

## Publications for Helen Watt

### 2017

Gniewosz, B., Watt, H. (2017). Adolescent-perceived parent and teacher overestimation of mathematics ability: Developmental implications for students' mathematics task values. *Developmental Psychology*, 53(7), 1371-1383. <a href="http://dx.doi.org/10.1037/dev0000332">[More Information]</a>

Carmichael, C., Callingham, R., Watt, H. (2017). Classroom motivational environment influences on emotional and cognitive dimensions of student interest in mathematics. *ZDM: Mathematics Education*, 49(3), 449-460. <a href="http://dx.doi.org/10.1007/s11858-016-0831-7">[More Information]</a>

Watt, H., Richardson, P., Morris, Z. (2017). Divided by discipline? Contrasting motivations, perceptions and background characteristics of beginning Australian English and Mathematics teachers. In Helen M. G. Watt, Paul W. Richardson, Kari Smith (Eds.), *Global perspectives on teacher motivation*, (pp. 349-376). Cambridge: Cambridge University Press.

Watt, H., Richardson, P., Smith, K. (2017). *Global perspectives on teacher motivation*. Cambridge: Cambridge University Press.

Rice, S., Richardson, P., Watt, H. (2017). Hard-to-staff Australian schools: How can we ensure that all students have access to quality teachers? In T. Bentley & G. C. Savage (Eds.), *Educating Australia: Challenges for the decade ahead*, (pp. 279-295). Melbourne: Melbourne University Press.

Watt, H., Hyde, J., Petersen, J., Morris, Z., Rozek, C., Harackiewicz, J. (2017). Mathematics-a Critical Filter for STEM-Related Career Choices? A Longitudinal Examination among Australian and U.S. Adolescents. *Sex Roles*, 77(3-4), 254-271. <a href="http://dx.doi.org/10.1007/s11199-016-0711-1">[More Information]</a>

Lazarides, R., Watt, H. (2017). Student-perceived mothers' and fathers' beliefs, mathematics and English motivations, and career choices. *Journal of Research on Adolescence*, 27(4), 826-841. <a href="http://dx.doi.org/10.1111/jora.12317">[More Information]</a>

Watt, H., Carmichael, C., Callingham, R. (2017). Students' engagement profiles in mathematics according to learning environment dimensions: Developing an evidence base for best practice in mathematics education. *School Psychology International*, 38(2), 166-183. <a href="http://dx.doi.org/10.1177/0143034316688373">[More Information]</a>

Watt, H., Goos, M. (2017). Theoretical foundations of engagement in mathematics. *Mathematics Education Research Journal*, 29(2), 133-142. <a href="http://dx.doi.org/10.1007/s13394-017-0206-6">[More Information]</a>

Watt, H., Richardson, P., Smith, K. (2017). Why teach? How teachers' motivations matter around the world. In Helen M. G. Watt, Paul W. Richardson, Kari Smith (Eds.), *Global perspectives on teacher motivation*, (pp. 1-21). Cambridge: Cambridge University Press.

### 2016

Richardson, P., Watt, H. (2016). Factors influencing teaching

choice: Why do future teachers choose the career? In John Loughran, Mary Lynn Hamilton (Eds.), *International Handbook of Teacher Education (Vol. 2)*, (pp. 257-304). Singapore: Springer. <a href="http://dx.doi.org/10.1007/978-981-10-0369-1\_8">[More Information]</a>

Watt, H. (2016). Gender and motivation. In K. R. Wentzel & D. B. Miele (Eds.), *Handbook of motivation at school (2nd ed.)*, (pp. 320-339). New York: Routledge.

Watt, H. (2016). Promoting girls' and boys' engagement and participation in senior secondary STEM fields and occupational aspirations (invited professional article). *ACER 2016 Research Conference Proceedings*, Melbourne Vic: Australian Council for Educational Research (ACER).

### 2015

Watt, H., Richardson, P. (2015). A motivational analysis of teacher beliefs. In H. Fives & M. G. Gill (Eds.), *International handbook of research on teachers' beliefs*, (pp. 191-211). New York: Routledge.

Lazarides, R., Watt, H. (2015). Girls' and boys' perceived mathematics teacher beliefs, classroom learning environments and mathematical career intentions. *Contemporary Educational Psychology*, 41, 51-61. <a href="http://dx.doi.org/10.1016/j.cedpsych.2014.11.005">[More Information]</a>

Watt, H., Richardson, P. (2015). Teacher motivation. In James D. Wright (Eds.), *International Encyclopedia of the Social & Behavioral Sciences*, (pp. 64-71). Amsterdam: Elsevier.

