

yReceipts
www.yreceipts.com

yReceipts is an agile, fun and interesting startup with offices in London and Sydney operating since 2009.

Paper receipts are one of the last bastions of the paper era and we're helping to rid the world of them by enabling retailers to email receipts directly from their store till to any shopper.

We have a opportunity for ambitious students who can apply a creative approach to solving problems.

Job Title	Software Developer (multiple roles)
Job Ref	yR-Dev
Location	London or Sydney
Salary	Depending on Experience
Start Date	as soon as possible
Job Description	<p>We work with cutting edge technologies including cloud based solutions as well as Windows client applications.</p> <p>We will define a choice of projects with specific objectives but give you the freedom to choose which to solve and how to solve it.</p> <p>You will be given a diverse range of choices from large scalable web-applications to low level hardware drivers or even challenging natural language parsing problems.</p> <p>Your work will be driven by real client requirements and serve as invaluable experience for anyone looking to move into a technical field after their study.</p>
Skills Required	<p>We're looking for people with experience in programming software who enjoy tinkering with technology and gadgets.</p> <p>If you are studying Engineering, Science, Physics or Math we'd like to hear from you.</p> <p>Experience in Python and Javascript is a plus for our scalable web-application.</p> <p>Experience in C# and/or C++ is a plus for our Windows Client and low level hardware drivers.</p>
Application Method	Contact Scott or Alex at careers@yreceipts.com . Tell us why you are the right person for this role and what you have done so far (ideally you can include links/examples of previous work), attach your cv and fire off the email. We'll be in touch within 48hrs. See you soon @yReceipts.
Closing date	none
Additional Info	We provide a flexible work environment and can work with other study commitments that you may have. All roles that we take on are with a view to moving full time if your skills/attitude fit out business requirements.
