C. UNITS OF STUDY
Which Units of Study do you plan to enrol in for your degree? Please nominate the units that you would like to study in the table below, and if you can, try to give an idea of when you will take them over the number of years you are currently planning on taking to complete your study Note: Units of study that are offered in "supervised" mode (primarily research project units) require approval from the unit's supervisor prior to admission. Units that are on-campus, intensive or online do not normally require approval prior to admission and may be changed after enrolment. However, it helps us if you can provide all the units of study you plan on taking over the duration of your study.

All potential applicants are advised to contact staff to discuss a suitable study program. We will be able to provide you with a list of units of study and advice on selection. Please email vetscience.pgcinfo@sydney.edu.au for further information about unit of study options.
