To be considered for the MPE Commonwealth Supported Places, applicants must:

- Be an Australian or New Zealand citizen or an Australian permanent resident visa holder (including permanent humanitarian visa holder).
- have an unconditional offer of admission for the Master of Professional Engineering to commence in Semester Two 2016, or be currently enrolled in the program, and
- have a completed recognised tertiary qualification with a credit average (65%) or equivalent. This is not a condition for maintaining a Commonwealth Supported Place once awarded.

Commonwealth supported places will be awarded based on the applicant’s academic merit in their previous and current studies.

Further information about Commonwealth Supported Places can be obtained at: http://studyassist.gov.au/sites/StudyAssist/

To apply, please complete and submit the online application form and attach a copy of your unconditional offer letter (admission letter) and academic transcripts by the closing date.

*Please note this is not a scholarship, but a government funded Commonwealth Supported Place.
