

Publications for Peter McIntyre

2018

Gunasekera, H., Miller, H., Burgess, L., Chando, S., Sheriff, S., Tsembis, J., Kong, K., Coates, H., Curotta, J., Falster, K., McIntyre, P., Craig, J., et al (2018). Agreement between diagnoses of otitis media by audiologists and otolaryngologists in Aboriginal Australian children. *Medical Journal of Australia*, 209(1), 29-35. [More Information]

Moore, H., Fathima, P., Gidding, H., de Klerk, N., Liu, B., Sheppard, V., Effler, P., Snelling, T., McIntyre, P., Blyth, C. (2018). Assessment of on-time vaccination coverage in population subgroups: A record linkage cohort study. *Vaccine*, 36(28), 4062-4069. [More Information]

Karki, S., Muscatello, D., Banks, E., MacIntyre, C., McIntyre, P., Liu, B. (2018). Association between body mass index and laboratory-confirmed influenza in middle aged and older adults: a prospective cohort study. *International Journal of Obesity*, 42(8), 1480-1488. [More Information]

Edirisuriya, C., Beard, F., Hendry, A., Dey, A., Gidding, H., Hueston, L., Dwyer, D., Wood, J., Macartney, K., McIntyre, P. (2018). Australian rubella serosurvey 2012-2013: On track for elimination? *Vaccine*, 36(20), 2794-2798. [More Information]

Sheel, M., Beard, F., Quinn, H., Dey, A., Kirk, M., Koehler, A., Markey, P., McIntyre, P., Macartney, K. (2018). Australian vaccine preventable disease epidemiological review series: varicella-zoster virus infections, 1998-2015. *Communicable diseases intelligence* (2018), 42, 1-27.

Gidding, H., Quinn, H., Hueston, L., Dwyer, D., McIntyre, P. (2018). Declining measles antibodies in the era of elimination: Australia's experience. *Vaccine*, 36(4), 507-513. [More Information]

Jayasinghe, S., Chiu, C., Quinn, H., Menzies, R., Gilmour, R., McIntyre, P. (2018). Effectiveness of 7- and 13-valent pneumococcal conjugate vaccines in a schedule without a booster dose: A 10-year observational study. *Clinical Infectious Diseases*, 67(3), 367-374. [More Information]

Gidding, H., McCallum, L., Fathima, P., Moore, H., Snelling, T., Blyth, C., Jayasinghe, S., Giele, C., de Klerk, N., Andrews, R., McIntyre, P. (2018). Effectiveness of a 3 + 0 pneumococcal conjugate vaccine schedule against invasive pneumococcal disease among a birth cohort of 1.4 million children in Australia. *Vaccine*, 36(19), 2650-2656. [More Information]

Dey, A., Tashani, M., Clark, K., Hendry, A., Beard, F., McIntyre, P. (2018). *Evaluation of the influenza immunisation program for Aboriginal and Torres Strait Islander children aged 6 months to <5 years*, (pp. 1 - 48). Sydney, Australia: National Centre for Immunisation Research and Surveillance.

McIntyre, P., Edwards, K. (2018). Genetically modified

pertussis toxin: a quantum leap? *The Lancet Infectious Diseases*, 18(11), 1169-1171. [More Information]

Wood, N., Nolan, T., Marshall, H., Richmond, P., Gibbs, E., Perrett, K., McIntyre, P. (2018). Immunogenicity and Safety of Monovalent Acellular Pertussis Vaccine at Birth: A Randomized Clinical Trial. *JAMA Pediatrics*, 172(11), 1045-1052. [More Information]

Whittaker, E., Goldblatt, D., McIntyre, P., Levy, O. (2018). Neonatal immunization: Rationale, current state, and future prospects. *Frontiers in Immunology*, 9, 1-10. [More Information]

Dyda, A., McIntyre, P., Karki, S., MacIntyre, C., Newall, A., Banks, E., Kaldor, J., Liu, B. (2018). Pertussis vaccination in a cohort of older Australian adults following a cocooning vaccination program. *Vaccine*, 36(29), 4157-4160. [More Information]

