

Publications for Patrick Bertolino

2018

Sheu, A., Chan, Y., Ferguson, A., Bakhtyari, M., Hawke, W., White, C., Chan, Y., Bertolino, P., Woon, H., Palendira, U., Sierro, F., et al (2018). A proinflammatory CD4+ T cell phenotype in gestational diabetes mellitus. *Diabetologia*, 61(7), 1633-1643. [More Information]

Roediger, B., Lee, Q., Tikoo, S., Cobbin, J., Henderson, J., Jormakka, M., O'Rourke, M., Padula, M., Pinello, N., Henry, M., Wynne, M., Lisowski, L., Tay, S., Harris, D., Bertolino, P., Wong, J., Gorrell, M., Holmes, E., Jolly, C., Weninger, W., et al (2018). An Atypical Parvovirus Drives Chronic Tubulointerstitial Nephropathy and Kidney Fibrosis. *Cell*, 175(2), 530-540. [More Information]

Holz, L., Prier, J., Freestone, D., Steiner, T., English, K., Johnson, D., Mollard, V., Cozijnsen, A., Davey, G., Godfrey, D., Bertolino, P., et al (2018). CD8+ T Cell Activation Leads to Constitutive Formation of Liver Tissue-Resident Memory T Cells that Seed a Large and Flexible Niche in the Liver. *Cell Reports*, 25(1), 68-76.e4. [More Information]

Paul-Heng, M., Leong, M., Cunningham, E., Bunker, D., Bremner, K., Wang, Z., Wang, C., Tay, S., McGuffog, C., Logan, G., Alexander, I., Hu, M., Alexander, S., Bertolino, P., Bowen, D., Bishop, A., Sharland, A., et al (2018). Direct recognition of hepatocyte-expressed MHC class I alloantigens is required for tolerance induction. *JCI Insight*, 3(15), 1-19. [More Information]

Florido, M., Muflihah, H., Lin, L., Xia, Y., Sierro, F., Palendira, U., Feng, C., Bertolino, P., Stambas, J., Triccas, J., Britton, W. (2018). Pulmonary immunization with a recombinant influenza A virus vaccine induces lung-resident CD4+ memory T cells that are associated with protection against tuberculosis. *Mucosal Immunology*, 11(6), 1743-1752. [More Information]

2017

Sierro, F., Evrard, M., Rizzetto, S., Melino, M., Mitchell, A., Florido, M., Beattie, L., Walters, S., Tay, S., Lu, B., Roediger, B., Wong, Y., Warren, A., Ritchie, W., McGuffog, C., Weninger, W., Le Couteur, D., Britton, W., Saunders, B., McCaughan, G., Bowen, D., Bertolino, P., et al (2017). A Liver Capsular Network of Monocyte-Derived Macrophages Restricts Hepatic Dissemination of Intraperitoneal Bacteria by Neutrophil Recruitment. *Immunity*, 47(2), 374-388. [More Information]

Wang, X., Holz, L., Chowdhury, S., Cordoba, S., Evans, K., Gall, M., Vieira de Ribeiro, A., Zheng, Y., Levy, M., Yu, M., Yao, T., Polak, N., Jolly, C., Bertolino, P., McCaughan, G., Gorrell, M. (2017). The pro-fibrotic role of dipeptidyl peptidase 4 in carbon tetrachloride-induced experimental liver injury. *Immunology and Cell Biology*, 95(5), 443-453. [More Information]

Lovelace, M., Powter, E., Coleman, P., Zhao, Y., Parker, A., Chang, G., Lay, A., Hunter, J., McGrath, A., Jormakka, M., Bertolino, P., McCaughan, G., Vadas, M., Gamble, J., et al (2017). The RhoGAP protein ARHGAP18/SENEX localizes to microtubules and regulates their stability in endothelial cells. *Molecular Biology of the Cell*, 28(8), 1066-1078. [More Information]

