FLUENCY

➤ Letters Say: "I'm going to give you a letter of the alphabet and I'd like you to generate as many words as you can beginning with that letter, but not names of people or places. For example, if I give you the letter 'C', you could give me words like 'cat, cry, clock' and so on. But you cannot give me words like Catherine or Canada. Do you understand? Are you ready? You have one minute. The letter I want you to use is the letter 'P'."	Fluency [Score 0–7] <input style="width: 20px; height: 20px; border: 1px solid black;" type="text"/>

MEMORY

➤ This test should be done if the subject failed to recall one or more items above. If all items were recalled, skip the test and score 5. If only part was recalled start by ticking items recalled in the shadowed column on the right-hand side; and then test not recalled items by telling the subject “Ok, I’ll give you some hints: was the name X, Y or Z?” and so on. Each recognised item scores one point, which is added to the point/s gained from the previous memory recall section.
