

2011 Cadet copy

Ernst & Young Cadet Program

Serious about your career and keen to get ahead? Ambitious and hungry for real work experience now? Become an Ernst & Young cadet.

Kick start your graduate opportunities and beat your peers to the post. Our Cadet Program is your opportunity to join Ernst & Young and get ahead, before you've completed your degree.

Starting your career with Ernst & Young is your opportunity to be part of our exciting and supportive environment. When it comes to finding out what an organisation's like, nothing compares to working here.

As a cadet, you'll combine full-time work with part-time university studies. It takes drive and commitment, but we'll provide you with the support you need to succeed. You'll gain valuable experience working with clients and will be exposed to senior managers early so that you can learn from some of the best. You'll also benefit from the training and skills development we provide. And when you do graduate, the professional experience you'll have gained through the cadet program will place you head and shoulders above your peers.

To be successful in the application process, you need to be highly motivated, someone who enjoys working as part of a team and have the skill to juggle multiple priorities. You'll work with clients as soon as you start so you'll also need to be a confident communicator. Most importantly will be your energy and passion for launching your career in professional services.

Our Cadet Program will commence early 2012.

If you're passionate about a career in professional services, we encourage you to apply for our Cadet Program. We're interested in talented students from a range of disciplines including accounting, commerce, business, IT and finance.

Get a better feel for what it's like to work at Ernst & Young find us, find us on Facebook® – www.facebook.com/eycareers
