

Publications for Maxwell Bennett

2019

Bennett, M., Farnell, L., Gibson, W., Lagopoulos, J. (2019). A model of amygdala function following plastic changes at specific synapses during extinction. *Neurobiology of Stress*, 10(March 2019), 100159 - 1-100159 - 13.

De Ridder, M., Klein, K., Yang, J., Yang, P., Lagopoulos, J., Hickie, I., Bennett, M., Kim, J. (2019). An Uncertainty Visual Analytics Framework for fMRI Functional Connectivity. *Neuroinformatics*, In Press. [More Information]

Clarke, D., Chohan, T., Kassem, M., Smith, K., Chesworth, R., Karl, T., Kuligowski, M., Fok, S., Bennett, M., Arnold, J. (2019). Neuregulin 1 Deficiency Modulates Adolescent Stress-Induced Dendritic Spine Loss in a Brain Region-Specific Manner and Increases Complement 4 Expression in the Hippocampus. *Schizophrenia Bulletin*, 45(2), 339-349. [More Information]

2018

Bennett, M., Farnell, L., Gibson, W. (2018). Quantitative relations between BOLD responses, cortical energetics, and impulse firing. *Journal of Neurophysiology*, 119(3), 979-989. [More Information]

Logue, M., van Rooij, S., Dennis, E., Davis, S., Hayes, J., Stevens, J., Densmore, M., Haswell, C., Ipser, J., Lagopoulos, J., Bennett, M., et al (2018). Smaller Hippocampal Volume in Posttraumatic Stress Disorder: A Multisite ENIGMA-PGC Study: Subcortical Volumetry Results From Posttraumatic Stress Disorder Consortia. *Biological Psychiatry*, 83(3), 244-253. [More Information]

Paquola, C., Bennett, M., Lagopoulos, J. (2018). Structural and functional connectivity underlying grey matter covariance: impact of developmental insult. *Brain Connectivity*, 8(5), 299-310. [More Information]

O'Doherty, D., Ryder, W., Paquola, C., Tickell (nee Kennedy), A., Chan, C., Hermens, D., Bennett, M., Lagopoulos, J. (2018). White matter integrity alterations in post-traumatic stress disorder. *Human Brain Mapping*, 39(3), 1327-1338. [More Information]

2017

O'Doherty, D., Tickell, A., Ryder, W., Chan, C., Hermens, D., Bennett, M., Lagopoulos, J. (2017). Frontal and subcortical grey matter reductions in PTSD. *Psychiatry Research*, 266, 1-9. [More Information]

Paquola, C., Bennett, M., Hatton, S., Hermens, D., Groote, I., Lagopoulos, J. (2017). Hippocampal development in youth with a history of childhood maltreatment. *Journal of Psychiatric Research*, 91, 149-155. [More Information]

Carpenter, J., Abelmann, A., Hatton, S., Robillard, R., Hermens, D., Bennett, M., Lagopoulos, J., Hickie, I. (2017). Pineal volume and evening melatonin in young people with affective disorders. *Brain Imaging and Behavior*, 11(6), 1741-1750. [More Information]

Bennett, M., Arnold, J., Hatton, S., Lagopoulos, J. (2017). Regulation of fear extinction by long-term depression: the roles of endocannabinoids and brain derived neurotrophic factor. *Behavioural Brain Research*, 319, 148-164. [More Information]

Paquola, C., Bennett, M., Hatton, S., Hermens, D., Lagopoulos, J. (2017). Utility of the cumulative stress and mismatch hypotheses in understanding the neurobiological impacts of childhood abuse and recent stress in youth with emerging mental disorder. *Human Brain Mapping*, 38(5), 2709-2721. [More Information]

2016

Bennett, M., Hatton, S., Hermens, D., Lagopoulos, J. (2016). Behavior, neuropsychology and fMRI. *Progress in Neurobiology*, 145-146, 1-25. [More Information]

