

Publications for David Cook

2017

Huipao, N., Borwornpinyo, S., Wiboon-Ut, S., Campbell, C., Lee, I., Hiranyachattada, S., Sukasem, C., Thitithanyanont, A., Pholpramool, C., Cook, D., Dinudom, A. (2017). P2Y6 receptors are involved in mediating the effect of inactivated avian influenza virus H5N1 on IL-6 & CXCL8 mRNA expression in respiratory epithelium. *PLoS One*, 12(5), 1-19. [More Information]

Shusterman, E., Beharier, O., Levy, S., Zarivach, R., Etzion, Y., Campbell, C., Lee, I., Dinudom, A., Cook, D., Peretz, A., Moran, A., et al (2017). Zinc transport and the inhibition of the L-type calcium channel are two separable functions of ZnT-1. *Metallomics*, 9(3), 228-238. [More Information]

2015

Lam, Y., Ha, C., Hoffmann, J., Oscarsson, J., Dinudom, A., Mather, T., Cook, D., Hunt, N., Caterson, I., Holmes, A., Storlien, L. (2015). Effects of dietary fat profile on gut permeability and microbiota and their relationships with metabolic changes in mice. *Obesity*, 23(7), 1429-1439. [More Information]

Lee, I., Song, S., Cook, D., Dinudom, A. (2015). H-Ras mediates the inhibitory effect of epidermal growth factor on the epithelial Na⁺ channel. *PLoS One*, 10(3), 1-19. [More Information]

2014

Shusterman, E., Beharier, O., Shiri, L., Zarivach, R., Etzion, Y., Campbell, C., Lee, I., Okabayashi, K., Dinudom, A., Cook, D., Moran, A., et al (2014). ZnT-1 extrudes zinc from mammalian cells functioning as a Zn(2+)/H(+) exchanger. *Metallomics*, 6(9), 1656-1663. [More Information]

2013

Arnaiz, I., Johnson, M., Cook, D., Day, M. (2013). Changing expression of chloride channels during preimplantation mouse development. *Reproduction*, 145(1), 73-84. [More Information]

Monkaresi, H., Calvo, R., Chow, K., Mullan, B., Lam, M., Twigg, S., Cook, D. (2013). Intelligent Diabetes Lifestyle Coach. *25th Australian Computer-Human Interaction Conference: Augmentation, Application, Innovation, Collaboration (OzCHI 2013)*, New York: Association for Computing Machinery (ACM).

2012

Campbell, C., Voyles, J., Cook, D., Dinudom, A. (2012). Frog skin epithelium: Electrolyte transport and chytridiomycosis. *International Journal of Biochemistry and Cell Biology*, 44(3), 431-434. [More Information]

Lam, Y., Ha, C., Campbell, C., Mitchell, A., Dinudom, A., Oscarsson, J., Cook, D., Hunt, N., Caterson, I., Holmes, A., Storlien, L. (2012). Increased Gut Permeability and Microbiota Change Associate with Mesenteric Fat Inflammation and Metabolic Dysfunction in Diet-induced Obese Mice. *PLoS One*, 7(3), 1-10. [More Information]

Hryciw, D., Ekberg, J., Lee, A., Lensink, I., Kumar, S., Guggino, W., Cook, D., Pollock, C., Poronnik, P. (2012). Nedd4-2 is required for constitutive albumin endocytosis in proximal tubule cells. *35th International Congress of Physiological Sciences*, United States: Federation of American Societies for Experimental Biology.

2011

Hee, L., Dinudom, A., Mitchell, A., Grau, G., Cook, D., Hunt, N., Ball, H. (2011). Reduced activity of the epithelial sodium channel in malaria-induced pulmonary oedema in mice. *International Journal for Parasitology*, 41(1), 81-88. [More Information]

Lee, I., Song, S., Campbell, C., Kumar, S., Cook, D., Dinudom, A. (2011). Regulation of the Epithelial Na⁺ Channel by the RH-Domain of G Protein-coupled Receptor Kinase, GRK2, and G β 11. *Journal of Biological Chemistry*, 286(22), 19259-19269. [More Information]

