Internships

Spring Friendly study abroad students have the opportunity to develop familiarity with Australian workplace culture while applying their academic learning in real workplace situations. By enrolling in our credit-bearing internship unit of study (ARTS2600), students can enhance communication, cross-cultural and interpersonal skills while gaining a competitive advantage in the graduate employment market.

About ARTS2600
Students complete 8 hours of professional development training, 4 reflective assessments, and a minimum of 120 hours with a host organisation. The placement requires no extra fees and students receive a final grade that appears on their University of Sydney transcript.

We work with companies from a variety of fields including start-ups, technology firms, financial service providers and not-for-profit organisations. Recent placements include:
- Association of Chartered Certified Accountants (ACCA)
- AndironGroup
- Business Connector
- Gronade
- Platform Strategy Asia
- Resolution Institute
- The Brand Architect

Eligibility
Applicants are placed on a best-fit basis. Placement is competitive and based on eligibility criteria, applicability of academic studies to the placement, and the outcome of a Skype interview. Eligibility requirements include:
- Cumulative GPA of 3.0 or higher on a 4.0 scale, or ‘C’ or better on the ECTS grading scale
- At least 1 year of university study completed

Placement process
Soon after accepting your offer, you will receive an email containing a PDF of all internship opportunities for your upcoming program. Applicants rank preferences and the internship team matches students on a best-fit basis with our high quality host partners. Skype interviews and final placement will be completed before you arrive in Sydney.

Though every effort is made to place all eligible applicants, placement is competitive and not guaranteed. If you are not placed, you can enrol in a different unit of study.