### 2014

Watt, H., Richardson, P. (2014). Beginning teachers' motivations, effectiveness and wellbeing. In A.-L. Ostern (Eds.), *NAFOL Year Book 2014: Once a teacher-always a teacher?*, (pp. 53-64). Bergen, Norway: Fagbokforlaget Vigmostad & Bjorke AS.

Watt, H., Richardson, P., Wilkins, K. (2014). Profiles of professional engagement and career development aspirations among USA preservice teachers. *International Journal of Educational Research*, 65, 23-40. <a href="http://dx.doi.org/10.1016/j.ijer.2013.09.008">[More Information]</a>

Richardson, P., Watt, H., Karabenick, S. (2014). Teacher motivation matters: An introduction. In P. W. Richardson, S. A. Karabenick & H. M. G. Watt (Eds.), *Teacher motivation: Theory and practice*, (pp. xii-xxii). NY: Routledge.

Richardson, P., Karabenick, S., Watt, H. (2014). *Teacher motivation: Theory and practice*. NY: Routledge.

Richardson, P., Watt, H. (2014). Why people choose teaching as a career: An expectancy-value approach to understanding teacher motivation. In P. W. Richardson, S. A. Karabenick & H. M. G. Watt (Eds.), *Teacher motivation: Theory and practice*, (pp. 3-19). NY: Routledge.

### 2013

Watt, H., Richardson, P., Devos, C. (2013). (How) Does gender matter in the choice of a STEM teaching career and later teaching behaviours? *International Journal of Gender Science and Technology (GST)*, 5(3), 187-206.

Watt, H., Jansen, N., Joukes, G. (2013). Gendered pathways towards (and away from) STEM fields. *International Journal of Gender Science and Technology (GST)*, 5(3).

Spearman, J., Watt, H. (2013). Perception shapes experience: The influence of actual and perceived classroom environment dimensions on girls' motivations for science. *Learning Environments Research*, 16(2), 217-238. <a href="http://dx.doi.org/10.1007/s10984-013-9129-7">[More Information]</a>

Watt, H., Richardson, P. (2013). Teacher motivation and student achievement outcomes. In John Hattie and Eric M. Anderman (Eds.), *International Guide to Student Achievement*, (pp. 271-273). New York: Routledge.

Suryani, A., Watt, H., Richardson, P. (2013). Teaching as a career: Perspectives of Indonesian future teachers. *Australian Association for Research in Education (AARE) Annual Conference, 2013*, Adelaide. <a href="https://www.aare.edu.au/publications-database.php/8493/teaching-as-a-career-perspectives-of-indonesian-future-teachers">[More Information]</a>

Richardson, P., Watt, H., Devos, C. (2013). Types of professional and emotional coping among beginning teachers. *Advances in Research on Teaching*, 18, 229-253. <a href="http://dx.doi.org/10.1108/S1479-3687(2013)0000018016">[More Information]</a>

Spearman, J., Watt, H. (2013). Women's aspirations towards "STEM" careers: A motivational analysis. In Patton, W (Eds.), *Conceptualising Women's Working Lives: Moving the Boundaries of Discourse*, (pp. 175-192). Rotterdam: Sense Publishers. <a href="http://dx.doi.org/10.1007/978-94-6209-209-9">[More Information]</a>

## 2012

Watt, H., Richardson, P. (2012). An introduction to teaching motivations in different countries: Comparisons using the FIT-Choice scale. *Asia-Pacific Journal of Teacher Education*, 40(3), 185-197. <a href="http://dx.doi.org/10.1080/1359866X.2012.700049">[More Information]</a>

Kilinc, A., Watt, H., Richardson, P. (2012). Factors Influencing Teaching Choice in Turkey. *Asia-Pacific Journal of Teacher Education*, 40(3), 199-226. <a href="http://dx.doi.org/10.1080/1359866X.2012.700048">[More Information]</a>

Watt, H., Shapka, J., Morris, Z., Durik, A., Keating, D., Eccles, J. (2012). Gendered motivational processes affecting high school mathematics participation, educational aspirations, and career plans: A comparison of samples from Australia, Canada, and the United States. *Developmental Psychology*, 48(6), 1594-1611. <a href="http://dx.doi.org/10.1037/a0027838">[More Information]</a>

Guns, A., Richardson, P., Watt, H. (2012). How do life goals and motivations of international students studying in Australia impact their achievement outcomes? *Australian Association for Research in Education (AARE) Annual Conference, 2012*, Sydney. <a href="https://www.aare.edu.au/publications-database.php/6597/how-do-life-goals-and-motivations-of-international-students-studying-in-australia-impact-their-achievements">[More Information]</a>

