

## Major I and Major II subject areas for pre-2012 continuing students

### Major I subject areas

<a href="#">Accounting</a>	<a href="#">Commercial Law</a>	<a href="#">Econometrics</a>
<a href="#">Economics</a>	<a href="#">Finance</a>	<a href="#">Industrial Relations and Human Resource Management</a>
<a href="#">International Business</a>	<a href="#">Management</a>	<a href="#">Marketing</a>

### Major II subject areas

**Please Note.** The second major must be different to the one chosen from the 'Major I subject areas'.

<a href="#">Accounting</a>	<a href="#">Agricultural Economics</a>	<a href="#">Business Information Systems</a>
<a href="#">Commercial Law</a>	<a href="#">Computer Science</a>	<a href="#">Econometrics</a>
<a href="#">Economics</a>	<a href="#">Finance</a>	<a href="#">Financial Mathematics</a>
<a href="#">Government and International Relations</a>	<a href="#">Industrial Relations and Human Resource Management</a>	<a href="#">International Business</a>
<a href="#">Management</a>	<a href="#">Marketing</a>	<a href="#">Mathematics</a>
<a href="#">Operations Management and Decision Sciences #</a>	<a href="#">Political Economy</a>	

**# Note.** The Quantitative Business Analysis major replaces the Operations Management and Decision Sciences major from 2012. Students who commenced study in 2011 can choose to complete either the Quantitative Business Analysis major or the Operations Management and Decision Sciences major. Details of the Operations Management and Decision Sciences major can be found on the Quantitative Business Analysis major's webpage.
