#### Notes

- i. LAWS1103 and LAWS1109 are zero credit point units of study.
- ii. For the Management major, one junior unit from the Business School is required to be completed. In this example this requirement is covered by the core units. It should be noted that for some of the senior electives in this major (i.e. ECOS units) additional junior prerequisites may need to be completed.
- iii. This program of study is meant to be a guide only. Students are able to undertake the required units of study in different sequences to that listed above. Students should note that this example has been developed using 2012 unit of study offerings and there is no guarantee that the units listed will be offered in the same semesters in subsequent years.
- iv. Certain units of study listed above may also be offered in Summer or Winter School sessions.

After the successful completion of these three years, students will graduate from the Bachelor of Commerce degree and transfer into the single Bachelor of Laws degree to complete their remaining two years of study. For these final two years of study, students will be administered by the [Sydney Law School](#).