Watt, H., Richardson, P., Klusmann, U., Kunter, M., Beyer, B., Trautwein, U., Baumert, J. (2012). Motivations for choosing teaching as a career: An international comparison using the FIT-Choice scale. *Teaching and Teacher Education*, 28(6), 791-805. <a href="http://dx.doi.org/10.1016/j.tate.2012.03.003">[More

Information]</a>

Riley, P., Watt, H., Richardson, P., De Alwis, N. (2012). Relations among beginning teachers' self-reported aggression, unconscious motives, personality, role stress, self efficacy and burnout. In T. Wubbels, P. den Brok, J. Tartwijk, & J. Levy (Eds.), *Interpersonal relationships in education: An overview of contemporary research*, (pp. 151-166). Rotterdam: Sense Publishers.

Watt, H., Richardson, P. (2012). Teaching motivations in different countries: Comparisons using the FIT-Choice Scale. *Asia-Pacific Journal of Teacher Education*, 40(3).

Morris, Z., Richardson, P., Watt, H. (2012). What is popular is not always right - Measuring teacher professional behaviour. *Australian Association for Research in Education (AARE) Annual Conference, 2012*, Sydney. <a href="https://www.aare.edu.au/publications-database.php/6881/what-is-popular-is-not-always-right-measuring-teacher-professional-behaviour">[More Information]</a>

## 2011

Watt, H., Richardson, P. (2011). FIT-Choice: Attracting and sustaining 'fit' teachers in the profession. *Professional Educator*, 10(2), 28-29.

Guns, A., Watt, H., Richardson, P. (2011). The influence of pre-service teachers motivations and perceptions on career trajectories. *Australian Association for Research in Education (AARE) Annual Conference, 2011*, Hobart. <a href="https://www.aare.edu.au/publications-database.php/6165/the-influence-of-pre-service-teachers-motivations-and-perceptions-on-career-trajectories">[More Information]</a>

## 2010

Richardson, P., Watt, H. (2010). Current and future directions in teacher motivation research. In T. C. Urdan & S. A. Karabenick (Eds.), *The decade ahead: Applications and contexts of motivation and achievement*, (pp. 139-173). Bingley, U.K.: Emerald.

Frenzel, A., Goetz, T., Pekrun, R., Watt, H. (2010). Development of mathematics interest in adolescence: Influences of gender, family, and school context. *Journal of Research on Adolescence*, 20(2), 507-537. <a href="http://dx.doi.org/10.1111/j.1532-7795.2010.00645.x">[More Information]</a>

Castan, M., Paterson, J., Richardson, P., Watt, H., Dever, M. (2010). Early optimism - First-year law students' work expectations and aspirations. *Legal Education Review*, 20(1), 1-11.

De Alwis, N., Watt, H. (2010). Entrepreneurial and other career motivations among engineering students. In A. Malach-Pines & M. F. Ozbilgin (Eds.), *Handbook of research on high-technology entrepreneurs*, (pp. 267-280). Cheltenham, U.K.: Edward Elgar Publishing.

Watt, H. (2010). Gender and occupational choice. In J. C. Chrisler & D. R. McCreary (Eds.), *Handbook of Gender Research in Psychology*, (pp. 379-400). New York: Springer.

Nagy, G., Watt, H., Eccles, J., Trautwein, U., Ludtke, O., Baumert, J. (2010). The development of students' mathematics self-concept in relation to gender: Different countries, different trajectories? *Journal of Research on Adolescence*, 20(2), 482-506. <a href="http://dx.doi.org/10.1111/j.1532-7795.2010.00644.x">[More Information]</a>

## 2009

Watt, H., Richardson, P., Pietsch, J. (2009). Choosing to teach in the "STEM" disciplines: Characteristics and motivations of science, technology, and mathematics teachers from Australia and the United States. In A. Selkirk & M. Tichenor (Eds.), *Teacher education: Policy, practice and research*, (pp. 285-309). New York: Nova Science Publishers.

Ku, W., Watt, H. (2009). Effects of gender and gender role orientation on high school students' teaching perceptions and aspirations in Hong Kong. *Australian Association for Research in Education (AARE) Conference 2009*, Canberra. <a href="https://www.aare.edu.au/publications-database.php/5910/effects-of-gender-and-gender-role-orientation-on-high-school-students-teaching-perceptions-and-aspir">[More Information]</a>

Quin, K., Watt, H. (2009). The relationship of personality traits to choice of teaching as a career. *Australian Association for Research in Education (AARE) Conference 2009*, Canberra. <a href="https://www.aare.edu.au/publications-database.php/8636/the-relationship-of-personality-traits-to-choice-of-teaching-as-a-career">[More Information]</a>

## 2008

Watt, H. (2008). A latent growth curve modeling approach using an accelerated longitudinal design: The ontogeny of boys' and girls' talent perceptions and intrinsic values through adolescence. *Educational Research and Evaluation*, 14(4), 287-304. <a href="http://dx.doi.org/10.1080/13803610802249316">[More Information]</a>

Richardson, P., Watt, H. (2008). Career change? *Monash Business Review*, 4(3), 7-9.

