

Publications for Elisabeth Bernard

2017

Willowson, K., Hayes, A., Chan, D., Tapner, M., Bernard, E., Maher, R., Pavlakis, N., Clarke, S., Bailey, D. (2017). Clinical and imaging-based prognostic factors in radioembolisation of liver metastases from colorectal cancer: a retrospective exploratory analysis. *EJNMMI Research*, 7(1), 1-13. [More Information]

2015

Park, W., Li, B., Maher, R., Samra, J., Clarke, S., Bernard, E., Bailey, D., Pavlakis, N. (2015). Dramatic response to selective internal radiation therapy for unresectable hepatocellular carcinoma. *Oxford Medical Case Reports*, 2015 (2), 194-195. [More Information]

2001

Bernard, E., Delbridge, L., Ho, S., Roach, P. (2001). Optimal pinhole techniques for preoperative localization with tc-99m mibi for primary hyperparathyroidism. *Clinical Nuclear Medicine*, 26, 1002-1009.

Bernard, E., Delbridge, L., Ho, S., Roach, P., Fulcher, G. (2001). Superimposed double parathyroid adenoma on tc-99m mibi imaging the value of oblique images. *Clinical Nuclear Medicine*, 26, 876-877.

Delbridge, L., Bernard, E., Ho, S., Roach, P. (2001). The value of oblique pinhole images in pre-operative localisation with 99mTc-mibi for primary hyperparathyroidism. *European Journal of Nuclear Medicine and Molecular Imaging*, 28, 736-742.

2000

Millane, T., Bernard, E., Jaeggi, E., Uren, R., Cartmill, T., Hawker, R., Homan-Giles, R., Celermajer, D. (2000). Role of ischemia and infarction in the late right ventricular dysfunction following atrial repair of transposition of the great arteries. *Journal of the American College of Cardiology*, 35, 1661-1668.