McNamara, H., Cai, Y., Wagle, M., Sontani, Y., Roots, C., Miosge, L., O'Connor, J., Sutton, H., Ganusov, V., Bertolino, P. (2017). Up-regulation of LFA-1 allows liver-resident memory T cells to patrol and remain in the hepatic sinusoids. *Science Immunology*, 2(9), 1-21. [More Information]

2016

Vo, M., Holz, L., Wong, Y., English, K., Benseler, V., McGuffog, C., Azuma, M., McCaughan, G., Bowen, D., Bertolino, P. (2016). Effector T cell function rather than survival determines extent and duration of hepatitis in mice. *Journal of Hepatology*, 64(6), 1327-1338. [More Information]

Fernandez-Ruiz, D., Ng, W., Holz, L., Ma, J., Zaid, A., Wong, Y., Lau, L., Mollard, V., Cozijnsen, A., Collins, N., Tay, S., Bowen, D., Bertolino, P., et al (2016). Liver-Resident Memory CD8+ T Cells Form a Front-Line Defense against Malaria Liver-Stage Infection. *Immunity*, 45(4), 889-902. [More Information]

Wong, Y., McCaughan, G., Bowen, D., Bertolino, P. (2016). The CD8 T-cell response during tolerance induction in liver transplantation. *Clinical & Translational Immunology*, 5(10), 1-12. [More Information]

2015

Powter, E., Coleman, P., Tran, M., Lay, A., Bertolino, P., Parton, R., Vadas, M., Gamble, J. (2015). Caveolae control the anti-inflammatory phenotype of senescent endothelial cells. *Aging Cell*, 14(1), 102-111. [More Information]

McCaughan, G., Bertolino, P., Bowen, D. (2015). Could the morning after liver transplant be immunologically interesting? *Liver Transplantation*, 21(9), 1120-1122. [More Information]

Wong, Y., Tay, S., McCaughan, G., Bowen, D., Bertolino, P. (2015). Immune outcomes in the liver: Is CD8 T cell fate determined by the environment? *Journal of Hepatology*, 63(4), 1005-1014. [More Information]

Guo, J., McQuillan, J., Yau, B., Tullo, G., Long, C., Bertolino, P., Roediger, B., Weninger, W., Taylor, G., Hunt, N., Ball, H., et al (2015). IRGM3 Contributes to Immunopathology and Is Required for Differentiation of Antigen-Specific Effector CD8

T Cells in Experimental Cerebral Malaria. *Infection and Immunity*, 83(4), 1406-1417. [More Information]

Bertolino, P., Bowen, D. (2015). Malaria and the liver: immunological hide-and-seek or subversion of immunity from within? *Frontiers in Microbiology*, 6(FEB), 1-15. [More Information]

Brockhausen, J., Tay, S., Grzelak, C., Bertolino, P., Bowen, D., d'Avigdor, W., Teoh, N., Pok, S., Shackel, N., Gamble, J., Vadas, M., et al (2015). miR-181a mediates TGF- β -induced hepatocyte EMT and is dysregulated in cirrhosis and hepatocellular cancer. *Liver International*, 35(1), 240-253. [More Information]

Bolton, H., Zhu, E., Terry, A., Guy, T., Koh, W., Tan, S., Power, C., Bertolino, P., Lahl, K., Sparwasser, T., Shklovskaya, E., Fazekas de St Groth, B. (2015). Selective Treg reconstitution during lymphopenia normalizes DC costimulation and prevents graft-versus-host disease. *Journal of Clinical Investigation*, 125(9), 3627-3641. [More Information]

Sierro, F., Tay, S., Warren, A., Le Couteur, D., McCaughan, G., Bowen, D., Bertolino, P. (2015). Suicidal Emperipolesis: A process leading to cell-in-cell structures, T cell clearance and immune homeostasis. *Current Molecular Medicine*, 15(9), 819-827. [More Information]

Le Couteur, D., Tay, S., Solon-Biet, S., Bertolino, P., McMahon, A., Cogger, V., Colakoglu, F., Warren, A., Holmes, A., Pichaud, N., Raubenheimer, D., Simpson, S., et al (2015). The influence of macronutrients on splanchnic and hepatic lymphocytes in aging mice. *Journals of Gerontology. Series A: Biological Sciences and Medical Sciences*, 70(12), 1499-1507. [More Information]

