SCHOOL OF ELECTRICAL AND INFORMATION ENGINEERING
SUMMER RESEARCH SCHOLARSHIPS

This Scholarship was established by the School of Electrical and Information Engineering in the Faculty of Engineering and Information Technologies to provide students with outstanding academic ability the opportunity to undertake a summer project to gain valuable research experience within the School.

To be eligible an applicant must:

- Be currently enrolled in either a relevant undergraduate or postgraduate masters by coursework program at the University of Sydney or another Australian University,
- have a WAM of 75 or above in their fourth year of study and have completed 144 credit points in their engineering course to apply, or
- have a WAM of at least 75 or above in their current postgraduate coursework degree program and have completed at least 48 credit points, and
- possess and demonstrate well-developed skills and grades in the following areas: mathematics, physics, computing and engineering. Applicants must also demonstrate interest in each of the projects they are applying for.

Selection criteria

Applicants will be assessed on their academic merit, response to the Scholarship application, statement of interest and interview with the relevant research project supervisor. All applicants must complete the relevant Scholarship application form and email their completed form and other documents to engineering.scholarships@sydney.edu.au. Students not enrolled at the University of Sydney must also attach a copy of their formal tertiary transcripts.

The Scholarship shall be awarded on the recommendation of the Associate Dean (Education) or their nominee and nominated academic staff from the School of Electrical and Information Engineering. Providing a student is eligible, the relevant project supervisor is responsible for the final decision.

The Scholarship shall be tenable for 10 weeks only and subject to satisfactory academic progress during the project as determined by the project supervisor. Students will need to complete a project report by the end of the 10 week period and submit this to their supervisor. Students may also be requested to make a 5 minute presentation on their research project prior to the conclusion of the project.

Please refer to the terms and conditions of this Scholarship for a full list of the conditions that apply.