Chen, C., Beutels, P., Wood, J., Menzies, R., MacIntyre, C., McIntyre, P., Newall, A. (2018). Retrospective cost-effectiveness of the 23-valent pneumococcal polysaccharide vaccination program in Australia. *Vaccine*, 36(42), 6307-6313. [More Information]

Cheah, B., Davies, J., Singh, G., Wood, N., Jackson, K., Littlejohn, M., Davison, B., McIntyre, P., Locarnini, S., Davis, J., et al (2018). Sub-optimal protection against past hepatitis B virus infection where subtype mismatch exists between vaccine and circulating viral genotype in northern Australia. *Vaccine*, 36(24), 3533-3540. [More Information]

Chen, C., Wood, J., Beutels, P., Menzies, R., MacIntyre, C., Dirmesropian, S., Reyes, J., McIntyre, P., Newall, A. (2018). The role of timeliness in the cost-effectiveness of older adult vaccination: A case study of pneumococcal conjugate vaccine in Australia. *Vaccine*, 36(10), 1265-1271. [More Information]

Phillips, A., Beard, F., Macartney, K., Chan, J., Gilmour, R., Saravanos, G., McIntyre, P. (2018). Vaccine-preventable child deaths in New South Wales from 2005 to 2014: How much is preventable? *Journal of Paediatrics and Child Health*, 54(4), 356-364. [More Information]

2017

Reyes, J., Wood, J., Beutels, P., Macartney, K., McIntyre, P., Menzies, R., Mealing, N., Newall, A. (2017). Beyond expectations: Post-implementation data shows rotavirus vaccination is likely cost-saving in Australia. *Vaccine*, 35(2), 345-352. [More Information]

Dirmesropian, S., Wood, J., MacIntyre, C., Beutels, P., McIntyre, P., Menzies, R., Reyes, J., Chen, C., Newall, A. (2017). Cost-effectiveness of 13-valent pneumococcal conjugate vaccine (PCV13) in older Australians. *Vaccine*, 35(34), 4307-4314. [More Information]

Yin, K., Jayasinghe, S., Charles, P., King, C., Chiu, C., Menzies, R., McIntyre, P. (2017). Determining the contribution of *Streptococcus pneumoniae* to community-acquired pneumonia in Australia. *Medical Journal of Australia*, 207(9), 396-400. [More Information]

Archer, B., Chiu, C., Jayasinghe, S., Richmond, P., McVernon, J., Lahra, M., Andrews, R., McIntyre, P. (2017). Epidemiology of invasive meningococcal B disease in Australia, 1999-2015: Priority populations for vaccination. *Medical Journal of Australia*, 207(9), 382-387. [More Information]

Macartney, K., Gidding, H., Trinh, L., Wang, H., Dey, A., Hull, B., Orr, K., McRae, J., Richmond, P., Gold, M., McIntyre, P., Wood, N., et al (2017). Evaluation of Combination Measles-Mumps-Rubella-Varicella Vaccine Introduction in Australia. *JAMA Pediatrics*, 171(10), 992-998. [More Information]

Wiley, K., Regan, A., McIntyre, P. (2017). Immunisation and pregnancy - who, what, when and why? *Australian Prescriber*, 40(4), 122-124. [More Information]

Hull, B., Hendry, A., Dey, A., Beard, F., Brotherton, J., McIntyre, P. (2017). Immunisation coverage annual report, 2014. *Communicable Diseases Intelligence*, 41(1), E68-E90.