2014

Tay, S., Wong, Y., McDonald, D., Wood, N., Roediger, B., Sierro, F., McGuffog, C., Alexander, I., Bishop, A., Gamble, J., Weninger, W., McCaughan, G., Bertolino, P., Bowen, D. (2014). Antigen expression level threshold tunes the fate of CD8 T cells during primary hepatic immune responses. *Proceedings of the National Academy of Sciences of the United States of America*, 111(25), E2540-E2549. [More Information]

Bowen, D., Bertolino, P. (2014). Immune Responses to the Hepatitis C Virus. In I. R. Mackay, N. R. Rose, B. Diamond, A. Davidson (Eds.), *Encyclopedia of Medical Immunology: Autoimmune Diseases*, (pp. 476-486). New York: Springer Science+Business Media. [More Information]

Tay, S., Wong, Y., Roediger, B., Sierro, F., Lu, B., McDonald, D., McGuffog, C., Meyer, N., Alexander, I., Parish, I., Weninger, W., Bishop, A., Gamble, J., McCaughan, G., Bertolino, P., Bowen, D., et al (2014). Intrahepatic activation of naive CD4+T cells by liver-resident phagocytic cells. *Journal of Immunology*, 193(5), 2087-2095. [More Information]

Bertolino, P., Bowen, D. (2014). Primary T-Cell Activation in

Liver. In I. R. Mackay, N. R. Rose, B. Diamond, A. Davidson (Eds.), *Encyclopedia of Medical Immunology: Autoimmune Diseases*, (pp. 899-905). New York: Springer Science+Business Media. [More Information]

Le Couteur, D., Warren, A., Cogger, V., Bertolino, P. (2014). Ultrastructure of the Liver Sinusoid. In I. R. Mackay, N. R. Rose, B. Diamond, A. Davidson (Eds.), *Encyclopedia of Medical Immunology: Autoimmune Diseases*, (pp. 1235-1240). New York: Springer Science+Business Media. [More Information]

2013

Tay, S., Lu, B., Sierro, F., Benseler, V., McGuffog, C., Bishop, A., Cowan, P., McCaughan, G., Dwyer, K., Bowen, D., et al (2013). Differential migration of passenger leukocytes and rapid deletion of naive alloreactive CD8 T cells after mouse liver transplantation. *Liver Transplantation*, 19(11), 1224-1235. [More Information]

Cunningham, E., Tay, S., Wang, C., Rtshiladze, M., Wang, Z., McGuffog, C., Cubitt, J., McCaughan, G., Alexander, I., Bertolino, P., Sharland, A., Bowen, D., Bishop, A. (2013). Gene therapy for tolerance: high-level expression of donor major histocompatibility complex in the liver overcomes naive and memory alloresponses to skin grafts. *Transplantation*, 95(1), 70-77. [More Information]

McCaughan, G., Bowen, D., Bertolino, P. (2013). Operational tolerance in liver transplantation: Shall we predict or promote? *Liver Transplantation*, 19(9), 933-936. [More Information]

Chowdhury, S., Chen, Y., Yao, T., Ajami, K., Wang, X., Popov, Y., Schuppan, D., Bertolino, P., McCaughan, G., Yu, M., Gorrell, M. (2013). Regulation of dipeptidyl peptidase 8 and 9 expression in activated lymphocytes and injured liver. *World Journal of Gastroenterology*, 19(19), 2883-2893. [More Information]

2012

Holz, L., Benseler, V., Vo, M., McGuffog, C., Van Rooijen, N., McCaughan, G., Bowen, D., Bertolino, P. (2012). Naive CD8 T cell activation by liver bone marrow-derived cells leads to a "neglected" IL-2(low) Bim(high) phenotype, poor CTL function and cell death. *Journal of Hepatology*, 57(4), 830-836. [More Information]