Bennett, M., Farnell, L., Gibson, W., Lagopoulos, J. (2016). On the origins of the 'global signal' determined by functional magnetic resonance imaging in the resting state. *Journal of Neural Engineering*, 13(1), 1-11. [More Information]

Bennett, M., Hatton, S., Lagopoulos, J. (2016). Stress, trauma and PTSD: translational insights into the core synaptic circuitry and its modulation. *Brain Structure and Function*, 221(5), 2401-2426. [More Information]

Paquola, C., Bennett, M., Lagopoulos, J. (2016). Understanding heterogeneity in grey matter research of adults with childhood maltreatment - A meta-analysis and review. *Neuroscience and Biobehavioral Reviews*, 69, 299-312. [More Information]

2015

O'Doherty, D., Chitty, K., Saddiqui, S., Bennett, M., Lagopoulos, J. (2015). A systematic review and meta-analysis of magnetic resonance imaging measurement of structural volumes in posttraumatic stress disorder. *Psychiatry Research*, 232(1), 1-33. [More Information]

Bennett, M., Farnell, L., Gibson, W., Lagopoulos, J. (2015). Cortical Network Models of Firing Rates in the Resting and Active States Predict BOLD Responses. *PloS One*, 10(12), 1-15. [More Information]

Information]

Bennett, M., Farnell, L., Gibson, W., Lagopoulos, J. (2015). Cortical network models of impulse firing in the resting and active states predict cortical energetics. *Proceedings of the National Academy of Sciences of the United States of America*, 112(13), 4134-4139. [More Information]

Bennett, M. (2015). Excitable Neurofibrils and the Problem of Identifying the Structure of Central Excitatory Synapses in the Nineteenth Century. *Journal of the History of the Neurosciences*, 24(3), 229-243. [More Information]

Bennett, M., Lagopoulos, J. (2015). Neurodevelopmental sequelae associated with gray and white matter changes and their cellular basis: A comparison between Autism Spectrum Disorder, ADHD and dyslexia. *International Journal of Developmental Neuroscience*, 46, 132-143. [More Information]

Bennett, M., Hacker, P. (2015). On explaining and understanding cognitive behaviour. *Australian Journal of Psychology*, 67(4), 241-250. [More Information]

2014

Chohan, T., Nguyen, A., Todd, S., Bennett, M., Callaghan, P., Arnold, J. (2014). Partial genetic deletion of neuregulin 1 and adolescent stress interact to alter NMDA receptor binding in the medial prefrontal cortex. *Frontiers in Behavioral Neuroscience*, 8, 1-10. [More Information]

Chohan, T., Boucher, A., Spencer, J., Kassem, M., Hamdi, A., Karl, T., Fok, S., Bennett, M., Arnold, J. (2014). Partial Genetic Deletion of Neuregulin 1 Modulates the Effects of Stress on Sensorimotor Gating, Dendritic Morphology, and HPA Axis Activity in Adolescent Mice. *Schizophrenia Bulletin*, 40(6), 1272-1284. [More Information]

Hatton, S., Lagopoulos, J., Hermens, D., Hickie, I., Scott, E., Bennett, M. (2014). Short association fibres of the insula-temporoparietal junction in early psychosis: a diffusion tensor imaging study. *PLoS One*, 9(11), 1-9. [More Information]

Bennett, M., Lagopoulos, J. (2014). Stress and Trauma: BDNF control of Dendritic-Spine Formation and Regression. *Progress in Neurobiology*, 112, 80-99. [More Information]

Wilkinson, S., Gunosewoyo, H., Barron, M., Boucher, A., McDonnell, M., Turner, P., Morrison, D., Bennett, M., McGregor, I., Rendina, L., Kassiou, M. (2014). The first CNS-active carborane: A novel P2X7 receptor antagonist with antidepressant activity. *ACS Chemical Neuroscience*, 5(5), 335-339. [More Information]