Boase, N., Rychkov, G., Townley, S., Dinudom, A., Candi, E., Voss, A., Tsoutsman, T., Semsarian, C., Melino, G., Koentgen, F., Cook, D., et al (2011). Respiratory distress and perinatal lethality in Nedd4-2-deficient mice. *Nature Communications*, 2(1), 1-9. [More Information]

Ousingsawat, J., Mirza, M., Tian, Y., Roussa, E., Schreiber, R., Cook, D., Kunzelmann, K. (2011). Rotavirus toxin NSP4 induces diarrhea by activation of TMEM16A and inhibition of Na⁺ absorption. *Pfluegers Archiv: European journal of physiology*, 461(5), 579-589. [More Information]

2010

Hu, H., O'Mullane, L., Parry, M., Campbell, C., Hosoda, Y., Poronnik, P., Dinudom, A., Cook, D. (2010). Negative regulation of Ca²⁺ influx during P2Y2 purinergic receptor activation is mediated by G β 1³-subunits. *Cell Calcium*, 47(1), 55-64. [More Information]

2009

Voyles, J., Young, S., Berger, L., Campbell, C., Voyles, W., Dinudom, A., Cook, D., Webb, R., Alford, R., Skerratt, L., et al (2009). Pathogenesis of chytridiomycosis, a cause of catastrophic amphibian declines. *Science*, 326(5952), 582-585. [More Information]

Information]

O'Mullane, L., Cook, D., Dinudom, A. (2009). Purinergic regulation of the epithelial Na⁺ channel. *Clinical and Experimental Pharmacology and Physiology*, 36(10), 1016-1022. [More Information]

Lee, I., Campbell, C., Song, S., Day, M., Kumar, S., Cook, D., Dinudom, A. (2009). The activity of the epithelial sodium channels is regulated by caveolin-1 via a Nedd4-2-dependent mechanism. *Journal of Biological Chemistry*, 284(19), 12663-12669. [More Information]

2008

Cook, D., Keech, A., Gebski, V., Pike, R., Wonders, S. (2008). Balancing the outcomes: reporting harms (adverse events). In Anthony Keech, Val Gebski, Rhana Pike (Eds.), *Interpreting and reporting clinical trials: a guide to the CONSORT statement and the principles of randomised controlled trials*, (pp. 132-142). Sydney: AMPCo.

Lee, I., Campbell, C., Cook, D., Dinudom, A. (2008). Regulation of epithelial Na⁺ channels by aldosterone: role of Sgk1. *Clinical and Experimental Pharmacology and Physiology*, 35(2), 235-241. [More Information]

2007

Wielpuetz, M., Lee, I., Dinudom, A., Boulkroun, S., Farman, N., Cook, D., Korbmacher, C., Rauh, R. (2007). (NDRG2) stimulates amiloride-sensitive Na⁺ currents in *Xenopus laevis* oocytes and fisher rat thyroid cells. *Journal of Biological Chemistry*, 282(38), 28264-28273. [More Information]

Lee, I., Dinudom, A., Sanchez-Perez, A., Kumar, S., Cook, D. (2007). Akt mediates the effect of insulin on epithelial sodium channels by inhibiting Nedd4-2. *Journal of Biological Chemistry*, 282(41), 29866-29873. [More Information]

Sanchez-Perez, A., Kumar, S., Cook, D. (2007). GRK2 interacts with and phosphorylates Nedd4 and Nedd4-2. *Biochemical and Biophysical Research Communications*, 359(3), 611-615. [More Information]

Kunzelmann, K., Sun, J., Meanger, J., King, N., Cook, D. (2007). Inhibition of airway Na⁺ transport by respiratory syncytial virus. *Journal of Virology*, 81(8), 3714-3720. [More Information]

Cook, D., Keech, A., Gebski, V. (2007). Subgroup analysis in clinical trials. In Anthony Keech, Val Gebski, Rhana Pike (Eds.), *Interpreting and reporting clinical trials: a guide to the CONSORT statement and the principles of randomised controlled trials*, (pp. 105-113). Sydney: AMPCo.

