OR

- 18 credit points in senior ECOS unit (listed above) + 6 credit points in 3000 level ECOP units (Political Economy)*
In 2008, the Political Economy became part of the Faculty of Arts. All 'ECOP' units are therefore considered as Arts units of study for students commencing from 2008 onwards. Students commencing their degree from 2008 who choose to complete 'ECOP' units in this major should note that they will be count as other faculty units for their degree requirements. Students may choose to include these units as part of their major, however they will be restricted by the number of other faculty units they are able to complete as part of their degree. Each degree limits students in the number of credit points they can take from outside of the Faculty of Economics and Business. Students should refer to the course rules for their particular degree for details. For example, students enrolled in the combined Bachelor of Commerce and Bachelor of Laws or the Bachelor of Economics and Bachelor of Laws from 2008 cannot complete any 'ECOP' units as part of their major because they are restricted to completing only units from the Faculties of Economics and Business and Law for their degree.

**Note:** Senior units of study can be used to count towards the requirements of one major only. Senior units cannot be "double counted" towards two majors. For example, ECOS2306 cannot be counted towards both a major in Economics and a major in Management.

For further details regarding this major, please refer to the handbook of the year you commenced your degree.

### Economics extended major

**For students who commenced in 2006, 2007, 2008, 2009 or 2010**

For an Economics extended major students are required to complete 72 credit points in units of study (including 48 credit points in senior units) comprising:

1. Two junior units (24 credit points): ECMT1010, ECMT1020, ECON1001 and ECON1002
2. Two senior units (12 credit points): ECOS2001 (or ECOS2901) and ECOS2002 (or ECOS2902)
3. At least 36 credit points in elective senior units of study selected from those offered for the single major. (A maximum of 6 credit points in 3000 level ECOP units may be undertaken*).