Trinh, L., Macartney, K., McIntyre, P., Chiu, C., Dey, A., Menzies, R. (2017). Investigating adverse events following immunisation with pneumococcal polysaccharide vaccine using electronic General Practice data. *Vaccine*, 35(11), 1524-1529. [More Information]

Jayasinghe, S., Menzies, R., Chiu, C., Toms, C., Blyth, C., Krause, V., McIntyre, P. (2017). Long-term Impact of a "3 + 0" Schedule for 7- and 13-Valent Pneumococcal Conjugate Vaccines on Invasive Pneumococcal Disease in Australia, 2002-2014. *Clinical Infectious Diseases*, 64(2), 175-183. [More Information]

Beard, F., Leask, J., McIntyre, P. (2017). No jab, no pay and vaccine refusal in Australia: The jury is out. *Medical Journal of Australia*, 207(9), 407-407.e1. [More Information]

Beard, F., Leask, J., McIntyre, P. (2017). No jab, no pay and vaccine refusal in australia: The jury is out. *Medical Journal of Australia*, 206(9), 381-383. [More Information]

Pillsbury, A., Quinn, H., Evans, T., McIntyre, P., Brotherton, J. (2017). Population-level herd protection of males from a female human papillomavirus vaccination program: Evidence from australian serosurveillance. *Clinical Infectious Diseases*, 65(5), 827-832. [More

Information]

Sheel, M., Beard, F., Dey, A., Macartney, K., McIntyre, P. (2017). Rates of hospitalisation for herpes zoster may warrant vaccinating indigenous Australians under 70. *Medical Journal of Australia*, 207(9), 395-396. [More Information]

2016

Sobanjo-ter Meulen, A., Duclos, P., McIntyre, P., Lewis, K., Van Damme, P., O'Brien, K., Klugman, K. (2016). Assessing the Evidence for Maternal Pertussis Immunization: A Report From the Bill & Melinda Gates Foundation Symposium on Pertussis Infant Disease Burden in Low- and Lower-Middle-Income Countries. *Clinical Infectious Diseases*, 63(suppl 4), S123-S133. [More Information]

Li-Kim-Moy, J., Yin, K., Patel, C., Beard, F., Chiu, C., Macartney, K., McIntyre, P. (2016). Australian vaccine preventable disease epidemiological review series: Influenza 2006 to 2015. *Communicable Diseases Intelligence Quarterly Report*, 40(4), E482-E495.

Safarchi, A., Octavia, S., Luu, L., Tay, C., Sintchenko, V., Wood, N., Marshall, H., McIntyre, P., Lan, R. (2016). Better colonisation of newly emerged *Bordetella pertussis* in the co-infection mouse model study. *Vaccine*, 34(34), 3967-3971. [More Information]

Hale, S., Quinn, H., Kesson, A., Wood, N., McIntyre, P. (2016). Changing Patterns of Pertussis in a Children's Hospital in the Polymerase Chain Reaction Diagnostic Era. *The Journal of Pediatrics*, 170, 161-165.e1. [More Information]

Karki, S., Dyda, A., Newall, A., Heywood, A., Macintyre, C., McIntyre, P., Banks, E., Liu, B. (2016). Comparison of influenza vaccination coverage between immigrant and Australian-born adults. *Vaccine*, 34(50), 6388-6395. [More Information]

Safarchi, A., Octavia, S., Wu, S., Kaur, S., Sintchenko, V., Gilbert, G., Wood, N., McIntyre, P., Marshall, H., Keil, A., et al (2016). Genomic dissection of Australian *Bordetella pertussis* isolates from the 2008-2012 epidemic. *Journal of Infection*, 72(4), 468-477. [More Information]

Chow, M., Khandaker, G., McIntyre, P. (2016). Global Childhood Deaths From Pertussis: A Historical Review. *Clinical Infectious Diseases*, 63(suppl 4), S134-S141. [More Information]

Karki, S., Newall, A., MacIntyre, C., Heywood, A., McIntyre, P., Banks, E., Liu, B. (2016). Healthcare resource utilisation associated with herpes zoster in a prospective cohort of older Australian adults. *PloS One*, 11(8), 1-13. [More Information]

Hull, B., Dey, A., Beard, F., Menzies, R., Brotherton, J., McIntyre, P. (2016). Immunisation coverage annual report, 2013. *Communicable Diseases Intelligence*, 40(1), e146-e169.

