Kick-start your global career with the Novo Nordisk Graduate Programme

What’s it about?
Looking for the first step towards a life-changing career? Then look no further. As a successful global pharmaceutical company and the world leader in diabetes care, Novo Nordisk needs tomorrow’s key people to join our 2 year Global Graduate Programme.

Have you got what it takes to secure a place in one of our programmes who are hiring in 2018 and help improve the lives of millions of people worldwide?

Am I qualified?
To apply, you must have:

• A master’s degree from 2017 or 2018
• A minimum of 6 month’s international experience from working, studying or voluntary work
• Relevant work experience or extracurricular activities
• Above average academic achievements
• Professional fluency in English

What’s in it for me?

• Structured learning and expert professional training
• On-going personal development
• Experience working in a multinational company that values work-life balance
• Global career opportunities
• Full-time job with salary and benefits
• Opportunity to improve patients’ lives around the world

Which graduate programmes are hiring?
In 2017 we offered 11 programmes within areas such as R&D, Finance, Business Processes, Market Access, Marketing and Procurement.
For information on the graduate programmes in 2018, keep an eye on our website.

How do I apply?
Start by checking out the graduate programme website. Then apply online from 6 December 2017 until 8 January 2018. In addition to completing the application, you must provide a 1-minute video of yourself explaining why you are the ideal candidate for the graduate programme.

Apply before
8 January 2018
