Blake Dawson and ANJeL invite you to join us as we celebrate the victory of the Australian team at the 6th Intercollegiate Negotiation and Arbitration Competition and award the Blake Dawson/ANJeL Essay Prize in Japanese law for 2007.

We will also be previewing contributions and themes from *Corporate Governance in the 21st Century: Japan's Gradual Transformation*, edited by Professors Nottage, Wolff and Anderson.

Corporate Governance in the 21st Century includes chapters on comparative corporate governance theory and methodology, lifelong employment, the main bank system, board structures, and governance issues in small and medium-sized enterprises. The procedural, substantive and FDI policy dimensions of takeover law and practice are discussed, as well as empirical changes to corporate governance practices in large, publicly listed companies during the past twenty years.