Campbell, P., McVernon, J., McIntyre, P., Geard, N. (2016). Influence of Population Demography and Immunization History on the Impact of an Antenatal Pertussis Program. *Clinical*

Infectious Diseases, 63(suppl 4), S213-S220. [More Information]

McIntyre, P., Forrest, J. (2016). Margaret Anne Burgess. *Medical Journal of Australia*, 204(10), 389-391. [More Information]

Lawrence, G., Wang, H., Lahra, M., Booy, R., McIntyre, P. (2016). Meningococcal disease epidemiology in Australia 10 years after implementation of a national conjugate meningococcal C immunization programme. *Epidemiology and Infection*, 144(11), 2382-2391. [More Information]

Snelling, T., McIntyre, P. (2016). Modeling the Effects of Priming With the Whole-Cell Bordetella Pertussis Vaccine. *JAMA Pediatrics*, 170(12), 1228-1229. [More Information]

Newall, A., Reyes, J., McIntyre, P., Menzies, R., Beutels, P., Wood, J. (2016). Retrospective economic evaluation of childhood 7-valent pneumococcal conjugate vaccination in Australia: Uncertain herd impact on pneumonia critical. *Vaccine*, 34(3), 320-327. [More Information]

Dey, A., Knox, S., Wang, H., Beard, F., McIntyre, P. (2016). Summary of National Surveillance Data on Vaccine Preventable Diseases in Australia, 2008-2011. *Communicable Diseases Intelligence*, 40(Suppl), S1-S70.

Pillsbury, A., Chiew, M., Bag, S., Hope, K., Norton, S., Conaty, S., Sheppard, V., McIntyre, P. (2016). The changing epidemiology of measles in an era of elimination: lessons from health-care-setting transmissions of measles during an outbreak in New South Wales, Australia, 2012. *Western Pacific Surveillance and Response*, 7(3), 1-10. [More Information]

Clarke, M., McIntyre, P., Blyth, C., Wood, N., Octavia, S., Sintchenko, V., Giles, L., Quinn, H., Hill, V., Hanly, G., et al (2016). The relationship between Bordetella pertussis genotype and clinical severity in Australian children with pertussis. *Journal of Infection*, 72(2), 171-178. [More Information]

Holt, P., Snelling, T., White, O., Sly, P., de Klerk, N., Carapetis, J., van den Biggelaar, A., Wood, N., McIntyre, P., Gold, M. (2016). Transiently increased IgE responses in infants and pre-schoolers receiving only acellular Diphtheria-Pertussis-Tetanus (DTaP) vaccines compared to those initially receiving at least one dose of cellular vaccine (DTwP) - Immunological curiosity or canary in the mine? *Vaccine*, 34(35), 4257-4262. [More Information]

Beard, F., Hull, B., Leask, J., Dey, A., McIntyre, P. (2016). Trends and patterns in vaccination objection, Australia, 2002-2013. *Medical Journal of Australia*, 204(7), 275.e1-275.e6. [More Information]

Smith, M., Liu, B., McIntyre, P., Menzies, R., Dey, A., Canfell, K. (2016). Trends in genital warts by socioeconomic status after the introduction of the national HPV vaccination program in Australia: Analysis of national hospital data. *BMC Infectious Diseases*, 16(1), 1-11. [More

Information]

2015

Chiew, M., Dey, A., Martin, N., Wang, H., Davis, S., McIntyre, P. (2015). Australian vaccine preventable disease epidemiological review series: measles 2000-2011. *Communicable Diseases Intelligence Quarterly Report*, 39(1), e1-e9.