2006

Arthur, J., Sanchez-Perez, A., Cook, D. (2006). Scoring of predicted GRK2 phosphorylation sites in Nedd4-2. *Bioinformatics*, 22(18), 2192-2195. [More Information]

Rauh, R., Dinudom, A., Fotia, A., Paulides, M., Kumar, S.,

Korbmacher, C., Cook, D. (2006). Stimulation of the epithelial sodium channel (ENaC) by the serum- and glucocorticoid-inducible kinase (Sgk) involves the PY motifs of the channel but is independent of sodium feedback inhibition. *Pfluegers Archiv: European journal of physiology*, 452(3), 290-299. [More Information]

Fotia, A., Cook, D., Kumar, S. (2006). The ubiquitin-protein ligases Nedd4 and Nedd4-2 show similar ubiquitin-conjugating enzyme specificities. *International Journal of Biochemistry and Cell Biology*, 38(3), 472-479. [More Information]

2005

Day, M., Bailey, C., Rasko, J., Johnson, M., Cook, D. (2005). Maintenance of potassium channel activity prevents cell division in the mouse preimplantation embryo. *The Society for the Study of Reproduction 38th Annual Meeting (SSR 2005)*, Kansas, USA: Allen Press Inc.

Hu, H., Cook, D. (2005). Phospholipase C beta isoforms mediating the CCh-induced calcium response. *35th International Congress of Physiological Sciences*, United States: Federation of American Societies for Experimental Biology.

Ekberg, J., Fotia, A., Adams, D., Cook, D., Kumar, S., Poronnik, P. (2005). Sgk-1 and Nedd4/4-2 regulation of voltage-sensitive sodium channels. *35th International Congress of Physiological Sciences*, United States: Federation of American Societies for Experimental Biology.

2004

Kunzelmann, K., Konig, J., Sun, J., Markovich, D., King, N., Karupiah, G., Young, J., Cook, D. (2004). Acute Effects Of Parainfluenza Virus On Epithelial Electrolyte Transport. *Journal of Biological Chemistry*, 279(47), 48760-48766. [More Information]

Keech, A., Wonders, S., Cook, D., Gebski, V. (2004). Balancing the outcomes: reporting adverse events. *Medical Journal of Australia*, 181(4), 215-218.

Winston, N., Johnson, M., McConnell, J., Cook, D., Day, M. (2004). Expression And Role Of The Ether-Å -Go-Go-Related (MERG1A) Potassium-Channel Protein During Preimplantation Mouse Development. *Biology Of Reproduction*, 70(4), 1070-1079. [More Information]

Hryciw, D., Ekberg, J., Lee, A., Lensink, I., Kumar, S., Guggino, W., Cook, D., Pollock, C., Poronnik, P. (2004). Nedd4-2 Functionally Interacts With Clc-5: Involvement In Constitutive Albumin Endocytosis In Proximal Tubule Cells. *Journal of Biological Chemistry*, 279(53), 54996-55007. [More Information]

Fotia, A., Ekberg, J., Adams, D., Cook, D., Poronnik, P., Kumar, S. (2004). Regulation Of Neuronal Voltage-Gated Sodium Channels By The Ubiquitin-Protein Ligases Nedd4 And Nedd4-2. *Journal of Biological Chemistry*, 279(28), 28930-28935. [More Information]

Cook, D., Gebski, V., Keech, A. (2004). Subgroup analysis in clinical trials. *Medical Journal of Australia*, 180(6), 289-291.

Dinudom, A., Fotia, A., Lefkowitz, R., Young, J., Kumar, S.,

Cook, D. (2004). The Kinase Grk2 Regulates Nedd4/Nedd4-2-Dependent Control Of Epithelial Na⁺ Channels. *Proceedings of the National Academy of Sciences of the United States of America*, 101(32), 11886-11890. [More Information]

2003

Weinhaus, A., TABIIN, M., Poronnik, P., PALMA, C., Cook, D., Tuch, B. (2003). Insulin secretagogues, but not glucose, stimulate an increase in (Ca²⁺)_i in the fetal human and porcine Beta-cell. *The Journal of Clinical Endocrinology and Metabolism*, 88(6), 2753-2759. [More Information]

Fotia, A., Dinudom, A., Shearwin, K., Koch, J., Korbmacher, C., Cook, D., Kumar, S. (2003). The role of individual Nedd4-2 (KIAA0439) WW domains in binding and regulating epithelial sodium channels. *FASEB Journal*, 17(1), 70-72.