Watt, H. (2008). Gender and occupational outcomes: An introduction. In H. M. G. Watt & J. S. Eccles (Eds.), *Gender and occupational outcomes: Longitudinal assessments of individual, social, and cultural influences*, (pp. 3-24). Washington, DC: American Psychological Association.

Watt, H., Eccles, J. (2008). *Gender and occupational outcomes: Longitudinal assessments of individual, social, and cultural influences*. Washington, DC: American Psychological Association.

Watt, H., Richardson, P. (2008). Guest editorial: Motivation for teaching. *Learning and Instruction*, 18, 405-407.

Watt, H., Richardson, P. (2008). Motivations for teaching: Theoretical perspectives and empirical findings. *Learning and Instruction*, 18(5).

Watt, H., Richardson, P. (2008). Motivations, perceptions, and aspirations concerning teaching as a career for different types of beginning teachers. *Learning and Instruction*, 18(5), 408-428. <a href="http://dx.doi.org/10.1016/j.learninstruc.2008.06.002">[More Information]</a>

Watt, H. (2008). What motivates females and males to pursue sex-stereotyped careers? In H. M. G. Watt & J. S. Eccles (Eds.), *Gender and occupational outcomes: Longitudinal assessments of individual, social, and cultural influences*, (pp. 87-113). Washington, DC: American Psychological Association.

## 2007

Watt, H. (2007). A trickle from the pipeline: Why girls under-participate in maths. *Professional Educator*, 6(3), 36-41.

Watt, H., Richardson, P., Pietsch, J. (2007). Choosing to teach in the "STEM" disciplines: Characteristics and motivations of science, ICT, and mathematics teachers. *30th Annual*

*Conference of the Mathematics Education Research Group of Australasia (MERGA 2007)*, Hobart: MERGA. <a href="https://www.merga.net.au/node/38?year=2007">[More Information]</a>

Watt, H., Richardson, P. (2007). Motivational factors influencing teaching as a career choice: Development and validation of the FIT-Choice scale. *Journal of Experimental Education*, 75(3), 167-202.

Watt, H., Richardson, P., Tysvaer, N. (2007). Profiles of beginning teachers' professional engagement and career development aspirations. In A. Berry, A. Clemans & A. Kostogriz (Eds.), *Dimensions of professional learning: Professionalism, practice and identity*, (pp. 155-176). Rotterdam, The Netherlands: Sense Publishers.

Richardson, P., Watt, H., Tysvaer, N. (2007). What motivates people from business-related careers to change to teaching? In M. F. Ozbilgin & A. Malach-Pines (Eds.), *Career choice in management and entrepreneurship: A research companion*, (pp. 219-239). Cheltenham, U.K.: Edward Elgar Publishing.

## 2006

Watt, H., Eccles, J. (2006). Preface to the special issue - 'Understanding women's choice of mathematics and science related careers: Longitudinal studies from four countries'. *Educational Research and Evaluation*, 12(4), 295-296. <a href="http://dx.doi.org/10.1080/13803610600765430">[More Information]</a>

Hawkins, C., Watt, H., Sinclair, K. (2006). Psychometric properties of the Frost Multidimensional Perfectionism Scale With Australian adolescent girls: Clarification of multidimensionality and perfectionist typology. *Educational and Psychological Measurement*, 66(6), 1001-1022. <a href="http://dx.doi.org/10.1177/0013164405285909">[More Information]</a>

Watt, H., Eccles, J., Durik, A. (2006). The leaky mathematics pipeline for girls: A motivational analysis of high school enrolments in Australia and the USA. *Equal Opportunities International*, 25(8), 642-659. <a href="http://dx.doi.org/10.1108/02610150610719119">[More Information]</a>

Watt, H. (2006). The role of motivation in gendered educational and occupational trajectories related to maths. *Educational Research and Evaluation*, 12(4), 305-322. <a href="http://dx.doi.org/10.1080/13803610600765562">[More Information]</a>

Watt, H., Eccles, J. (2006). Understanding women's choice of mathematics - and science - related careers: Longitudinal studies from four countries. *Educational Research and Evaluation*, 12(4).