Gao, Z., Wood, J., Gidding, H., Newall, A., Menzies, R., Wang, H., McIntyre, P., MacIntyre, C. (2015). Control of varicella in the post-vaccination era in Australia: a model-based assessment of catch-up and infant vaccination strategies for the future. *Epidemiology and Infection*, 143(7), 1467-1476. [More Information]

Brouwer, M., McIntyre, P., Prasad, K., van der Beek, D. (2015). Corticosteroids for acute bacterial meningitis. *Cochrane Database of Systematic Reviews*, 9, 1-108. [More Information]

Campbell, P., McCaw, J., McIntyre, P., McVernon, J. (2015). Defining long-term drivers of pertussis resurgence, and optimal vaccine control strategies. *Vaccine*, 33(43), 5794-5800. [More Information]

Wood, J., Goeyvaerts, N., MacIntyre, C., Menzies, R., McIntyre, P., Hens, N. (2015). Estimating vaccine coverage from serial trivariate serologic data in the presence of waning immunity. *Epidemiology*, 26(3), 381-389. [More Information]

Jayasinghe, S., Chiu, C., Menzies, R., Lehmann, D., Cook, H., Giele, C., Krause, V., McIntyre, P. (2015). Evaluation of impact of 23 valent pneumococcal polysaccharide vaccine following 7 valent pneumococcal conjugate vaccine in Australian Indigenous children. *Vaccine*, 33(48), 6666-6674. [More Information]

Dyda, A., MacIntyre, C., McIntyre, P., Newall, A., Banks, E., Kaldor, J., Liu, B. (2015). Factors associated with influenza vaccination in middle and older aged Australian adults according to eligibility for the national vaccination program. *Vaccine*, 33(29), 3299-3305. [More Information]

Smith, M., Liu, B., McIntyre, P., Menzies, R., Dey, A., Canfell, K. (2015). Fall in Genital Warts Diagnoses in the General and Indigenous Australian Population Following Implementation of a National Human Papillomavirus Vaccination Program: Analysis of Routinely Collected National Hospital Data. *The Journal of Infectious Diseases*, 211(1), 91-99. [More Information]

Macartney, K., Gidding, H., Trinh, L., Wang, H., McRae, J., Crawford, N., Gold, M., Kynaston, J., Blyth, C., Zuryski, Y., Elliott, E., Booy, R., McIntyre, P., Wood, N., et al (2015). Febrile seizures following measles and varicella vaccines in young children in Australia. *Vaccine*, 33(11), 1412-1417. [More Information]

Brotherton, J., Condon, J., McIntyre, P., Tabrizi, S., Malloy, M., Garland, S. (2015). Human papillomavirus prevalence to age 60 years among Australian women prevaccination. *Sexual Health*, 12(4), 353-359. [More

Information]

Dodd, C., Romio, S., Black, S., Vellozzi, C., Andrews, N., Sturkenboom, M., Zuber, P., Hua, W., Bonhoeffer, J., Buttery, J., et al (2015). International collaboration to assess the risk of Guillain Barré Syndrome following Influenza A (H1N1) 2009 monovalent vaccines. *Vaccine*, 31(40), 4448-4458. [More Information]

Lowbridge, C., McIntyre, P., Gilmour, R., Chiu, C., Seale, H., Ferson, M., Gilbert, G. (2015). Long term population impact of seven-valent pneumococcal conjugate vaccine with a "3+0" schedule-How do "2+1" and "3+1" schedules compare? *Vaccine*, 33(28), 3234-3241. [More Information]

Menzies, R., Bremner, K., Wang, H., Beard, F., McIntyre, P. (2015). Long-Term Trends in Invasive Haemophilus influenzae Type b Disease among Indigenous Australian Children Following use of PRP-OMP and PRP-T Vaccines. *Pediatric Infectious Disease Journal*, 34(6), 621-626. [More Information]

Dyda, A., MacIntyre, C., Banks, E., Kaldor, J., Newall, A., McIntyre, P., Liu, B. (2015). Medicare Benefits Schedule data to monitor influenza immunisation in Australian adults. *Public Health Research and Practice*, 25(4), 1-6. [More Information]

Safarchi, A., Octavia, S., Luu, L., Tay, C., Sintchenko, V., Wood, N., Marshall, H., McIntyre, P., Lan, R. (2015). Pertactin negative Bordetella pertussis demonstrates higher fitness under vaccine selection pressure in a mixed infection model. *Vaccine*, 33(46), 6277-6281. [More Information]