Hatton, S., Lagopoulos, J., Hermens, D., Hickie, I., Scott, E., Bennett, M. (2014). White matter tractography in early psychosis: clinical and neurocognitive associations. *Journal of Psychiatry & Neuroscience*, 39(6), 417-427. [More Information]

Information]

2013

Hyder, F., Rothman, D., Bennett, M. (2013). Cortical energy demands of signaling and non-signaling components in brain are conserved across mammalian species and activity levels. *Proceedings of the National Academy of Sciences of the United States of America*, 110(9), 3549-3554. [More Information]

Hatton, S., Lagopoulos, J., Hermens, D., Scott, E., Hickie, I., Bennett, M. (2013). Cortical thinning in young psychosis and bipolar patients correlate with common neurocognitive deficits. *International Journal of Bipolar Disorders*, 1(3), 1-13. [More Information]

Svahn, A., Graeber, M., Ellett, F., Lieschke, G., Rinkwitz, S., Bennett, M., Becker, T. (2013). Development of Ramified Microglia from Early Macrophages in the Zebrafish Optic Tectum. *Developmental Neurobiology*, 73(1), 60-71. [More Information]

Bennett, M., Farnell, L., Gibson, W. (2013). Fiber Pathway Pathology, Synapse Loss and Decline of Cortical Function in Schizophrenia. *PLoS One*, 8(4), 1-12. [More Information]

Lagopoulos, J., Hermens, D., Hatton, S., Battisti, R., Tobias-Webb, J., White, D., Naismith, S., Scott, E., Ryder, W., Bennett, M., Hickie, I. (2013). Microstructural white matter changes are correlated with the stage of psychiatric illness. *Translational Psychiatry*, 3, 1-10. [More Information]

Kassem, M., Lagopoulos, J., Stait-Gardner, T., Price, W., Chohan, T., Arnold, J., Hatton, S., Bennett, M. (2013). Stress-Induced Grey Matter Loss Determined by MRI Is Primarily Due to Loss of Dendrites and Their Synapses. *Molecular Neurobiology*, 47(2), 645-661. [More Information]

Bennett, M. (2013). The discovery of a new class of synaptic transmitters in smooth muscle 50 years ago and amelioration of coronary artery thrombosis. *Acta Physiologica*, 207(2), 236-243. [More Information]

Bennett, M. (2013). The discovery of NANC transmission: reply to the criticisms of G.Burnstock (2013) (GB) and Abbracchio et al., (2013) (A et al.) of M.Bennett's (MB) account of this history in *Acta Physiol* (2013) Feb; 207(2):236-43. *Acta Physiologica*, 208(4), 292-293. [More Information]

Bennett, M. (2013). *Virginia Woolf and Neuropsychiatry*. Heidelberg: Springer. [More Information]

2012

Bennett, M., Farnell, L., Gibson, W. (2012). A Model of Neuregulin Control of NMDA receptors on Synaptic Spines. *Bulletin of Mathematical Biology*, 74(3), 717-735. [More Information]

Hatton, S., Lagopoulos, J., Hermens, D., Naismith, S., Bennett, M., Hickie, I. (2012). Correlating anterior insula gray matter volume changes in young people with clinical and neurocognitive outcomes: an MRI study. *BMC Psychiatry*, 12(1), 1-10. [More Information]

Werry, E., Liu, G., Lovelace, M., Nagarajah, R., Bennett, M. (2012). Glutamate potentiates lipopolysaccharide-stimulated interleukin-10 release from neonatal rat spinal cord astrocytes. *Neuroscience*, 207, 12-24. [More Information]

2011

Bennett, M., Farnell, L., Gibson, W. (2011). A Model of NMDA Receptor Control of F-actin Treadmilling in Synaptic Spines and Their Growth. *Bulletin of Mathematical Biology*, 73(9), 2109-2131. [More Information]

Bennett, M., Hacker, P. (2011). Criminal Law as It Pertains to Patients Suffering from Psychiatric Diseases. *Journal of Bioethical Inquiry*, 8(1), 45-58. [More Information]

