

Allowable Major combinations for combined Master of Commerce / Master of Professional Accounting

Please Note. The completion of two majors in most cases will inhibit a student's ability to complete the additional electives required for CPA or ICAA accreditation. Students who wish to select elective units to meet accreditation requirements can only complete ONE major.

		Required Major																					
		Accounting*	Banking	Business & Security	Business & Society	Business Decision Sciences	Business Information Systems	Business Law	Business Statistics	Economics	Employment Relations & HRM	Entrepreneurship	Finance	Governance*	International Business*	Marketing	Organisational Analysis & Strategy*	Quantitative Finance	Strategic Management*	Supply Chain & Logistics Management	Taxation	Transport Management

* Please Note. Elective options for these majors are limited to units which either have no prerequisites or whose prerequisites are part of the compulsory units of study required for the Professional Accounting component of the degree.

Please note. The Accounting and Business Law majors differ under this combined degree from those normally allowed under the combined Master of Commerce degrees. No units of study which are required to be completed as part of the Master of Professional Accounting can be counted towards a Master of Commerce major.
