The Thomas Global Systems Scholarship in Engineering Leadership is an enrichment scholarship like no other – one that provides a structured industry placement program, access to business mentors and intensive leadership development. Thomas Global Systems of Australia and the University of Sydney have partnered together to provide this opportunity as part of their commitment to producing, supporting and inspiring engineering leaders.

To be eligible, an applicant must:

• be an Australian citizen or an Australian permanent resident who are about to commence their second year of study in one of the following areas: electrical, aeronautical, mechatronic or mechanical engineering and are enrolled in the Faculty of Engineering and Information Technologies at the University of Sydney, and

• have achieved a distinction average, deemed to be 75% or more, in their first year of study.

Combined degree student are not eligible.

Selection criteria

In addition to academic ability, applicants are selected based on their interpersonal skills, leadership qualities, communication skills, creativity, self-motivation and achievements in non-academic pursuits and involvement in both school and community activities. To demonstrate this, applicants are required to complete an online form addressing these skills.

You will need to:

• address each of the above skills separately using only 200 words for each skill as outlined above, and

• attach a current CV to your application.

The Scholarship will be awarded by the Director of the Faculty of Engineering and Information Technologies Leadership Program and the Faculty Associate Dean (Education), or their nominee. Up to two members from Thomas Global Systems may also be present at the interview and have access to the shortlisted applications as the Scholarship donor.

Payments shall be made in equal instalments after the census dates of each semester, subject to satisfactory academic performance deemed to be a minimum of credit average (65%) or above each semester. Scholars shall not hold any other primary scholarship simultaneously. Deferment of the Scholarship is also not permitted. Students must also be available and commit to the compulsory practical experience placements that form part of this Scholarship.

Please refer to the terms and conditions of this Scholarship for a full list of the conditions that apply.

Helpful tips

• Draft your responses before completing them in the online form.

• Proof-read and check the spelling of your responses before you submit the application.