Werry, E., Liu, G., Lovelace, M., Nagarajah, R., Hickie, I., Bennett, M. (2011). Lipopolysaccharide-Stimulated Interleukin-10 Release From Neonatal Spinal Cord Microglia is Potentiated by Glutamate. *Neuroscience*, 175, 93-103. [More Information]

Bennett, M., Hacker, P. (2011). Reply to critical review by professor John Smythies. *Perception*, 40(2), 249-251. [More Information]

Boucher, A., Arnold, J., Hunt, G., Spiro, A., Spencer, J., Brown, C., McGregor, I., Bennett, M., Kassiou, M. (2011). Resilience and Reduced C-FOS Expression in P2X7 Receptor Knockout Mice Exposed to Repeated Forced Swim Test. *Neuroscience*, 189, 170-177. [More Information]

Bennett, M. (2011). Schizophrenia: susceptibility genes, dendritic-spine pathology and gray matter loss. *Progress in Neurobiology*, 95(3), 275-300. [More Information]

Bennett, M. (2011). Seele und Geist - Zur Geschichte Zweier Begriffe. In Colleen M. Schmitz, Ladislav Kesner (Eds.), *Images of the Mind: Bildwelten des Geistes aus Kunst und Wissenschaft*, (pp. 13-24). Gottingen: Wallstein Verlag.

Bennett, M. (2011). The prefrontal-limbic network in depression: A core pathology of synapse regression. *Progress in Neurobiology*, 93(4), 457-467. [More Information]

Bennett, M. (2011). The prefrontal-limbic network in depression: Modulation by hypothalamus, basal ganglia and midbrain. *Progress in Neurobiology*, 93(4), 468-487. [More Information]

2010

Bennett, M., Farnell, L., Gibson, W. (2010). A Model of NMDA Receptor Control of F-actin Treadmilling in Synaptic Spines and Their Growth. *Bulletin of Mathematical Biology*, 1-

23. [More Information]

Bennett, M. (2010). Synapse regression in depression: the role of 5-HT receptors in modulating NMDA receptor function and synaptic plasticity. *Australian and New Zealand Journal of Psychiatry*, 44(4), 301-308. [More Information]

2009

Bennett, M. (2009). Criminal law as it pertains to "mentally incompetent defendants": a McNaughton rule in the light of cognitive neuroscience. *Australian and New Zealand Journal of Psychiatry*, 43(4), 289-299. [More Information]

Shin, J., Nguyen, K., Pow, D., Knight, T., Buljan, V., Bennett, M., Balcar, V. (2009). Distribution of Glutamate Transporter GLAST in Membranes of Cultured Astrocytes in the Presence of Glutamate Transport Substrates and ATP. *Neurochemical Research*, 34(10), 1758-1766. [More Information]

Liu, G., Nagarajah, R., Banati, R., Bennett, M. (2009). Glutamate induces directed chemotaxis of microglia. *European Journal of Neuroscience*, 29(6), 1108-1118. [More Information]

Bennett, M., Farnell, L., Gibson, W. (2009). P2X7 regenerative-loop potentiation of glutamate synaptic transmission by microglia and astrocytes. *Journal of Theoretical Biology*, 261(1), 1-16. [More Information]

Bennett, M. (2009). Positive and negative symptoms in schizophrenia: the NMDA receptor hypofunction hypothesis, neuregulin/ErbB4 and synapse regression. *Australian and New Zealand Journal of Psychiatry*, 43(8), 711-721. [More Information]

Gunosewoyo, H., Coster, M., Bennett, M., Kassiou, M. (2009). Purinergic P2X(7) receptor antagonists: Chemistry and fundamentals of biological screening. *Bioorganic and Medicinal Chemistry*, 17(14), 4861-4865. [More Information]

