This Scholarship has been established in the Faculty of Engineering and Information Technologies to facilitate a recipient’s structured learning and to provide them with practical industry experience to advance their growth as an engineering practitioner.

To be eligible an applicant must:
- Be an Australian citizen or permanent resident,
- be currently enrolled in full-time study in an undergraduate mechanical engineering degree and commencing your third year of studies in Semester One 2016 within the Faculty of Engineering and Information Technologies,
- have a WAM of 65 or above in your current degree at the time of application, and
- demonstrate the skills as outlined below.

Selection criteria

In addition to an applicant’s academic performance in the first two years of their degree, applicants are selected based on their interpersonal skills, leadership qualities, communication skills, creativity, self-motivation and achievements in non-academic pursuits and involvement in both University and community activities. To demonstrate this, applicants are required to complete an online application form addressing these skills. You will need to address each of the above skills separately using no more than 400 words for each skill as outlined above.

The Scholarship shall be awarded by the Faculty Associate Dean (Education) or their delegate. Up to two representatives from Metso Australia may also attend the interview and review submitted applications.

Payments shall be made in two equal instalments after the census dates of each semester, subject to satisfactory academic performance deemed to be a minimum of credit average (65%) or above each semester. Scholars shall not hold any primary scholarship simultaneously. Combined degree students are not eligible. Deferment of the Scholarship is not permitted. Students must also be available and commit to the compulsory 10 week practical experience placement that forms part of this Scholarship. Metso Australia may also offer further paid work opportunities to the Scholarship recipient. This would be between Metso Australia and the Scholarship recipient directly.

Please refer to the terms and conditions of this Scholarship for a full list of conditions that apply.

Helpful tips:
- Draft your responses before completing them in the online form.
- Proof-read and check the spelling of your responses before you submit the application.