Leach, A., Mulholland, E., Santosham, M., Torzillo, P., Brown, N., McIntyre, P., Smith-Vaughan, H., Skull, S., Balloch, A., Andrews, R., et al (2015). Pneumococcal conjugate vaccines PREVenar13 and SynflorIX in sequence or alone in high-risk indigenous infants (PREV-IX-COMBO): Protocol of a randomised controlled trial. *BMJ Open*, 5(1), 1-10. [More Information]

Menzies, R., Jardine, A., McIntyre, P. (2015). Pneumonia in Elderly Australians: Reduction in Presumptive Pneumococcal Hospitalizations but No Change in All-Cause Pneumonia Hospitalizations Following 7-Valent Pneumococcal Conjugate Vaccination. *Clinical Infectious Diseases*, 61(6), 927-933. [More Information]

Woods, J., Heywood, A., Menzies, R., McIntyre, P., MacIntyre, C. (2015). Predicting localised measles outbreak potential in Australia. *Vaccine*, 33(9), 1176-1181. [More Information]

Marshall, H., Clarke, M., Rasiah, K., Richmond, P., Buttery, J., Reynolds, G., Andrews, R., Nissen, M., Wood, N., McIntyre, P. (2015). Predictors of disease severity in children hospitalized for pertussis during an epidemic. *Pediatric Infectious Disease Journal*, 34(4), 339-345. [More Information]

Karki, S., Gidding, H., Newall, A., McIntyre, P., Liu, B. (2015). Risk factors and burden of acute Q fever in older adults in New South Wales: a prospective cohort study. *Medical Journal of*

Australia, 203(11), 438.e1-438.e6. [More Information]

Liu, B., Heywood, A., Reekie, J., Banks, E., Kaldor, J., McIntyre, P., Newall, A., MacIntyre, C. (2015). Risk factors for herpes zoster in a large cohort of unvaccinated older adults: A prospective cohort study. *Epidemiology and Infection*, 143(13), 2871-2881. [More Information]

Karki, S., McIntyre, P., Newall, A., MacIntyre, C., Banks, E., Liu, B. (2015). Risk factors for pertussis hospitalizations in Australians aged 45 years and over: A population based nested case-control study. *Vaccine*, 33(42), 5647-5653. [More Information]

Gibson, A., Jorm, L., McIntyre, P. (2015). Using linked birth, notification, hospital and mortality data to examine false-positive meningococcal disease reporting and adjust disease incidence estimates for children in New South Wales, Australia. *Epidemiology and Infection*, 143(12), 2570-2579. [More Information]

2014

MacIntyre, C., Ridda, I., Gao, Z., Moa, A., McIntyre, P., Sullivan, J., Jones, T., Hayen, A., Lindley, R. (2014). A randomized clinical trial of the immunogenicity of 7-valent pneumococcal conjugate vaccine compared to 23-valent polysaccharide vaccine in frail, hospitalized elderly. *PLoS One*, 9(4), 1-14. [More Information]

Wood, N., Marshall, H., White, O., Holt, P., McIntyre, P. (2014). Antibody and cell-mediated immunity to pertussis 4 years after monovalent acellular pertussis vaccine at birth. *Pediatric Infectious Disease Journal*, 33(5), 511-517. [More Information]

Snelling, T., McIntyre, P. (2014). Assessing the effect of meningitis prevention and treatment. *The Lancet Infectious Diseases*, 14(9), 780-781. [More Information]

Pillsbury, A., Quinn, H., McIntyre, P. (2014). Australian vaccine preventable disease epidemiological review series: pertussis, 2006-2012. *Communicable Diseases Intelligence Quarterly Report*, 38(3), E179-194.

