

The Woolcock Institute of Medical Research, the Clinical Excellence Commission and the NSW Institute of Medical Education and Training invite you to meet a world research leader probing the relationship between errors in the hospital environment and work hours:

Prof Charles Czeisler

Charles Czeisler is Director, Division of Sleep Medicine, Harvard Medical School and Chief, Division of Sleep Medicine, Brigham and Women's Hospital, Boston USA.

His extensive studies, and those of other experts, all reach the inescapable conclusion that

Fatigue Kills

Following his first Australian presentation, Prof Czeisler will join a panel of Australasian experts on the vexed question of fatigue and its effects on both doctors and their patients. It's a rare chance to learn about problems, solutions and advances in a field which constantly throws up challenges to both administrators and practitioners going about their business of caring for patients.

Dr Stephanie Arnold - Co-chair JMO Forum, NSW Institute of Medical Education & Training

Prof Phillipa Gander - Director Sleep/Wake Research Centre, Massey University, New Zealand

Paul Gavel - Director Strategic Workforce Planning and Development, SSWAHS

Prof Ron Grunstein - Head, Sleep and Circadian Group, Woolcock Institute of Medical Research, University of Sydney

Dr Philip G Truskett - Chair NSW State Committee, Royal Australian College of Surgeons

Please note there is no charge for this presentation.

Kerry Packer Auditorium, Royal Prince Alfred Hospital, Missenden Road, CAMPERDOWN, NSW
9.00am – 12.00 pm Monday 27 August 2007

Registration - phone Karen Verzi at 02 9382 7600 or email: karen.verzi@cec.health.nsw.gov.au
