

Publications for Francisco Schueuer

2018

Schueuer, F., Adams, S., Bentley, J., Holland, A., Huckel Schneider, C., White, L., Nassar, N. (2018). A population-based comparison of the post-operative outcomes of open and laparoscopic appendectomy in children. *Medical Journal of Australia*, 209(2), 80-85. [More Information]

Bell, J., Schueuer, F., Harrison, C., Trevena, L., Hiscock, H., Elshaug, A., Nassar, N. (2018). Acid suppressants for managing gastro-oesophageal reflux and gastro-oesophageal reflux disease in infants: a national survey. *Archives of Disease in Childhood*, 103(7), 660-664. [More Information]

Schueuer, F., Milne, E., Jamieson, S., Pereira, G., Hansen, M., Barker, A., Holland, A., Bower, C., Nassar, N. (2018). Association between male genital anomalies and adult male reproductive disorders: a population-based data linkage study spanning more than 40 years. *The Lancet Child and Adolescent Health*, 2(10), 736-743. [More Information]

Bentley, J., Schueuer, F., Lain, S., Martin, A., Gordon, A., Nassar, N. (2018). Neonatal morbidity at term, early child development, and school performance: A population study. *Pediatrics*, 141(2), 1-9. [More Information]

Schueuer, F., Bentley, J., Davidson, A., Holland, A., Badawi, N., Martin, A., Skowno, J., Lain, S., Nassar, N. (2018). Reply to Ritchie-McLean, Susanna; Wilmshurst, Sally, regarding their comment "Can population cohort studies assess the long-term impact of anaesthesia in children?". *Paediatric Anaesthesia*, 28(12), 1157-1158. [More Information]

Schueuer, F., Bell, J., Adams, S., Brown, J., Finch, C., Nassar, N. (2018). The burden of hospitalized sports-related injuries in children: an Australian population-based study, 2005-2013. *Injury Epidemiology*, 5(1), 1-10. [More Information]

Schueuer, F., Bell, J., Adams, S., Brown, J., Finch, C., Nassar, N. (2018). The burden of hospitalized sports-related injuries in children: an Australian population-based study, 2005-2013. *Injury Epidemiology*, 5(45), 1-10. [More Information]

Schueuer, F., Bentley, J., Davidson, A., Holland, A., Badawi, N., Martin, A., Skowno, J., Lain, S., Nassar, N. (2018). The impact of general anesthesia on child development and school performance: a population-based study. *Paediatric Anaesthesia*, 28(6), 528-536. [More Information]

2017

Schueuer, F., Bentley, J., Holland, A., Lain, S., Jamieson, S.,

Badawi, N., Nassar, N. (2017). Early Childhood Development of Boys with Genital Anomalies. *Birth Defects Research*, 109(8), 535-542. [More Information]

Schueuer, F., Nassar, N. (2017). Maternal Obesity and Male Genital Anomalies: Potential Role of Placental Insufficiency and Metabolic Syndrome. *Paediatric and Perinatal Epidemiology*, 31(5), e1-e3. [More Information]

2016

Schueuer, F., Holland, A., Pereira, G., Jamieson, S., Bower, C., Nassar, N. (2016). Age at surgery and outcomes of an undescended testis. *Pediatrics*, 137(2), 1-8. [More Information]

Schueuer, F., Bower, C., Holland, A., Tasevski, V., Jamieson, S., Barker, A., Lee, L., Majzoub, J., Nassar, N. (2016). Maternal first trimester serum levels of free-beta human chorionic gonadotrophin and male genital anomalies. *Human Reproduction*, 31(8), 1895-1903. [More Information]

Holland, A., Nassar, N., Schueuer, F. (2016). Undescended testes: An update. *Current Opinion in Pediatrics*, 28(3), 388-294. [More Information]

2015

Schueuer, F., Nassar, N., Guilbert, C., Tasevski, V., Ashton, A., Morris, J., Roberts, C. (2015). Evaluation of first trimester serum soluble endothelial cell-specific tyrosine kinase receptor in normal and affected pregnancies. *The Journal of Maternal-Fetal and Neonatal Medicine*, 28(15), 1815-1821. [More Information]

George, M., Schueuer, F., Jamieson, S., Holland, A. (2015). Genetic and environmental factors in the aetiology of hypospadias. *Pediatric Surgery International*, 31(6), 519-527. [More Information]

Schueuer, F., Holland, A., Pereira, G., Bower, C., Nassar, N. (2015). Prevalence, repairs and complications of hypospadias: An Australian population-based study. *Archives of Disease in Childhood*, 100(11), 1038-1043. [More Information]

2014

Schueuer, F., Roberts, C., Ashton, A., Guilbert, C., Tasevski, V., Morris, J., Nassar, N. (2014). Angiopoietin 1 and 2 serum concentrations in first trimester of pregnancy as biomarkers of adverse pregnancy outcomes. *American Journal of Obstetrics and Gynecology*, 210(4), 345 e1-345 e9. [More Information]

Schneuer, F., Roberts, C., Guilbert, C., Simpson, J., Algert, C., Khambalia, A., Tasevski, V., Ashton, A., Morris, J., Nassar, N. (2014). Effects of maternal serum 25-hydroxyvitamin D concentrations in the first trimester on subsequent pregnancy outcomes in an Australian population. *American Journal of Clinical Nutrition*, 99(2), 287-295. [More Information]

2013

Schneuer, F., Nassar, N., Guilbert, C., Tasevski, V., Ashton, A., Morris, J., Roberts, C. (2013). First trimester screening of serum soluble fms-like tyrosine kinase-1 and placental growth factor predicting hypertensive disorders of pregnancy. *Pregnancy Hypertension: an international journal of women's cardiovascular health*, 3(4), 215-221. [More Information]

2012

Schneuer, F., Nassar, N., Tasevski, V., Morris, J., Roberts, C. (2012). Association and Predictive Accuracy of High TSH Serum Levels in First Trimester and Adverse Pregnancy Outcomes. *The Journal of Clinical Endocrinology and Metabolism*, 97(9), 3115-3122. [More Information]

Schneuer, F., Nassar, N., Khambalia, A., Tasevski, V., Ashton, A., Morris, J., Roberts, C. (2012). First trimester screening of maternal placental protein 13 for predicting preeclampsia and small for gestational age: In-house study and systematic review. *Placenta*, 33(9), 735-740. [More Information]

Schneuer, F., Nassar, N., Morris, J., Roberts, C. (2012). Response to letter to Editor: Prediction of preeclampsia and fetal growth restriction using placental protein 13. *Placenta*, 33(11), 956-956. [More Information]
