

CONSTRUCTION WASTE [1.5] Submittal Form

Project Name

Measure

Contractor must recycle at least 80% of building related construction waste in weight and provide the University a waste report, including associated auditable chain of custody documentation upon request.

Mandatory Requirement

Points Available 1

Points Claimed

Sign-off: Pre-contract Design Stage

- ☐ By ticking this box the project team confirms the Pre-contract target meets the requirements of the measure and details are provided in this form.

Project Team Representative

1.0 Pre-contract Design Stage - Construction Waste

1.1 Pre-Contract Commitment

Confirm the project construction waste recycling / reuse target (%):

1.2 Reference Documents

Project the following documents as part of the Pre-Contract sign-off:

- ☐ Project specific Waste Management Plan which identifies all waste streams to be recycled and reused
- ☐ Evidence of Waste Audit methodology used by Waste Recycler / Depot

2.0 As-built Stage - Construction Waste

Complete the following checklist:

- ☐ Were all subcontractors inducted into the Waste Management Plan?
- ☐ Were all wastes tracked throughout the project?
- ☐ Was the required 80% recycling target met for non-hazardous wastes?
- ☐ Were all subcontractors issued with the Waste Management Plan?
- ☐ Have waste dockets and receipts been appended to this document?

2.1 Waste Recycling / Reuse Figures

Complete the following table for the project figures:

Materials / Waste Generated on Site		Destination Recycling & Reuse	Destination Recycling & Reuse	Destination Disposal	Recycling & Disposal Centre
Material	Total Weight (Tonnes)	<u>On-site</u>	Off-site	Landfill Site	Comments

Materials / Waste Generated on Site		Destination Recycling & Reuse	Destination Recycling & Reuse	Destination Disposal	Recycling & Disposal Centre
Material	Total Weight (Tonnes)	<u>On-site</u>	Off-site	Landfill Site	Comments
Totals					
Totals (Excl Hazardous & Soil)					
Total Wastes Recycled (%)					

Confirm the project % Construction Wastes that were Recycled / Reused:

2.2 Reference Documents

Provide the following documents as part of the As-built signoff:

- ☐ Final Project specific Waste Management Plan
- ☐ Waste Disposal reports / statements from Contractors

Please list any
other reference
documents used
in the above
assessment (as
required)