Bishop, A., Bertolino, P., Bowen, D., McCaughan, G. (2012). Tolerance in liver transplantation. *Best Practice & Research: Clinical Gastroenterology*, 26(1), 73-84. [More Information]

Barbier, L., Tay, S., McGuffog, C., Triccas, J., McCaughan, G., Bowen, D., Bertolino, P. (2012). Two lymph nodes draining the mouse liver are the preferential site of DC migration and T cell activation. *Journal of Hepatology*, 57(2), 352-358. [More Information]

2011

Benseler, V., Warren, A., Vo, M., Holz, L., Tay, S., Le Couteur, D., Breen, E., Allison, A., Van Rooijen, N., McGuffog, C.,

Bowen, D., McCaughan, G., Bertolino, P., et al (2011). Hepatocyte entry leads to degradation of autoreactive CD8 T cells. *Proceedings of the National Academy of Sciences of the United States of America*, 108(40), 16735-16740. [More Information]

Benseler, V., Tay, S., Bowen, D., Bertolino, P. (2011). Role of the Hepatic Parenchyma in Liver Transplant Tolerance: a Paradigm Revisited. *Digestive Diseases*, 29(4), 391-401. [More Information]

Wang, C., Cordoba, S., Hu, M., Bertolino, P., Bowen, D., Sharland, A., Allen, R., Alexander, S., McCaughan, G., Bishop, A. (2011). Spontaneous acceptance of mouse kidney allografts is associated with increased Foxp3 expression and differences in the B and T cell compartments. *Transplant Immunology*, 24(3), 149-156. [More Information]

Warren, A., Benseler, V., Cogger, V., Bertolino, P., Le Couteur, D. (2011). The Impact of Poloxamer 407 on the Ultrastructure of the Liver and Evidence for Clearance by Extensive Endothelial and Kupffer Cell Endocytosis. *Toxicologic Pathology*, 39(2), 390-397. [More Information]

2010

Holz, L., Warren, A., Le Couteur, D., Bowen, D., Bertolino, P. (2010). CD8+ T cell tolerance following antigen recognition on hepatocytes. *Journal of Autoimmunity*, 34(1), 15-22. [More Information]

Viebahn, C., Benseler, V., Holz, L., Elsegood, C., Vo, M., Bertolino, P., Ganss, R., Yeoh, G. (2010). Invading macrophages play a major role in the liver progenitor cell response to chronic liver injury. *Journal of Hepatology*, 53(3), 500-507. [More Information]

Holz, L., Bowen, D., Bertolino, P. (2010). Mechanisms of T cell death in the liver: to Bim or not to Bim? *Digestive Diseases*, 28(1), 14-24. [More Information]

2009

McCaughan, G., Shackel, N., Bertolino, P., Bowen, D. (2009). Molecular and cellular aspects of hepatitis C virus reinfection after liver transplantation: how the early phase impacts on outcomes. *Transplantation*, 87(8), 1105-1111. [More Information]

Bowen, D., Zekry, A., Bertolino, P., Shackel, N., McCaughan, G. (2009). Pathology and pathogenesis of hepatitis C. In G. Dore, M. Temple-Smith, A. Lloyd (Eds.), *Hepatitis C: An Expanding Perspective*, (pp. 43-75). East Hawthorn, Victoria: IP Communications.

Dahlke, M., Hoogduijn, M., Eggenhofer, E., Popp, F., Renner, P., Slowik, P., Rosenauer, A., Piso, P., Bertolino, P., Schlitt, H., et al (2009). Toward MSC in Solid Organ Transplantation: 2008 Position Paper of the MISOT Study Group. *Transplantation*, 88, 614-619. [More Information]

2008

Allen, K., Mifsud, N., Williamson, R., Bertolino, P., Hardikar, W. (2008). Cell-mediated rejection results in allograft loss after liver cell transplantation. *Liver Transplantation*, 14(5), 688-694. [More Information]