Khandaker, G., Zurynski, Y., Ridley, G., Buttery, J., Marshall, H., Richmond, P., Royle, J., Gold, M., Walls, T., Whitehead, B., McIntyre, P., Booy, R., Elliott, E., et al (2014). Clinical epidemiology and predictors of outcome in children hospitalised with influenza A(H1N1)pdm09 in 2009: A prospective national study. *Influenza and Other Respiratory Viruses*, 8(6), 636-645. [More Information]

Quinn, H., Snelling, T., Macartney, K., McIntyre, P. (2014). Duration of protection after first dose of acellular pertussis vaccine in infants. *Pediatrics*, 133(3), e513-e519. [More Information]

Newall, A., Reyes, J., Wood, J., McIntyre, P., Menzies, R., Beutels, P. (2014). Economic evaluations of implemented vaccination programmes: key methodological challenges in

retrospective analyses. *Vaccine*, 32(7), 759-765. [More Information]

McCallum, L., Liu, B., McIntyre, P., Jorm, L. (2014). Estimating the burden of pertussis in young children on hospitals and emergency departments: a study using linked routinely collected data. *Epidemiology and Infection*, 142(4), 695-705. [More Information]

Chiew, M., Gidding, H., Dey, A., Wood, J., Martin, N., Davis, S., McIntyre, P. (2014). Estimating the measles effective reproduction number in Australia from routine notification data. *Bulletin of the World Health Organization*, 92(3), 171-177. [More Information]

Dey, A., Gidding, H., Menzies, R., McIntyre, P. (2014). General practice encounters following seasonal influenza vaccination as a proxy measure of early-onset adverse events. *Vaccine*, 32(19), 2204-2208. [More Information]

Tabrizi, S., Brotherton, J., Stevens, M., Condon, J., McIntyre, P., Smith, D., Garland, S. (2014). HPV genotype prevalence in Australian women undergoing routine cervical screening by cytology status prior to implementation of an HPV vaccination program. *Journal Of Clinical Virology*, 60(3), 250-256. [More Information]

Hull, B., Dey, A., Menzies, R., Brotherton, J., McIntyre, P. (2014). Immunisation coverage, 2012. *Communicable Diseases Intelligence*, 38(3), E208-E231.

Menzies, R., Krause, V., McIntyre, P. (2014). Impact of pneumococcal polysaccharide vaccine in people aged 65 years or older: In Reply. *Medical Journal of Australia*, 201(4), 200.

Quinn, H., Wood, N., Cannings, K., Dey, A., Wang, H., Menzies, R., Moberley, S., Reid, S., McIntyre, P., Macartney, K. (2014). Intussusception after monovalent human rotavirus vaccine in Australia: Severity and comparison of using healthcare database records versus case confirmation to assess risk. *Pediatric Infectious Disease Journal*, 33(9), 959-965. [More Information]

Quinn, H., Snelling, T., Habig, A., Chiu, C., Spokes, P., McIntyre, P. (2014). Parental Tdap Boosters and Infant Pertussis: A Case-Control Study. *Pediatrics*, 134(4), 713-720. [More Information]

McIntyre, P., Nolan, T. (2014). Pertussis control: where to now? Improving protection against pertussis requires sorting the facts from the artefacts. *Medical Journal of Australia*, 200(6), 306-307. [More Information]

McIntyre, P., Clark, T. (2014). Pertussis vaccine in pregnancy-first dose for every infant. *The Lancet*, 384(9953), 1484-1486. [More Information]

Lam, C., Octavia, S., Ricafort, L., Sintchenko, V., Gilbert, G., Wood, N., McIntyre, P., Marshall, H., Guiso, N., Keil, A., et al (2014). Rapid Increase in Pertactin-deficient Bordetella pertussis Isolates, Australia. *Emerging Infectious Diseases*, 20(4), 626-633. [More Information]

Macartney, K., Heywood, A., McIntyre, P. (2014). Vaccines for post-exposure prophylaxis against varicella (chickenpox) in children and adults. *Cochrane Database of Systematic Reviews*, 6, 1-45. [More Information]

Heywood, A., Wang, H., Macartney, K., McIntyre, P. (2014). Varicella and herpes zoster hospitalizations before and after implementation of one-dose varicella vaccination in Australia: an ecological study. *Bulletin of the World Health Organization*, 92(8), 593-604. [More Information]

2013