Richardson, P., Watt, H. (2006). Who chooses teaching and why? Profiling characteristics and motivations across three Australian universities. *Asia-Pacific Journal of Teacher Education*, 34(1), 27-56. <a href="http://dx.doi.org/10.1080/13598660500480290">[More Information]</a>

## 2005

Richardson, P., Watt, H. (2005). 'I've decided to become a teacher': Influences on career change. *Teaching and Teacher Education*, 21(5), 475-489. <a href="http://dx.doi.org/10.1016/j.tate.2005.03.007">[More Information]</a>

Watt, H. (2005). Attitudes to the use of alternative assessment

methods in mathematics: a study with secondary mathematics teachers in Sydney, Australia. *Educational Studies in Mathematics*, 58(1), 21-44. <a href="http://dx.doi.org/10.1007/s10649-005-3228-z">[More Information]</a>

Watt, H. (2005). Explaining gendered math enrollments for NSW Australian secondary school students. *New Directions for Child and Adolescent Development*, 110(Winter), 15-29. <a href="http://dx.doi.org/10.1002/cd.147">[More Information]</a>

Watt, H. (2005). Exploring adolescent motivations for pursuing maths-related careers. *Australian Journal of Educational and Developmental Psychology*, 5, 107-116.

## 2004

Watt, H. (2004). Development of adolescents' self-perceptions, values, and task perceptions according to gender and domain in 7th- through 11th-grade Australian students. *Child Development*, 75(5), 1556-1574. <a href="http://dx.doi.org/10.1111/j.1467-8624.2004.00757.x">[More Information]</a>

Cocks, R., Watt, H. (2004). Relationships Among Perceived Competence, Intrinsic Value And Mastery Goal Orientation In English And Maths. *Australian Educational Researcher*, 31(2), 81-111.

## 2003

Kritikos, V., Watt, H., Krass, I., Sainsbury, E., Bosnic-Anticevich, S. (2003). Pharmacy students' perceptions of their profession relative to other health care professions. *International Journal of Pharmacy Practice*, 11(2), 121-129.

Tonkin, S., Watt, H. (2003). Self-concept over the transition from primary to secondary school: A case study on a program for girls. *Issues In Educational Research*, 13(2), 27-54.

Summerville, B., Watt, H. (2003). Skin cancer risk behaviours among adolescents in a Sydney metropolitan school. *Health Promotion Journal of Australia*, 14(2), 123-127.

Summerville, B., Watt, H. (2003). Skin cancer risk behaviours among adolescents in a Sydney metropolitan school. *Health Promotion Journal of Australia*, 14(2), 123-127.

## 2002

Watt, H. (2002). A qualitative investigation of perceived influences shaping adolescents' plans to pursue (or not to pursue) maths-related careers. *Australian Association for Research in Education (AARE) Annual Conference*, Melbourne: Australian Association for Research in Education (AARE).

Richardson, P., Watt, H. (2002). A survey investigation of influences and choices in attracting graduates into teaching. *Australian Association for Research in Education (AARE) Annual Conference*, Melbourne: Australian Association for Research in Education (AARE).

Watt, H. (2002). Exploring adolescent personal and social gender stereotypes about maths: An explanation for continued gender differences in participation? *Change: Transformations in Education*, 5(2), 39-54.

## 2001

Watt, H. (2001). The nature and development of boys' and girls' self-perceptions and value judgements in math through grades 7 to 11 in Australia: An application of latent growth modeling. *2001 American Educational Research Association Annual Conference*, : Ads & Adea.

## 2000

Watt, H. (2000). Measuring attitudinal change in mathematics and English over the 1st year of junior high school: A multidimensional analysis. *Journal of Experimental Education*, 68, 331-361. <a href="http://dx.doi.org/10.1080/00220970009600642">[More Information]</a>

Watt, H., Bornholt, L. (2000). Social categories and student perceptions in high school mathematics. *Journal of Applied Social Psychology*, 30(7), 1492-1503. <a href="http://dx.doi.org/10.1111/j.1559-1816.2000.tb02532.x">[More Information]</a>

Dickson, J., Fleet, A., Watt, H. (2000). Success or failure in a core university unit: What makes the difference? *Higher Education Research and Development*, 19(1), 59-73. <a href="http://dx.doi.org/10.1080/07294360050020471">[More Information]</a>

## 1998

Hayes, A., Watt, H. (1998). Work and family life: Contemporary realities, current expectations and future prospects. *Australian Journal of Early Childhood*, 23(3), 33-39.

## 1994

Watt, H., Bornholt, L. (1994). Gendered perceptions of talent and planned participation in mathematics. *Australian Journal of Career Development*, 3(3), 43-50.
