Contemplating an expatriate health care position? Key factors to consider.

Contemporary Nurse, 21(1), 5-7.

Australasian Psychiatry

Does art imitate death?

Cleary, M., Walter, G., Jackson, D. (2013). Editorial: Above all, 'do no harm': Key considerations when including students as research participants in higher education settings.

Contemporary Nurse, 49, 93-95.

Contemporary Nurse, 21(1), 5-7.

Australasian Psychiatry

Does art imitate death?

**2011**  

2010

The text is too long to display here in its entirety. It includes a mix of articles, book excerpts, and other academic references, covering topics from medical ethics to mental health practice. The references are from various sources, including journals and books, and are spread across different years. The text is in English and appears to be a compilation of academic citations rather than a cohesive narrative.