Nguyen, K., Shin, J., Rae, C., Nanitsos, E., Acosta, G., Powis, D., Buljan, V., Bennett, M., Else, P., Balcar, V. (2009). Rottlerin Inhibits (Na⁺), K⁺)-ATPase Activity in Brain Tissue and Alters D-Aspartate Dependent Redistribution of Glutamate Transporter GLAST in Cultured Astrocytes. *Neurochemical Research*, 34(10), 1767-1774. [More Information]

Bennett, M. (2009). Synapse formation and regression in the cortex during adolescence and in schizophrenia. *Medical Journal of Australia*, 190(4 SUPPL.), s14-s16. [More Information]

2008

Gibson, W., Farnell, L., Bennett, M. (2008). A quantitative model of ATP-mediated calcium wave propagation in astrocyte networks. In Deutsch A; Bravo de la Parra R; de Boer RJ;

Diekmann O; Jagers P;Kisdi E; etc (Eds.), *Mathematical modeling of biological systems*, (pp. 193-204). Boston: Birkhauser (imprint of Springer). [More Information]

Bennett, M., Farnell, L., Gibson, W. (2008). A quantitative model of cortical spreading depression due to purinergic and gap-junction transmission in astrocyte networks. *Biophysical Journal*, 95(12), 5648-5660. [More Information]

Bennett, M. (2008). Consciousness and hallucinations in schizophrenia: the role of synapse regression. *Australian and New Zealand Journal of Psychiatry*, 42(11), 915-931. [More Information]

Gunosewoyo, H., Liu, G., Bennett, M., Coster, M., Kassiou, M. (2008). Cubyl amides: Novel P2X(7) receptor antagonists. *Bioorganic and Medicinal Chemistry Letters*, 18(13), 3720-3723. [More Information]

Bennett, M. (2008). Dual constraints on synapse formation and regression in schizophrenia: neuregulin, neuroligin, dysbindin, DISC1, MuSK and agrin. *Australian and New Zealand Journal of Psychiatry*, 42, 662-677.

Bennett, M., Hacker, P. (2008). *History of Cognitive Neuroscience*. USA: Wiley-Blackwell Publishing. [More Information]

Bennett, M., Farnell, L., Gibson, W. (2008). Origins of blood volume change due to glutamatergic synaptic activity at astrocytes abutting on arteriolar smooth muscle cells. *Journal of Theoretical Biology*, 250(1), 172-185. [More Information]

Bennett, M., Farnell, L., Gibson, W. (2008). Origins of the BOLD changes due to synaptic activity at astrocytes abutting arteriolar smooth muscle. *Journal of Theoretical Biology*, 252, 123-130. [More Information]

Bennett, M., Buljan, V., Farnell, L., Gibson, W. (2008). Purinergic junctional transmission and propagation of calcium waves in cultured spinal cord microglial networks. *Purinergic Signalling*, 4(1), 47-59. [More Information]

Bennett, M. (2008). Stress and anxiety in schizophrenia and depression: glucocorticoids, corticotropin-releasing hormone and synapse regression. *Australian and New Zealand Journal of Psychiatry*, 42, 995-1002.

Hickie, I., Bennett, M. (2008). The Brain and Mind Research Institute: a unique campus for the integration of clinical and basic neurosciences in Australia. *Australasian Psychiatry*, 16(3), 169-172. [More Information]

2007

Gibson, W., Farnell, L., Bennett, M. (2007). A computational model relating changes in cerebral blood volume to synaptic activity in neurons. *Neurocomputing*, 70(10), 1674-1679. [More Information]

Bennett, M. (2007). Development of the concept of mind. *Australian and New Zealand Journal of Psychiatry*, 41(12), 943-956. [More Information]

Bennett, M., Farnell, L., Gibson, W., Dickens, P. (2007). Mechanisms of calcium sequestration during facilitation at active zones of an amphibian neuromuscular junction. *Journal of Theoretical Biology*, 247(2), 230-241. [More Information]

Bennett, M., Dennett, D., Hacker, P., Searle, J. (2007). *Neuroscience and Philosophy: Brain, Mind, and Language*. United States: Columbia University Press.

