The Chemical and Biomolecular Engineering Entry Scholarship was established in 1998 with the funding from the School of Chemical and Biomolecular Engineering. The Scholarship aims to encourage and assist students commencing the Bachelor of Engineering Honours (Chemical and Biomolecular) at the University of Sydney.

To be eligible, an applicant must:

- Be an Australian citizen or Australian permanent resident,
- be in their final year of schooling and qualify to enter and enrol into the Chemical and/or Biomolecular undergraduate program at the Faculty of Engineering & Information Technologies,
- have achieved an ATAR of 95 or equivalent,
- demonstrate leadership qualities, innovation and self-motivation, communication skills and achievements in non-academic pursuits and involvement in school and community ventures, and
- not currently hold another primary scholarship from the University of Sydney.

Selection criteria

Applicants will be assessed on their academic merit and demonstrated leadership qualities, innovation and self-motivation, communication skills and achievements in non-academic pursuits and involvement in school and community ventures.

You will need to:

- Address each of the above skills separately using no more than 150 words for each skill as outlined above in the online application form.
- Provide a copy of your year 11 and 12 school reports and attach a current CV to your online application.

The Scholarship shall be awarded on the recommendation of the Associate Dean (Education), or their nominee and at least one academic from the School of Chemical and Biomolecular Engineering.

The Scholarship is tenable for a period of one year. The recipient must be enrolled full-time for the full duration of the Scholarship. Payments shall be made in equal instalments after the census date of each semester. The recipient must meet satisfactory academic performance requirements to maintain the Scholarship deemed to be a credit average (65%) and above each semester.

Deferment of the Scholarship is not permitted. Please refer to the terms and conditions of this Scholarship for a full list of the conditions that apply.

Helpful tip

- Draft your responses before completing them in the online form.
- Proof-read and check the spelling of your responses before you submit your application.
- Create and save your responses in a Word document before attempting to complete the online form. For privacy reasons it does not save your work if you close the online form without completing your application.
