Looking for Marketing, Economics, Business & HR students

www.nielsen.com

Do you want to work for a company... That is trusted by industry leaders? Where your ideas are encouraged and rewarded? That developed their people and takes them places?

So many questions... Nielsen has the answers! To read more about the insights you could be contributing to through an internship with Nielsen, please visit http://www.nielsen.com/au/en/insights.html?pageNum=1.

NIELSEN INTERNSHIP PROGRAM SESSION 2, 2018

Nielsen is a global market research company operating across 106 countries. The Nielsen Company Australia is looking for smart and motivated individuals to join their paid internship program for Session 2, 2018.

Nielsen is interested in students studying marketing, market research, economics, actuarial studies, statistics, business analytics, and HR.

The successful students must have:
- Proficiency in Microsoft products (particularly Word, Excel, PowerPoint)
- Attention to detail
- A can-do attitude and a curious mind
- Initiative and determination to follow through on projects
- Effective written and oral skills

The internship will take place at the Nielsen Head Office -Level 2, Building B, 11 Talavera Road Macquarie Park.

Each intern is required to be available for a minimum of 20 hours per week and will complete their internship over 10 weeks. Your manager will be flexible on the days that you work and will be able to give you time off for exams and holidays. Interns are also invited to all of Nielsen's social events.

THE RETAIL INDUSTRY GROUP INTERNSHIP

This is a great opportunity for students to be involved in examining the insights and trends within the FMCG market.

As an intern in this department, you will partake in tasks such as:
- Assisting with basic data extractions and manipulations
- Ensuring accuracy of data
- Supporting on special projects such as working with the training team to digitise training content
- Supporting our commercial teams in proposal development, lead generation and conversion

The successful student will:
- Be studying business, marketing, economics, or other commerce-related field
- In their penultimate or final year of their degree

If you enjoy problem solving, working with data, and the opportunity to work within retail (FMCG) excites you, don’t hesitate to apply this internship today!
