#### Notes

- i. In this example, Economics and Econometrics are not being counted as Arts and Social Sciences units. Therefore, the '24 credit points in Arts units' requirement must be completed in separate units. The Business School unit BUSS1020 replaces ECMT1010 as the junior unit requirement for the Economics major.
- ii. This program of study is meant to be a guide only. Students are able to undertake the required units of study and elective in different sequences to that listed above. Students should note that this example has been developed using 2012 unit of study offerings and there is no guarantee that the units listed will be offered in the same semesters in subsequent years.
- iii. Certain units of study listed above may also be offered in Summer or Winter School sessions.
