Foundations

Foundations work in close association with faculties to provide support for teaching and research. Sometimes they are aligned with specific departments or research centres.

The support of foundations is a crucial element in fostering new initiatives at the University and this assistance is particularly important in a time of decreasing government funding for the university sector.

For information about the governance of foundations, please refer to the Office of General Counsel.

Colleges

Our campus colleges were among the first in Australia.

The residential colleges provide a supportive living experience for many of our students, offering scholarships, pastoral support and opportunities to develop social, sporting and academic skills.

We appreciate the role colleges play as partners in our campaign, and are especially grateful for the donations many of them make towards our shared goals.
