Last date to accept or decline offer

Funded by a gift from Mr Mick Boyle to the Faculty of Engineering and Information Technologies, the Mick Boyle Research Scholarship in Engineering was established in 2012 to encourage postgraduate research and innovation to create sustainable communities and infrastructure.

To be eligible, applicants must:

- be an Australian citizen, New Zealand citizen or Australian permanent resident,
- have an unconditional offer of admission for full-time enrolment in a PhD program for Research Period 2 2016 in the Faculty of Engineering and Information Technologies at the University of Sydney and have subsequently enrolled by the Scholarship application closing date, and
- have a proposed research topic within engineering that shall preferably relate to sustainable communities and infrastructure.

Selection criteria
Applicants will be assessed on their academic merit and must supply a 400 word statement on how their research area shall relate to sustainable communities and infrastructure.

The Scholarship shall be awarded on the recommendation of the selection committee consisting of the Associate Dean (Research), or their nominee and two other academic members of the Faculty.

The Scholarship is tenable for a period of up to three years. Payments shall be paid as a stipend allowance equivalent to the current year stipend rate of the APA. The Scholarship may be extended for an additional 6 months at the discretion of the Associate Dean (Research). No other benefits are payable.

The recipient must meet satisfactory academic performance requirements and remain enrolled full-time to maintain the Scholarship.

Deferment of the Scholarship is not permitted.

Please refer to the terms and conditions of this Scholarship for a full list of the conditions that apply.
