Last date to accept or decline interview
Wednesday 19 November
Interviews
1-5 December
Conditional scholarship offers made

The Biomedical Industry Partners Scholarship In Engineering Leadership for Indigenous Women is an enrichment scholarship like no other – one that provides a structured industry placement program, access to business mentors and intensive leadership development. Members of the biomedical industry have partnered with the University of Sydney to provide this opportunity as part of their commitment to producing, supporting and inspiring engineering leaders.

To be eligible, applicants must:
- be a female of Aboriginal or Torres Strait Islander descent
- qualify to enter a biomedical engineering bachelor degree program in the Faculty of Engineering and Information Technologies to commence in Semester 1, 2015
- achieve an ATAR of 98 or above*
- complete an online application form
- submit their most recent Year 12 school reports.

*Applicants with an ATAR below 98 may be considered on a case-by-case basis

In addition to academic ability, applicants are selected based on their leadership potential. To demonstrate this, applicants are required to complete an online application form addressing leadership strengths and suitability for the scholarship.

You will need to:
- describe what leadership experiences you have had
- explain how these experiences have contributed to your personal development
- identify the qualities that make you an ideal candidate for a Biomedical Industry Partners Scholarship in Engineering Leadership.

The scholarship shall be awarded on the recommendation of the Dean and the sponsoring organisation, and based on an assessment of academic merit as indicated by the applicant’s performance in the NSW HSC or equivalent, their online application and interview.

Payments shall be made in equal instalments after 31 March and 31 August, Census dates of each semester, subject to satisfactory academic performance deemed to be a minimum of credit average (65%) each semester.

Scholars shall not hold any other primary scholarship simultaneously.

Industry placements may occur with more than one industry partner.

Helpful tips
- Draft your responses before completing them in the online form.
- Proof-read and check the spelling of your responses before you submit your application.
