The Power of Human Energy

Chevron Corporation is one of the world’s leading integrated energy companies, with subsidiaries that conduct business worldwide.

Chevron explores for, produces and transports crude oil and natural gas; refines, markets and distributes transportation fuels and other energy products; manufactures and sells petrochemical products; generates power and produces geothermal energy; provides energy efficiency solutions; and develops the energy resources of the future, including biofuels and other renewables.

Developing Vital Energy Resources

Chevron is one of the world’s leading integrated energy companies and through its Australian subsidiaries, has been present in Australia for more than 60 years.

The Chevron operated Gorgon Project is one of the world’s largest natural gas projects and Australia’s largest single resource project. In conjunction with Gorgon, the Wheatstone Project is set to cement Chevron’s position as a leading supplier of liquefied natural gas (LNG) locally and globally for generations to come.
Vacation Employment Program

Chevron Australia offers vacation employment opportunities for university students in their penultimate year of study. Our structured 12 week program, from November to February, will provide you with a hands-on opportunity to participate in real oil and gas projects. Opportunities are typically spread across a range of disciplines and enable you to use what you've learned, expand your knowledge and benefit from invaluable on-the-job experience.

Available positions vary each year; however, applications are typically encouraged from high performing students studying the following disciplines:

- Earth science
- Facilities engineering
- Finance
- Health, environment and safety
- Information Systems
- Supply chain management
- Petroleum engineering

To participate in the Vacation Employment Program, you must be an undergraduate or postgraduate university student in your penultimate year of study.

Chevron values diversity. Mature age applicants, candidates with disabilities, Australian Aboriginals and those with diverse cultural backgrounds are encouraged to apply. Please note that these positions are based in Western Australia and are open to Australian citizens.
