

LIGHTING SYSTEMS [2.7] SUBMITTAL FORM

Project Name

Measure

Provide a lighting control systems in accordance to the University Design Standards.

Mandatory Requirement

Points Available

Points Claimed

Sign-off: Pre-contract Design Stage

2

By ticking this box the project team confirms the Pre-contract design stage meets the requirements of the measure and details are provided in this form.

Project Team Representative

1.0 Pre-contract Design Stage - Lighting Controls

1.1 DESIGN - Internal Lighting

Confirm the lighting control strategy provided to the building areas

Space	Area (m2)	Controls - please list	Does the Design Comply to University Standards?	Comments

Space	Area (m2)	Controls - please list	Does the Design Comply to University Standards?	Comments

1.2 DESIGN - External Lighting

Confirm the lighting control strategy provided to the external lighting:				
Space	Area (m2)	Controls - please list	Does the Design Comply to University Standards?	Comments

1.3 Reference Documents

List reference documents which confirm the above provisions have been allowed in the design

2.0 As-built Stage - Lighting Controls

If there have been any deviations in the As-built / Installed details to the above Design details please indicate below

2.1 Reference Documents

List reference documents which confirm the above provisions have been allowed in the design