Bertolino, P., McCaughan, G., Bowen, D. (2008). Immunological Parameters Influencing Adaptive Immune Responses to the Hepatitis C Virus. In Emilio Jirillo (Eds.), *Hepatitis C Virus Disease: Immunobiology and Clinical Applications*, (pp. 39-70). United States: Springer. [More Information]

Bertolino, P. (2008). Impaired function of dendritic cells translocating the liver sinusoids: a veto effect contributing to intrahepatic tolerance? *European Journal of Immunology*, 38(4), 938-941. [More Information]

Bertolino, P. (2008). Interleukin-22, interleukin-17, and other cytokines: a wall is coming down. *Hepatology*, 47(1), 345-348. [More Information]

Holz, L., Benseler, V., Bowen, D., Bouillet, P., Strasser, A., O'Reilly, L., D'Avigdor, W., Bishop, A., McCaughan, G., Bertolino, P. (2008). Intrahepatic Murine CD8 T-Cell Activation Associates With a Distinct Phenotype Leading to Bim-Dependent Death. *Gastroenterology*, 135(3), 989-997. [More Information]

Holz, L., McCaughan, G., Benseler, V., Bertolino, P., Bowen, D. (2008). Liver tolerance and the manipulation of immune outcomes. *Inflammation and Allergy: Drug Targets*, 7(1), 6-18. [More Information]

2007

Bertolino, P., Bowen, D., Benseler, V. (2007). T cells in the liver: there is life beyond the graveyard. *Hepatology*, 45(6), 1580-1582. [More Information]

Benseler, V., McCaughan, G., Schlitt, H., Bishop, A., Bowen, D., Bertolino, P. (2007). The liver: a special case in transplantation tolerance. *Seminars in Liver Disease*, 27(2), 194-213. [More Information]

Wu, H., Chen, G., Wyburn, K., Bertolino, P., Eris, J., Alexander, S., Sharland, A., Chadban, S. (2007). TLR4 activation mediates kidney ischemia/reperfusion injury. *Journal of Clinical Investigation*, 117(10), 2847-2859. [More Information]

Bertolino, P., Holz, L. (2007). Toll-like receptor-3 and the regulation of intrahepatic immunity: implications for interferon-alpha therapy. *Hepatology*, 45(1), 250-251. [More Information]

2006

Wang, C., Cordoba, S., Bertolino, P., Alexander, S., Wu, M., Allen, R., McCaughan, G., Bishop, A. (2006). Examination of the immune mechanism of spontaneous tolerance of renal allografts in a mouse model. *Immunology and Cell Biology*,

Benseler, V., Holz, L., Schlitt, H., Brinkmann, V., McCaughan, G., Bertolino, P. (2006). FTY720 treatment leads to sequestration but not accumulation of antigen-specific CD8+ T cells activated in lymph nodes.

Dahlke, M., Loi, R., Warren, A., Holz, L., Popp, F., Weiss, D., Piso, P., Bowen, D., McCaughan, G., Schlitt, H., Bertolino, P. (2006). Immune-mediated hepatitis drives low-level fusion between hepatocytes and adult bone marrow cells. *Journal of Hepatology*, 44(2), 334-341. [More Information]

Bertolino, P., McCaughan, G., Le Couteur, D., Warren, A., Fraser, R., Benseler, V. (2006). Marked changes of the hepatic sinusoid in a transgenic mouse model of acute immune-mediated hepatitis. *Journal of Hepatology*, 46, 239-246. [More Information]

Warren, A., Le Couteur, D., Fraser, R., Bowen, D., McCaughan, G., Bertolino, P. (2006). T lymphocytes interact with hepatocytes through fenestrations in murine liver sinusoidal endothelial cells. *Hepatology*, 44(5), 1182-1190. [More Information]

2005

Bertolino, P., Bowen, D., Zen, M., McCaughan, G. (2005). Autoimmune hepatitis in transgenic mouse models: what lessons can be learnt? In H. P. Dienes, U. Leuschner, A. W. Lohse, M. P. Manns (Eds.), *Autoimmune Liver Disease: Proceedings of the Falk Symposium No. 142*, (pp. 60-72). The Netherlands: Springer.

