Start your finance career in September 2018

Join the Global Finance Graduate Programme and launch a life-changing career at one of the largest global pharmaceutical company. Follow in the footsteps of former graduates, such as our CEO Lars Frueargas Jørgensen, to become one of Novo Nordisk’s future finance leaders.

The Global Finance Graduate Programme provides you with unique opportunities

- A two-year programme with 4 rotations
- 3 rotations in our headquarters in Denmark, focusing on specific areas: Financial Planning & Analysis, Project Management, and a Finance Specialisation (Treasury, Risk Management, Corporate Tax or Accounting)
- 1 rotation in a global sales affiliate or production site, where you have the opportunity to get close to the market
- Global career opportunities after the completion of the Graduate Programme

Am I a qualified candidate?

To apply, you must have:

- A master’s degree from 2017 or 2018 in a relevant subject such as Finance, Economics, International Business, or similar
- Top of class grades
- Relevant work experience or extracurricular activities
- Preferably 6 months of international experience
- An international mind-set and team-player skills
- Availability to start on 1 September 2018

The Global Finance Graduate Programme has allowed me to rapidly advance my career and develop myself professionally, whilst contributing to improving the lives of patients.”

Markus Straarup, Financial Forecasting Manager, US & Former Global Finance Graduate

This is what your journey as a Global Finance Graduate could look like

Rotation 1 – Product Supply Finance, HQ
Be part of the finance team supporting the production organisation. Work on projects that decide where to build production sites and how to optimize production processes.

Rotation 2 – Novo Nordisk Consulting, HQ
Join our internal management consultancy and work on cross functional projects like new product launches.

Rotation 3 – Novo Nordisk, Inc., US
Join the US HQ in Princeton, NJ, and play a crucial role in forecasting US sales, representing more than half of total sales. This will provide an in-depth understanding of market dynamics and commercial aspects.

Rotation 4 – Corporate Treasury, HQ
Join the Cash Management team to take part in bank negotiations and collaborate with colleagues all over the world to ensure funding of new affiliates through cash flow analysis.

To apply, you must have:

- A master’s degree from 2017 or 2018 in a relevant subject such as Finance, Economics, International Business, or similar
- Top of class grades
- Relevant work experience or extracurricular activities
- Preferably 6 months of international experience
- An international mind-set and team-player skills
- Availability to start on 1 September 2018

Application window opens on 6 December 2017 at novonordisk.com/finance-programmes
