by general practitioners. Effective Healthcare Australia (Seed Grant), \$10,000.
13. Pollard JD, Bennett M, **Hickie I**. (2003) Major Initiative for Biomedical Research in NSW Ramaciotti Foundation, \$1,000,000.
14. **Hickie I**, Rogers NL. (2009) Ambulatory polysomnographic assessment system. Ramaciotti Foundation, \$30,000.
15. Lloyd A, **Hickie I**, Goldstein, Bennett, Tzarimas, Rogers NL. (2009-2012) Development of an optimised intervention for post cancer fatigue. Cancer Council Australia, \$435,000.
16. **Hickie IB**, Naismith SL, Glozier N, Christensen H, Neal B. (2009-2012). A randomised control trial of a web-based intervention to improve depression, cognitive function and adherence in people with cardiovascular disease. The National Heart Foundation and Beyondblue: the national depression initiative. \$594,200.
17. **Hickie I**. The Beyond Ageing Project: Phase 2. (2010-2011). Bupa Health Foundation. \$448,634.