Bertolino, P., Schrage, A., Bowen, D., Klugewitz, K., Ghani, S., Eulenburg, K., Holz, L., Hogg, N., McCaughan, G., Hamann, A. (2005). Early intrahepatic antigen-specific retention of na⁺ve CD8+ T cells is predominantly ICAM-1/LFA-1 dependent in mice. *Hepatology*, 42(5), 1063-1071. [More Information]

Cordoba, S., Wang, C., Li, J., Bertolino, P., McCaughan, G., Bishop, A. (2005). Examination of immune mechanisms in a mouse model of spontaneous renal allograft acceptance. *Immunology and Cell Biology*, 83(4 Supplement), A20-A21.

Warren, A., Bertolino, P., Cogger, V., McLean, A., Fraser, R., Le Couteur, D. (2005). Hepatic pseudocapillarization in aged mice. *Experimental Gerontology*, 40(10), 807-812. [More Information]

Bowen, D., McCaughan, G., Bertolino, P. (2005). Intrahepatic immunity: a tale of two sites? *Trends in Immunology*, 26(10), 512-517. [More Information]

Sun, J., Tumurbaatar, B., Jia, J., Diao, H., Bodola, F., Lemon, S., Tang, W., Bowen, D., McCaughan, G., Bertolino, P., et al (2005). Parenchymal expression of CD86/B7.2 contributes to hepatitis C virus-related liver injury. *Journal of Virology*, 79(16), 10730-10739. [More Information]

Holz, L., Benseler, V., Gengos, M., Newtown, R., McCaughan, G., Bertolino, P. (2005). Phenotype of CD8+ T cells activated in the liver. *Tissue Antigens: immune response genetics*, 66(5), 444 (Abstract 279)-444.

Benseler, V., Warren, A., Holz, L., Gengos, M., Bowen, D., Le Couteur, D., Schlitt, H., McCaughan, G., Bertolino, P. (2005). The liver promotes antigen-specific retention and rapid clearance of naive CD8(+) T cells activated in situ. *Tissue Antigens: immune response genetics*, 66(5), 359-360.

2004

McCaughan, G., Bertolino, P., Bowen, D., Zen, M., Holz, L., Davis, T. (2004). The Site Of Primary T Cell Activation Is A Determinant Of The Balance Between Intrahepatic Tolerance And Immunity. *Journal of Clinical Investigation*, 114(5), 701-712. [More Information]

2002

Demangel, C., Bertolino, P., Britton, W. (2002). Autocrine IL-10 impairs dendritic cell (DC)-derived immune responses to mycobacterial infection by suppressing DC trafficking to draining lymph nodes and local IL-12 production. *European Journal of Immunology*, 32(4), 994-1002.

Bowen, D., Warren, A., Davis, T., Hoffmann, M., McCaughan, G., Fazekas de St Groth, B., Bertolino, P. (2002). Cytokine-dependent bystander hepatitis due to intrahepatic murine CD8+ T-cell activation by bone marrow-derived cells. *Gastroenterology*, 123(4), 1252-1264. [More Information]

Greenhalgh, C., Bertolino, P., Asa, S., Metcalf, D., Corbin, J., Adams, T., Davey, H., Nicola, N., Hilton, D., Alexander, W. (2002). Growth enhancement in suppressor of cytokine signaling 2 (SOCS-2)-deficient mice is dependent on signal transducer and activator of transcription 5b (STAT5b). *Molecular Endocrinology*, 16(6), 1394-1406. [More Information]

Bertolino, P., McCaughan, G., Bowen, D. (2002). Role of primary intrahepatic T-cell activation in the 'liver tolerance effect'. *Immunology and Cell Biology*, 80(1), 84-92. [More Information]

2001

Bertolino, P., Bowen, D., McCaughan, G., Fazekas de St Groth, B. (2001). Antigen-Specific Primary Activation of CD8(+) T Cells Within the Liver. *Journal of Immunology*, 166, 5430-5438.
