

University of Sydney Business School Student Exchange Travel Scholarship

Conditions of Award 2012

The scholarship shall be awarded under the following conditions:

The scholarships are available to local and international, undergraduate and postgraduate students currently enrolled in a coursework program and under the administration of the University of Sydney Business School and participating in the University of Sydney Exchange program.

To be eligible for the scholarship, students must be successfully selected by the University of Sydney for student exchange at any of the partner institutions available through the University of Sydney Exchange program.

There are up to 42 scholarships offered each year valued at \$2,000 each and tenable for one semester on exchange. The number of scholarships offered each semester may vary according to application numbers taken at the Exchange Office for the semester of the award. Students participating on exchange for two semesters will automatically be considered again for the following semester.

No application is necessary. The scholarships will be awarded on the basis of academic merit (determined by Weighted Average Mark) for all University of Sydney units of study completed in the student's enrolled Business degree at the time of selection. Selection will be made prior to departure and after a confirmed final list is issued from the Exchange Unit, International Student Office and received at the Business School.

Successful recipients will receive their scholarship offers in postal mail and via email and payment will be made in January for semester 1 participation and August for semester 2 exchange participants. Students participating on exchange who have not received a scholarship offer will also be notified in writing, normally by email.

Scholarship recipients must enrol full-time and meet the conditions of their degree program and exchange arrangements during the tenure of the scholarship or are liable to repay the scholarship funding. Requests to suspend the scholarship after a confirmed offer will only be approved under exceptional circumstances such as a severe medical condition which limits the student's capacity to undertake the exchange. Such requests must be supported by the Dean of the Business School.

The scholarship is offered for, and is tenable in, a specific degree program and is not transferable to another degree program

Recipients may be eligible to hold this award with other University awards for exchange, pending the terms and conditions of the other award.