2002

Parry, M., O'Mullane, L., Barden, J., Cook, D., Poronnik, P. (2002). Antisense co-suppression of Galphaq & Galpha11 demonstrates that both isoforms mediate M3-receptor-activated Ca²⁺ signalling in intact epithelial cells. *Pfluegers Archiv: European journal of physiology*, 444(5), 644-653. [More Information]

Harding, E., Gibb, C., Johnson, M., Cook, D., Day, M. (2002). Developmental changes in the management of acid loads during preimplantation mouse development. *Biology Of Reproduction*, 67(5), 1419-1429. [More Information]

Kunzelmann, K., Schreiber, R., Cook, D. (2002). Mechanisms for the inhibition of amiloride-sensitive Na⁺ absorption by extracellular nucleotides in mouse trachea. *European Journal of Applied Physiology*, 444(1-2), 220-226. [More Information]

Konstas, A., Shearwin-Whyatt, L., Fotia, A., Degger, B., Riccardi, D., Cook, D., Korbmacher, C., Kumar, S. (2002). Regulation of the epithelial sodium channel by N4WBP5A a novel Nedd4/Nedd4-2-interacting protein. *Journal of Biological Chemistry*, 277(33), 29406-29416. [More Information]

Fotia, A., Dinudom, A., Shearwin, K., Koch, J., Korbacher, C., Cook, D., Kumar, S. (2002). The role of individual Nedd4-2 (KIAA0439) WW domains in binding and regulating epithelial sodium channels. *FASEB Journal*, 10(1), 1-22.

Jaeschke, R., Guyatt, G., Barratt, A., Walters, S., Cook, D., McAlister, F., Attia, J. (2002). Therapy and Understanding the Results: Measures of Association. In Gordon Guyatt & Drummond Rennie (Eds.), *Users' Guides to the Medical Literature: A Manual for Evidence-Based Clinical Practice*, (pp. 363-389). United States: American Medical Association.

Cook, D., Young, J. (2002). Towards a physiology of epithelial pathogens. *European Journal of Applied Physiology*, 443(3), 339-343. [More Information]

Poronnik, P., Parry, M., O'Mullane, L., Cook, D. (2002). Use of adenoviruses to study isoform specificity of G-protein-receptor-coupled Ca²⁺ signaling in intact epithelial cells. *Cell Biochemistry and Biophysics*, 36(2-3), 221-233. [More Information]

href="http://dx.doi.org/10.1385/CBB:36:2-3:221">[More Information]

2001

Dinudom, A., Komwatana, P., Young, J., Cook, D., Harvey, K., Jolliffe, C., Kumar, S. (2001). Roles of the C Termini of alpha, beta and subunits of epithelial Na⁺ channels (ENaC) in regulating ENaC and mediating its inhibition by cytosolic Na⁺. *Journal of Biological Chemistry*, 276, 13744-13749.

Dinudom, A., Cook, D., Harvey, K., Kumar, S. (2001). The Nedd4-like protein KIAA0439 is a potential regulator of the epithelial sodium channel. *Journal of Biological Chemistry*, 276, 8597-8601. [More Information]

Day, M., Winston, N., Cook, D., Johnson, M., McConnell, J. (2001). tiK+ toK+: an embryonic clock? *Reproduction, Fertility and Development*, 13, 69-79. [More Information]

2000

Parry, M., O'Mullane, L., Barden, J., Cook, D., Poronnik, P. (2000). Purinergic responses in HT29 colonic epithelial cells are mediated by G protein β -subunits. *Cell Calcium*, 27(5), 247-255. [More Information]

Parry, M., Poronnik, P., O'Mullane, L., Cook, D. (2000). Studying heterotrimeric g-protein-linked signal transduction using replication-deficient adenoviruses. *Immunology and Cell Biology*, 78(4), 375-386. [More Information]