Bennett, M. (2007). Synaptic P2X7 receptor regenerative-loop hypothesis for depression. *Australian and New Zealand Journal of Psychiatry*, 41(7), 563-571. [More Information]

2006

Werry, E., Liu, G., Bennett, M. (2006). Glutamate-stimulated ATP release from spinal cord astrocytes is potentiated by substance P. *Journal of Neurochemistry*, 99(3), 924-936. [More Information]

Bennett, M., Hacker, P. (2006). Language and cortical function: Conceptual developments. *Progress in Neurobiology*, 80(1), 20-52. [More Information]

Liu, G., Kalous, A., Werry, E., Bennett, M. (2006). Purine Release from Spinal Cord Microglia Following Elevation of Calcium by Glutamate. *Molecular Pharmacology*, 70(3), 851-859. [More Information]

Bennett, M., Buljan, V., Farnell, L., Gibson, W. (2006). Purinergic junctional transmission and propagation of calcium waves in spinal cord astrocyte networks. *Biophysical Journal*, 91(9), 3560-3571. [More Information]

Lin, Y., Bennett, M. (2006). Schwann cells in rat vascular autonomic nerves activated via purinergic receptors. *NeuroReport*, 17(5), 531-535. [More Information]

2005

Bennett, M., Farnell, L., Gibson, W. (2005). A quantitative description of the contraction of blood vessels following the release of noradrenaline from sympathetic varicosities. *Journal of Theoretical Biology*, 234(1), 107-122. [More Information]

Bennett, M., Farnell, L., Gibson, W. (2005). A quantitative model of purinergic junctional transmission of calcium waves in astrocyte networks. *Biophysical Journal*, 89(4), 2235-2250. [More Information]

Lemon, G., Brockhausen, J., Li, G., Gibson, W., Bennett, M. (2005). Calcium mobilization and spontaneous transient

outward current characteristics upon agonist activation of P2Y(2) receptors in smooth muscle cells. *Biophysical Journal*, 88(3), 1507-1523. [More Information]

Bennett, M., Hacker, P. (2005). Emotion and cortical-subcortical function: conceptual developments. *Progress in Neurobiology*, 75(1), 29-52. [More Information]

Liu, G., Werry, E., Bennett, M. (2005). Secretion of ATP from Schwann cells in response to uridine triphosphate. *European Journal of Neuroscience*, 21(1), 151-160. [More Information]

Lin, Y., Bennett, M. (2005). Varicosity-Schwann cell interactions mediated by ATP in the mouse vas deferens. *Journal of Neurophysiology*, 93(5), 2787-2796. [More Information]

2004

Bennett, M., Farnell, L., Gibson, W., Blair, D. (2004). A Quantitative Description Of The Diffusion Of Noradrenaline In The Media Of Blood Vessels Following Its Release From Sympathetic Varicosities. *Journal of Theoretical Biology*, 226(3), 359-372. [More Information]

Bennett, M. (2004). Autonomic Neuromuscular Transmission. In David Robertson (editor in chief), Italo Biaggioni, Geoffrey Burnstock, Philli (Eds.), *Primer on the Autonomic Nervous System*, (pp. 34-35). San Diego, USA: Academic Press.

Bennett, M. (2004). Milestones in Autonomic Research. In David Robertson (editor in chief), Italo Biaggioni, Geoffrey Burnstock, Philli (Eds.), *Primer on the Autonomic Nervous System*, (pp. 12-13). San Diego, USA: Academic Press.

Bennett, M., Farnell, L., Gibson, W. (2004). The Facilitated Probability of Quantal Secretion within an Array of Calcium Channels of an Active Zone at the Amphibian Neuromuscular Junction. *Biophysical Journal*, 86(5), 2674-2690. [More Information]

2003

Lemon, G., Gibson, W., Bennett, M. (2003). A model of inositol 1,4,5-trisphosphate and calcium dynamics in single cells following metabotropic receptor activation. *Neurocomputing*, 52-54, 271-276.

