Elective for major	WORK2XXX or ECOS3XXX	Management senior elective	6
Core	BUSS3500	Integrated Business Applications	6

Notes

- i. For the Management major, one junior unit from the Business School is required to be completed. In this example this requirement is covered by the core units. It should be noted that for some of the senior electives in this major (i.e. ECOS units) additional junior prerequisites may need to be completed.
- ii. Senior WORK units cannot count towards both majors. Senior units can count towards the requirements of one major only.
- iii. This program of study is meant to be a guide only. Students are able to undertake the required units of study in different sequences to that listed above. Students should note that this example has been developed using 2012 unit of study offerings and there is no guarantee that the units listed will be offered in the same semesters in subsequent years.
- iv. Certain units of study listed above may also be offered in Summer or Winter School sessions.

This information is correct as of the 5 September 2011. Students are advised to check the [University of Sydney Business School website](#) for the most up-to-date information regarding units of study and other requirements for the degree and majors.
