

Australian College of Educators (ACE) NSW Quality Teaching Awards

The *Quality Teaching Awards* are open to permanent, part–time and casual government and non–government pre–school, early childhood, primary, secondary, university and TAFE teachers. The awards are conducted by the Australian College of Educators, a national professional association, and presented by the NSW Minister for Education and Training, the Hon. Carmel Tebbutt MP. The *Quality Teaching Awards* recognise and applaud accomplished teaching practice through a rigorous process involving referees' reports, professional learning portfolios and workplace visits. Teachers participate in the awards on a voluntary basis.
