TEACHING @ SYDNEY

February 2013

Get your students off to a head start

Help your students to get off to a head start by recommending our Learning Centre courses and programs. These programs include:

Week 0 - Our popular series of orientation lectures, for example:

- Essay writing
- 'So Many Books, so little time ...'

Semester program - March 11th to April 19th. Enrolment online from March 4th

- · A great selection of workshops from writing a critical review to discussion skills
- Useful for beginning students, whether they studying at undergraduate or masters level

Honours program - March 13th to 15th. Enrolment online from March 4th

Workshops focus on writing issues and managing the Honours year

Faculty Program

 Discipline specific academic skills for targeted groups of students. Contact the Learning Centre to find out about these programs.

Elearning Program

- Write reports in Science and Engineering (WRiSE)
- Clearer Writing
