The objective of the Scholarship is to facilitate a recipient's structured learning in electrical engineering and to provide them with practical industry experience to advance their growth as an engineering practitioner.

To be eligible an applicant must:

- be an Australian citizen or permanent resident,
- have been enrolled in the first semester of their third year of full-time study in undergraduate electrical, software or telecommunications engineering in Semester One 2016,
- be enrolled in their second semester of third year study in Semester Two 2016, and
- demonstrate the skills as outlined below.

Combined degree students are not eligible to apply.

Selection criteria

In addition to an applicant's academic performance in their first two years of their degree, applicants are selected based on their interpersonal skills, leadership qualities, communication skills, creativity, self-motivation and achievements in non-academic pursuits and involvement in both university and community activities.

To demonstrate this, applicants are required to complete a personal statement addressing each of these skills. You will need to address each of the above skills separately using no more than 100 words per skill.

The Scholarship shall be awarded by the Faculty Associate Dean (Education) or their delegate and the Director of the Leadership Program. Up to two representatives from AAPT/TPG may also attend the interview and review submitted applications.

Payments shall be made in two equal instalments after the census dates of each semester, subject to satisfactory academic performance deemed to be a minimum of credit average (65%) or above each semester. The first payment for this year will be made after acceptance of the Scholarship providing the recipient is fully enrolled. Deferment of the Scholarship is not permitted. Students must also be available and commit to the compulsory 10 to 12 weeks practical experience placement that forms part of this Scholarship.

Please refer to the terms and conditions of this Scholarship for a full list of conditions that apply.

Helpful tips:

- Draft your responses before completing them in the online form.
- Proof-read and check the spelling of your responses before you submit the application.
