Nike Internship Opportunities!

Nike Belgium is seeking to fulfill two internship positions, targeted to bachelor and master students. The internships will take place at its European Logistics Campus in Laakdal, Belgium, starting in February for a duration of 2 to 6 months. In Nike’s internship program, students get a full immersion into the brand’s culture of curiosity and innovation. Interns tackle complex business challenges, and build relationships and skills that endure far beyond their internship. **Deadline December 12, 2017**

**Nike Company Profile**

At Nike, curiosity is life. Technology, sports, connectivity, sustainable design, and science unlock an incredible opportunity to experiment like never before. Nike employees are vital contributors to the company's relentless pursuit of advancing human potential. Working with the whole team at our European Logistic Campus located in and around Laakdal, Belgium, you'll ensure that Nike products are delivered to our European customers and athletes every day. But that's not all. We're always developing new ideas to make our processes faster, simpler and more sustainable. We respond to the ever-changing consumer needs and the market. That is our passion.

The evolving consumer demands make the world of logistics exciting, dynamic and full of fun opportunities. Nike ELC is constantly looking for new talent to grow with us. Start your journey as Specialist, Analyst or Team lead in our different departments and find endless possibilities.