Liu, G., Bennett, M. (2003). ATP secretion from nerve trunks and Schwann cells mediated by glutamate. *NeuroReport*, 14(16), 2079-2083.

Blair, D., Lin, Y., Bennett, M. (2003). Differential sensitivity to calcium and osmotic pressure of fast and slow ATP currents at sympathetic varicosities in mouse vas deferens. *Autonomic Neuroscience: Basic and Clinical*, 105(1), 45-52. [More Information]

Abdipranoto, A., Liu, G., Werry, E., Bennett, M. (2003). Mechanisms of secretion of ATP from cortical astrocytes triggered by uridine triphosphate. *NeuroReport*, 14(17), 2177-2181.

Lemon, G., Gibson, W., Bennett, M. (2003). Metabotropic receptor activation, desensitization and sequestration - I:

modelling calcium and inositol 1,4,5-triphosphate dynamics following receptor activation. *Journal of Theoretical Biology*, 223(1), 93-111. [More Information]

Lemon, G., Gibson, W., Bennett, M. (2003). Metabotropic receptor activation, desensitization and sequestration - II: modelling the dynamics of the pleckstrin homology domain. *Journal of Theoretical Biology*, 223(1), 113-129. [More Information]

Bennett, M. (2003). Obituary: Sir Bernard Katz (1911-2003). *Brain Cell Biology*, 11, 431-436. [More Information]

Liu, G., Brockhausen, J., Bennett, M. (2003). P2X1 receptor currents after disruption of PKC site and its surroundings by dominant negative mutations in HEK293 cells. *Autonomic Neuroscience: Basic and Clinical*, 108(1-2), 12-16. [More Information]

Bennett, M., Hacker, P. (2003). *Philosophical Foundations of Neuroscience*. USA: Blackwell Publishers.

Dickens, P., Hill, P., Bennett, M. (2003). Schwann cell dynamics with respect to newly formed motor-nerve terminal branches on mature (bufo marinus) muscle fibers. *Journal of Neurocytology*, 32(4), 381-392. [More Information]

Bennett, M. (2003). The formation and function of single transmitter release sites at mature amphibian motor - Nerve terminals. *Journal of Neurocytology*, 32(5-8), 447-472. [More Information]

Bennett, M. (2003). The formation and function of single transmitter release sites at mature amphibian motor-nerve terminals. *Journal of Neurocytology*, 32(5-8), 447-472. [More Information]

2002

Bennett, M., Gibson, W., Lemon, G. (2002). Neuronal cell death, nerve growth factor and neurotrophic models: 50 years on. *Autonomic Neuroscience: Basic and Clinical*, 95, 1-23. [More Information]

Henery, R., Farnell, L., Gibson, W., Bennett, M. (2002). Potential fields in vascular smooth muscle generated by transmitter release from sympathetic varicosities. *Journal of Theoretical Biology*, 218(4), 531-548. [More Information]

Kearns, M., Farnell, L., Gibson, W., Lin, Y., Bennett, M. (2002). Quantal current fields around individual boutons in sympathetic Ganglia. *Journal of Theoretical Biology*, 214(2), 135-146. [More Information]

Bennett, M. (2002). Single sympathetic varicosities and their receptor clusters: regulation of transmitter release and cluster formation. In Toshiharu Nagatsu, Toshitaka Nabeshima, Richard McCarty, David S Goldstein (Eds.), *Catecholamine Research: from molecular insights to clinical medicine*, (pp. 47-51). New York: Kluwer Academic Publishers.

Bennett, M., Hacker, P. (2002). The motor system in

neuroscience: a history and analysis of conceptual developments. *Progress in Neurobiology*, 67(1), 1-52. [More Information]

2001

Gibson, W., Farnell, L., Bennett, M. (2001). A Monte Carlo analysis of calcium dynamics and facilitation in nerve terminals. *Neurocomputing*, 38-40, 17-22.
