China Studies Centre (CSC) Research Grant Scheme Short-term Visitor (Incoming) Facilitation Grant Guidelines

The CSC will cover some of the costs associated with hosting an academic or expert from another institution (domestic or international) with the view to building institutional relationships which strengthen the study of China or are with the University’s preferred partners. The visitor will be expected to give a presentation at the University or to collaborate on a research project with a CSC member.

Grants of up to $10,000 may be awarded for a single application. Preference will be given to applications which demonstrate that funds requested are matched or exceeded by a third party, which may be internal or external to the University of Sydney.

Eligibility and Conditions
Applicants may only submit one application to this scheme per calendar year.

Short-term visitor nominees must:
- be a scholar who is or will be actively collaborating with an academic member of the CSC and/or give a presentation at the University of Sydney as a result of this funding;
- be nominated by an academic member of the CSC;
- submit a copy of reports they have submitted to the CSC if they have previously been the recipient of CSC funding;

- provide a completion report within three calendar months of the visit;
- provide a financial report from the University’s Planning and Reporting finance system outlining expenditure of awarded funds.

The CSC must be referenced in any events occurring in association with the visit. There is also an expectation that the visitor or host will provide content for the CSC website and a blog post relevant to the visit, as well as engagement with the media (if applicable).

Criteria for Award
The applications will be assessed by the CSC Research Committee using the following criteria:
- reputation of the proposed visiting scholar and his/her work through submission of profile and CV
- applicant’s track record relative to opportunity;
- relevance of the project and/or presentation to CSC members
- robustness of the plan of the visit and/or subject of presentation
- applicant’s demonstrated service to the CSC

It should be noted that preference will be given to applications:
- which demonstrate that the visit will be of benefit to members in more than one of the CSC’s clusters;
- submitted by early career researchers;
- which demonstrate that the visit is receiving funds from a third party which match or exceed the amount requested;
- demonstrate a cross-disciplinary element.
